Making Movies By Sidney Lumet For Free:

Making Movies Sidney Lumet, 2010-09-01 ONE OF THE HOLLYWOOD REPORTER S 100 GREATEST FILM BOOKS OF ALL TIME Invaluable I am sometimes asked if there is one book a filmgoer could read to learn more about how movies are made and what to look for while watching them This is the book Roger Ebert The New York Times Book Review Why does a director choose a particular script What must they do in order to keep actors fresh and truthful through take after take of a single scene How do you stage a shootout involving more than one hundred extras and three colliding taxis in the heart of New York s diamond district What does it take to keep the studio honchos happy From the first rehearsal to the final screening *Making Movies* is a master s take delivered with clarity candor and a wealth of anecdote For in this book Sidney Lumet one of our most consistently acclaimed directors gives us both a professional memoir and a definitive guide to the art craft and business of the motion picture Drawing on forty years of experience on movies that range from *Long Day s Journey into Night* to *Network* and *The Verdict* and with such stars as Katharine Hepburn Paul Newman Marlon Brando and Al Pacino Lumet explains how painstaking labor and inspired split second decisions can result in two hours of screen magic **Life: The Movie** Neal Gabler, 2011-04-27 The story of how our bottomless appetite for novelty gossip and melodrama has turned everything news politics religion high culture into one vast public entertainment Neal Gabler calls them lifies those blockbusters written in the medium of life that dominate the media and the national conversation for weeks months even years the death of Princess Diana the trial of O J Simpson Kenneth Starr vs William Jefferson Clinton Real Life as Entertainment is hardly a new phenomenon but the movies and now the new information technologies have so accelerated it that it is now the reigning popular art form How this came to pass and just what it means for our culture and our personal lives is the subject of this witty concerned and sometimes eye opening book A thoughtful in places chilling account of the way entertainment values have hollowed out American life The New York Times Book Review **Hollywoods moderner "Film noir"** Michael Sellmann, 2001 **Queer Cinema in America** Aubrey Malone, 2019-11-11 Explore queer cinema over time with this comprehensive encyclopedia helping readers understand films directors actors themes and other topics related to LGBTQ cinema history Just as American society has changed dramatically from decade to decade so has queer cinema Taking us from a time when LGBTQ characters were often represented as either caricatures or figures of farce this lively yet authoritative reference explores the sea change ushered in by such stars as Greta Garbo and Marlene Dietrich in the 1930s and 40s androgynous figures such as Montgomery Clift James Dean and Marlon Brando in the 50s and closeted gay men such as Rock Hudson and Liberace whose double lives were exposed by the scourge of AIDS Included are alphabetically arranged entries on stars directors films themes and other topics related to queer cinema in America including films and persons from outside the U S who nonetheless figured prominently in America popular culture Entries cite works for further reading sidebars provide snippets of interesting trivia a timeline highlights key events and a selected general end of work

bibliography cites the most important major works on the topic *Success in the Cinema MoneyMaking Movies* John Howard Reid, 2006-06-01 Basically there are three measures of success in the cinema First off are pictures like *The Crowd* and *Applause* that achieve rave reviews and even go on to win awards but don't recover their negative costs Then there are the movies the critics hate but the public enjoys All three versions of *Back Street* for instance Finally come the pictures everyone loves like *From Here To Eternity* or *Sunset Boulevard* In the annals of success in Hollywood's Golden Age one name stands out above all others Cecil B DeMille His famous pictures reviewed here include both versions of *The Buccaneer* *The Crusades* *Sign of the Cross* *The Story of Dr Wassell* and *Union Pacific* But the book also notes a DeMille B movie that tied up a fair amount of money but proved so unpopular it was released in some territories as a support The book also covers some of Hollywood's other disastrous failures including the M G M movie that cost over 4 million to make and returned virtually nothing

Rewatching on the Point of the Cinematic Index Allen H. Redmon, 2022-08-24 *Rewatching on the Point of the Cinematic Index* offers a reassessment of the cinematic index as it sits at the intersection of film studies trauma studies and adaptation studies Author Allen H Redmon argues that far too often scholars imagine the cinematic index to be nothing more than an acknowledgment that the lens based camera captures and brings to the screen a reality that existed before the camera When cinema's indexicality is so narrowly defined the entire nature of film is called into question the moment film no longer relies on a lens based camera The presence of digital technologies seemingly strips cinema of its indexical standing This volume pushes for a broader understanding of the cinematic index by returning to the early discussions of the index in film studies and the more recent discussions of the index in other digital arts Bolstered by the insights these discussions can offer the volume looks to replace what might be best deemed a diminished concept of the cinematic index with a series of more complex cinematic indices the impoverished index the indefinite index the intertextual index and the imaginative index The central argument of this book is that these more complex indices encourage spectators to enter a process of ongoing adaptation of the reality they see on the screen and that it is on the point of these indices that the most significant instances of rewatching movies occur Examining such films as John Lee Hancock's *Saving Mr Banks* 2013 Richard Linklater's oeuvre Paul Greengrass's *United 93* 2006 Oliver Stone's *World Trade Center* 2006 Stephen Daldry's *Extremely Loud and Incredibly Close* 2011 and Christopher Nolan's *Dunkirk* 2017 *Inception* 2010 and *Memento* 2000 Redmon demonstrates that the cinematic index invites spectators to enter a process of ongoing adaptation

Movie Journal Jonas Mekas, 2016-04-19 In his *Village Voice* *Movie Journal* columns Jonas Mekas captured the makings of an exciting movement in 1960s American filmmaking Works by Andy Warhol Gregory J Markopoulos Stan Brakhage Jack Smith Robert Breer and others echoed experiments already underway elsewhere yet they belonged to a nascent tradition that only a true visionary could identify Mekas incorporated the most essential characteristics of these films into a unique conception of American filmmaking's next phase He simplified complex aesthetic strategies for unfamiliar audiences and appreciated the subversive genius of films that
