Tolstoy's legacy as one of the greatest novelists of all time **Spirits Of The Dead** SUNIL PARAMESHWARAN,2019-10-03

It is impossible for human consciousness to discover the secrets of the universe But some of the mysteries that have shifted away from the course of the cycle of time have fallen into the earth and will become some invisible forces that we cannot recognize which will become a demonic force that the earth cannot recognize Human beings born on certain planetary levels to ignore this and use it for their material gains The universe itself creates human births to eliminate this power destroying humanity Two novels buried from the fountain of Indian culture Spirit Of The Dead Is The Tantric horror book that takes human minds through the darkness of fear and terror V2 **Horror Fiction in the Global South** Ritwick Bhattacharjee,Saikat Ghosh,2021-04-30

Horror Fiction in the Global South Cultures Narratives and Representations believes that the experiences of horror are not just individual but also simultaneously cultural Within this understanding literary productions become rather potent sites for the relation of such experiences both on the individual and the cultural front It is not coincidental then that either William Blatty's The Exorcist or Gabriel Garcia Marquez's One Hundred Years of Solitude become archetypes of the representations of the way horror affects individuals placed inside different cultures Such an affectation though is but a beginning of the ways in which the supernatural interacts with the human and gives rise to horror Considering that almost all aspects of what we now designate as the Global North and its concomitant the Global South political historical social economic cultural and so on function as different paradigms the experiences of horror and their telling in stories become functionally different as well Added to this are the variations that one nation or culture of the east has from another The present anthology of essays in such a scheme of things seeks to examine and demonstrate these cultural differences embedded in the impact that figures of horror and specters of the night have on the narrative imagination of storytellers from the Global South If horror has an everyday presence in the phenomenal reality that Southern cultures subscribe to it demands alternative phenomenology The anthology allows scholars and connoisseurs of Horror to explore theoretical possibilities that may help address precisely such a need **Early Novels in India** Meenakshi Mukherjee,2002
