Handbook of Christian Prophetism in Africa, 2025-08-14 More than half a century has passed since the first monographs on African Christian prophetism were published. The prophetic element was only the most dramatic and prominent part of developments that sought to bring the biblical material alive in ways that had not been experienced in the ecclesiology of Western mission Christianity. The ministries of African charismatic figures of the early 20th century were oriented towards the biblical phenomenon of the prophetic and the related issue of divine or faith healing, sometimes even to the neglect of the use of bio-medical resources. The developments have been interrogated in religious studies, theology, and the sociology and psychology of religion, showing how important these churches have been in the African public sphere.

Studies in Isaiah Tommy Wasserman, Greger Andersson, David Willgren, 2017-02-23 The Book of Isaiah is considered one of the greatest prophetic works in the Hebrew Bible/Old Testament. The complex history of the book's composition over several time periods can often perplex and enthrall. The editors of this volume encourage readers to engage deeply with the text in order to get a grasp of the traces and signs within it that can be seen to point to the book's process of composition and ongoing reinterpretation over time. The contributions discuss suggested segments of composition and levels of interpretation both within the book of Isaiah and its history of reception. The book is divided into two sections: in the first part, certain motifs that

have come to Isaiah from a distant past are traced through to their origins Arguments for a suggested Josianic edition are carefully evaluated and the relationship between the second part of Isaiah and the Book of Psalms is discussed as are the motifs of election and the themes of Zion theology and the temple The second part of the book focuses on the history of reception and looks at Paul s use of the book of Isaiah and how the book is used and perhaps misused in a contemporary setting in the growing churches in Africa With a range of international specialists including Hugh Williamson Tommy Wasserman and Knut Holter this is an excellent resource for scholars seeking to understand Isaiah in a greater depth

Intensity in Prayer Dr. D. K. Olukoya,2013-12-16 Generally speaking prayer means addressing or speaking to God in order to give thanks ask for help express your feelings etc However there are levels of prayer These levels of prayer determine the result you get at the end of the day But it is certain that it is the effectual fervent prayer of the righteous that avails much Many people fail at the altar of prayer due to ignorance about the mysteries of prayer This book will teach you these mysteries and equip you to get to that level where you prevail always in prayer

The Oxford Handbook of Isaiah Lena-Sofia Tiemeyer,2020 The book of Isaiah is without doubt one of the most important books in the Hebrew Bible Old Testament as evidenced by its pride of place in both Jewish and Christian traditions as well as in art and music Most people scholars and laity alike are familiar with the words of Isaiah accompanied by the magnificent tones of Handel s Messiah Isaiah is also one of the most complex books due to its variety and plurality and it has accordingly been the focus of scholarly debate for the last 2000 years Divided into eight sections The Oxford Handbook of Isaiah constitutes a collection of essays on one of the longest books in the Bible They cover different aspects regarding the formation interpretations and reception of the book of Isaiah and also offer up to date information in an attractive and easily accessible format The result does not represent a unified standpoint rather the individual contributions mirror the wide and varied spectrum of scholarly engagement with the book The authors of the essays likewise represent a broad range of scholarly traditions from diverse continents and religious affiliations accompanied by comprehensive recommendations for further reading

Waiting to Conceive Yinka Ayeni,2014-11-05 Pregnancy and conception are a program written by God the baby is born and knows when to suck in air even though he or she has been surviving via the mothers placenta for the months he has spent in the womb No one teaches him how to start breathing it comes naturally He keeps growing and knows when to roll over when to sit crawl stand walk and run Its incredible to watch and awe inspiring Its the same for pregnancy It is a process specially manufactured by God to replenish mankind through the generations It is a sacred program in Gods laboratory the masterpiece of Gods creation It is not meant to bring heartbreak sorrow or pain If it does it is malfunctioning and there is a reason why Waiting to Conceive walks you through the answers to a great question Why

New Every Morning: The Day Battle Plan Zion Willingham,2021-01-20 The Bible exhorts us to dwell in the secret place of the most high We can then dwell under the shadow of the almighty It is only at that point that we need not fear the arrows that fly by day Have you been the

recipient of too many day arrows Join Zion Willingham in this second installment of the Battle Plan series as she explores ways to enjoy the mercy of God that is new every morning **Night Battle Pan** Zion Willingham, Praying at night can be the difference between dumbfounding success or crushing defeat in the day Night battles have turned many nights into a source of dread for countless sufferers You can take on the Night Battle and win victories for yourself and others *The Split God* Nimi Wariboko, 2018-02-15 Although Pentecostalism is generally considered a conservative movement in *The Split God* Nimi Wariboko shows that its operative everyday notion of God is a radical one that poses under cover of loyalty a challenge to orthodox Christianity He argues that the image of God that arises out of the everyday practices of Pentecostalism is a split God a deity harboring a radical split that not only destabilizes and prevents God himself from achieving ontological completeness but also conditions and shapes the practices and identities of Pentecostal believers Drawing from the work of Slavoj i ek Jacques Lacan Jean Luc Nancy and Giorgio Agamben among others Wariboko presents a close reading of everyday Pentecostal practices and in doing so uncovers and presents a sophisticated conversation between radical continental philosophy and everyday forms of spirituality By de particularizing Pentecostal studies and Pentecostalism Wariboko broadens our understanding of the intellectual aspects of the global Pentecostal and Charismatic movements
