

# WHAT IS SOLUTION FOCUSED THERAPY?

Solution-Focused Therapy is an evidence-based form of psychotherapy or counseling focusing on solutions, which is derived from the therapist having a solution-focused mindset. This model is also known as Solution-Focused Practice. Solution-Focused Practice is not only effective for therapists in a therapy setting, but it's also effective in a plethora of other settings as well, including school counseling, education, business, child welfare, health and medicine, and more.

**Mastering Family Therapy** Salvador Minuchin, Wai-Yung Lee, George M. Simon, 2007-06-15 A master class in family therapy now updated with an additional ten years case experience Few people have had as profound an impact on the theory and practice of family therapy as Salvador Minuchin As one commentator put it Memories of his classic sessions have become the standard against which therapists judge their own best work This new edition of the classic Mastering Family Therapy offers beginners and experienced practitioners alike the opportunity to learn the art and science of family therapy under this pioneering clinician and teacher In elegant clinical interplays Minuchin his colleagues Wai Yung Lee and George Simon and eight advanced students provide answers to such critical questions as What does it take to master the art of family therapy How do I create an effective personal style How can I become an instrument for growth for troubled families This updated Second Edition features An overview and critique of new models of treatment in the field especially evidence based models of family treatment New case material highlighting the impact of societal context on families Minuchin s conceptualization of a four step process of family assessment including how history can impact current family functioning A new and thoroughly revised version of the classic text Mastering Family Therapy Second Edition is essential reading for all those who practice study or teach family therapy

Becoming Miracle Workers Gale Miller, 2017-11-30 Brief therapy is a postmodern treatment mode that treats problems as social constructions encouraging those seeking treatment to replace personal troubles negative stories with new problem solving skills positive stories The significant differences discussed in this book do not involve sociologists and brief therapists The differences are

between brief therapists on the one hand and practitioners of psychotherapy and family therapy on the other One indicator of these is brief therapists describing the people who seek their services as clients The terminology may be contrasted with the language of patients used by many other therapists At the very least this difference suggests how brief therapy departs from therapy approaches that are based on the medical model *Becoming Miracle Workers* takes the reader inside Northland Clinic one of the most innovative and important centers of brief therapy in the world Based on twelve years of research Miller's book discusses how brief therapy has evolved into its present postmodern form He describes the details of brief therapist client interactions and the behind the scenes discussions among brief therapists about their clients problems This readable account of the workings of brief therapy invites readers to sit in on brief therapy sessions provides them with new understandings of personal troubles as social constructions and shows how brief therapists help their clients develop new untroubled life stories

**Social Work Practice with Families** Mary Patricia Van Hook, 2019 *Social Work Practice with Families* is an evidence and strength based guide to assessing families identifying appropriate treatment models and conducting family treatment Extensive case examples illustrate treatment approaches with families representing diverse backgrounds and life challenges
