Rosen, 2014-08-01 Is it true that guys believe they're smarter than they really are Or that girls talk more than guys Do mosquitoes bite guys more than girls Which sex is better at diapering babies remembering birthdays or hammering nails These are just some of the questions to which you'll find some pretty astounding answers Using scientific research author Michael J Rosen explores the ways in which environment and experience as well as neurology physiology and genetics come together to shape personality and gender behavior in both expected and unexpected ways Amusing and informative these quirky questions and answers will have males and females rethinking their notions of differences between the genders So really Who is better at lying Who should be more afraid of lightning Who makes plants grow taller Who's got more cooties Guys or girls

**The Official Picture** Carol Payne, 2013-06-01 Mandated to foster a sense of national cohesion The National Film Board of Canada's Still Photography Division was the country's official photographer during the mid twentieth century Like the Farm Security Administration and other agencies in the US the NFB used photographs to serve the nation Division photographers shot everything from official state functions to images of the routine events of daily life producing some of the most dynamic photographs of the time seen by millions of Canadians and international audiences in newspapers magazines exhibitions and filmstrips In The Official Picture Carol Payne argues that the Still Photography Division played a significant role in Canadian nation building during WWII and the two decades that followed Payne examines key images themes and periods in the Division's history including the depiction of women munitions workers landscape photography in the 1950s and 60s and portraits of Canadians during the Centennial in 1967 to demonstrate how abstract concepts of nationhood and citizenship as well as attitudes toward gender class linguistic identity and conceptions of race were reproduced in photographs The Official Picture looks closely at the work of many Division photographers from staff members Chris Lund and Gar Lunney during the 1940s and 1950s to the expressive documentary photography of Michel Lambeth Michael Semak and Pierre Gaudard in the 1960s and after The Division also produced a substantial body of Northern imagery documenting Inuit and Native peoples Payne details how Inuit groups have turned to the archive in recent years in an effort to reaffirm their own cultural identity For decades the Still Photography Division served as the country's image bank producing a government endorsed official picture of Canada A rich archival study The Official Picture brings the history of the Division long overshadowed by the Board's cinematic divisions to light
