**Wild** Cheryl Strayed, 2012-05-01 Selected to be read on Radio Four's Book of the Week One of the best books I've read in the last five or ten years Wild is angry brave sad self knowing redemptive raw compelling and brilliantly written and I think it is destined to be loved by a lot of people men and women for a very long time Nick Hornby At twenty six Cheryl Strayed thought she had lost everything In the wake of her mother's rapid death from cancer her family disbanded and her marriage crumbled With nothing to lose she made the most impulsive decision of her life to walk eleven hundred miles of the west coast of America from the Mojave Desert through California and Oregon and into Washington state and to do it alone She had no experience of long distance hiking and the journey was nothing more than a line on a map But it held a promise a promise of piecing together a life that lay in ruins at her feet Strayed's account captures the agonies both mental and physical of her incredible journey how it maddened and terrified her and how ultimately it healed her Wild is a brutal memoir of survival grief and redemption a searing portrayal of life at its lowest ebb and at its highest tide **Cheryl Strayed "Der große Trip**
