*Major Players in the Muslim Business World* Elnur Salihovic, 2015-10-05 Major Players in the Muslim Business World is a comprehensive guide for businessmen researchers and students who aim to learn more about the contemporary Muslim business world. Included are facts about the leading countries companies and business persons in this world as well as a brief introduction of Islamic principles related to business. Current information about opportunities and leaders in relatively new industries such as Islamic Finance Halal and Takaful sectors is also presented. Instead of the partial overview usually provided in competing guides Major Players in the Muslim Business World offers a complete analysis of the most important topics including the largest Muslim economies today Muslim countries with the highest GDP per capita Muslim companies on the Forbes Global 2000 list and Fortune's Global 500 Companies list and the Muslim world in contemporary geopolitics.

*Putin's Kleptocracy* Karen Dawisha, 2015-09-22 The raging question in the world today is who is the real Vladimir Putin and what are his intentions. Karen Dawisha's brilliant *Putin's Kleptocracy* provides an answer describing how Putin got to power the cabal he brought with him the billions they have looted and his plan to restore the Greater Russia. Russian scholar Dawisha describes and exposes the origins of Putin's kleptocratic regime. She presents extensive new evidence about the Putin circle's use of public positions for personal gain even before Putin became president in 2000. She documents the establishment of Bank Rossiya now sanctioned by the US the rise of the Ozero cooperative founded by Putin and others who are now subject to visa bans and asset freezes the links between Putin Petromed and Putin's Palace near Sochi and the role of security officials from Putin's KGB days in Leningrad and Dresden many of whom have maintained their contacts with Russian organized crime. Putin's Kleptocracy is the result of years of research into the KGB and the various Russian crime syndicates. Dawisha's sources include Stasi archives Russian insiders investigative journalists in the US Britain Germany Finland France and Italy and Western officials who served in Moscow. Russian journalists wrote part of this story when the Russian media was still free. Many of them died for this story and their work has largely been scrubbed from the Internet and even from Russian libraries. Dawisha says But some of that work remains

**Socialism, Capitalism and Alternatives** Peter J. S. Duncan, Elisabeth Schimpfössl, 2019-10-14 In 1989 the Berlin Wall came down. Two years later the Soviet Union disintegrated. The collapse of communism in Eastern Europe and the Soviet Union discredited the idea of socialism for generations to come. It was seen as representing the final and irreversible victory of capitalism. This triumphal dominance was barely challenged until the 2008 financial crisis threw the Western world into a state of turmoil. Through analysis of post-socialist Russia and Central and Eastern Europe as well as of the United Kingdom China and the United States Socialism Capitalism and Alternatives confronts the difficulty we face in articulating alternatives to capitalism socialism and threatening populist regimes. Beginning with accounts of the impact of capitalism on countries left behind by the planned economies the volume moves on to consider how China has become a beacon of dynamic economic growth aggressively.

expanding its global influence The final section of the volume poses alternatives to the ideological dominance of neoliberalism in the West Since the 2008 financial crisis demands for social change have erupted across the world Exposing the failure of neoliberalism in the United Kingdom and examining recent social movements in Europe and the United States the closing chapters identify how elements of past ideas are re emerging among them Keynesianism and radical socialism As those chapters indicate these ideas might well have potential to mobilise support and challenge the dominance of neoliberalism
