Magic as Metaphor in Anime Dani Cavallaro,2010-03-08 Since its inception as an art form anime has engaged with themes symbols and narrative strategies drawn from the realm of magic In recent years the medium has increasingly turned to magic specifically as a metaphor for a wide range of cultural philosophical and psychological concerns This book first examines a range of Eastern and Western approaches to magic in anime addressing magical thinking as an overarching concept which unites numerous titles despite their generic and tonal diversity It then explores the collusion of anime and magic with reference to specific topics A close study of cardinal titles is complemented by allusions to ancillary productions in order to situate the medium s fascination with magic within an appropriately broad historical context

Local Educational Order Stephen K. Hester,David Francis,2000-07-15 The studies in this book take an ethnomethodological approach to educational phenomena Ethnomethodology s concern is with the locally accomplished and situated character of social order With reference to educational phenomena this means that ethnomethodology investigates how the natural facts of educational life such as daily activities in school classrooms are produced as such in the first place rather than taking for granted the recognisability of these facts and then theorising their explanation In this sense ethnomethodological studies contrast markedly with other approaches to the study of education Each of the chapters in the book consists of a new and original study Collectively they exhibit the continuing vitality of this tradition and demonstrate ethnomethodology s special commitment to the analysis of educational phenomena as locally ordered and accomplished
