Damages Pilot Script:

Bound by Love Laura Mattoon D'Amore,2011-05-25 What does it mean to be bound by love Sometimes the bonds of love supply bliss and sometimes they demand sacrifice Sometimes experiencing love saves people and sometimes it kills them Being bound by love often engenders moral responsibility in other cases it enslaves and imprisons the soul American mythologies especially those presented in film and television perpetuate love as the central narrative of one's life the search for a connection forged by love permeates every facet of human existence from our desire to be accepted or our longing to be needed to our fury at being rejected Sometimes love is the stuff of happiness fulfilling in every regard But there are also times when love makes us do things we should not do sometimes it turns us into people we do not want to become The commonality between love that satisfies and love that destroys is the bond between people who open themselves to the vulnerability of love Examination of the theme of familial bonds in film and television explores how the process of forming and maintaining those bonds complicates revises and reproduces ideas about love The chapters in this book explore how the nature of bonds and familial responsibility inform a popular cultural dialogue about the changing nature of the American family over the past sixty years

Mediated Maternity Linda Seidel,2013-05-09 Mediated Maternity Contemporary American Portrayals of Bad Mothers in Literature and Popular Culture by Linda Seidel explores the cultural construction of the bad mother in books movies and TV shows arguing that these portrayals typically have the effect of cementing dominant assumptions about motherhood in place or less often of disrupting those assumptions causing us to ask whether motherhood could be constructed differently Portrayals of bad mothers not only help to establish what the good mother is by depicting her opposite but also serve to illustrate what the culture fears about women in general and mothers in particular From the ancient horror of female power symbolized by Medea or more recently by Casey Anthony to the current worry that drug addicted pregnant women are harming their fetuses we see a social desire to monitor the reproductive capabilities of women resulting in more formal and informal surveillance than in material or even moral support
