### **Management Accounting, 4th Edition**

Leslie G. Eldenburg, Albie Brooks, Judy Oliver, Gillian Vesty, Rodney Dormer, Vijaya Murthy, Nick Pawsey, 2020-01-21 Eldenburg's fourth edition of Management Accounting combines the basic technical issues associated with cost management, management accounting and control with more recent and emerging themes and issues. Management Accounting is a compulsory element of the accounting major and this text is written to cover the content typically taught in the two management accounting units offered in most accounting programs. The Management Accounting interactive e-text features a range of instructional media content designed to provide students with an engaging learning experience. This includes case videos, interactive problems and questions with immediate feedback. Eldenburg's unique resource can also form the basis of a blended learning solution for lecturers.

### **Managerial Accounting for Business Decisions**

Ray Proctor, 2009 Focussing squarely on the needs of today's business and non-specialist accounting students, the aim of this book is to set management accounting into a contemporary real-world context, helping students to apply the theories they learn to management situations and to use clear thinking to obtain the best financial outcome. Proctor will assist the reader in the core areas of understanding the principles of management accounting, mastering the numerical aspects of the subject, interpreting the results and understanding the contribution management accounting can make to the management process. Frequently praised for the quality and clarity of writing, this book combines appropriate depth of coverage with a manageable size and a clear and uncluttered layout. It takes an explicitly managerial and practitioner perspective throughout and features really strong application to the real business world.
