Management Manjunath V.S., 2010-09 **Demystifying the Nurse/therapist Consultant** Robert McSherry, Sarah Johnson, 2005 This unique text explores the role and responsibilities of nurse and therapist consultants providing a clearer understanding of the terms The information clarifies the advanced specialist practitioner post and how it relates to the nursing and healthcare professions and specific posts East chapter is based around reflective activities case studies and summaries of key points giving further references to recommended reading and useful resources *Managing Health Services* Nick Goodwin, Reinhold Gruen, Valerie Iles, 2005-12-16 Health care systems are highly complex and dynamic Different systems around the world vary in the way services are managed yet regardless of these differences the need for effective managers and managerial leaders is essential in allowing organizations or professionals to achieve specific goals This book provides an understanding of the concepts of management managerial leadership and governance within health care systems It provides a thorough introduction to and conceptual framework for the analysis of health systems management and goes on to examine fundamental management tasks including Managing income and finances Managing people Managing strategy and change Managing results Series Editors Rosalind Plowman and Nicki Thorogood

Corporate Social Responsibility, Entrepreneurship, and Innovation Kenneth Amaeshi, Paul Nnodim, Onyeka Osuji, 2013 Despite its recent popularity in literature theory and practice Corporate Social Responsibility CSR remains a vague concept that struggles to define itself beyond the confines of corporate philanthropy or sustainability In some circles it is a response to the present and anticipated climate change challenges while in others it focuses on fair trade corporate governance and responsible investment What then is CSR and how do we understand its purpose In Corporate Social Responsibility Entrepreneurship and Innovation authors Kenneth Amaeshi and Paul Nnodim consider the governance of corporate externalities positive and negative impacts of firms on society and the environment as the main thrust of the CSR discourse a field that hitherto only the state has regulated with sometimes coercive actions This book contributes to the theorization of

CSR by presenting the meaning of CSR in a clear and distinct manner giving the ongoing CSR debate a new direction anchored on a firm economic philosophy It reinforces the view of firms as social institutions as well as economic actors establishing CSR as a form of justice rather than philanthropy Articulating CSR as private governance of corporate externalities for the first time this book provides researchers with a new paradigm to translate knowledge into action and offers reflective managers an alternative framework in which to explore their corporate strategies and decisions

The Path to Perspective Neil David Martin, 2009 The Path to Perspective is nothing short of a manifesto for business in the new millennium a classic account of why challenging assumptions is the starting point for successful companies in the 21st Century In his first book Neil David Martin offers fresh and innovative thinking on the struggle to maximise performance in today's challenging business environment Experience is what you get when you don't get what you want Fix the roof while the sun shines Short statements make us think Reality is often very different from how we might first perceive it Neil's new book explains exactly why perspective is so important to business Sharpen your thinking tools with The Path to Perspective Richard Grace Serial Entrepreneur and former Senior Manager at Xerox Together with a compelling vision of what our organisations could be The Path to Perspective outlines a convincing case for people first values driven free thinking business which begins with rethinking your company's practices and priorities It is packed with over 40 powerful concepts and a step by step plan to help you translate the ideas in this book into meaningful practices for your business The author also offers us several important and eye opening insights including Why most companies still struggle to differentiate to attract and retain employees and customers to maximise productivity and to innovate successfully Why focusing on profit as the ultimate goal of your business is actually NOT the best way of maximising profits Why a focus on behaviours is NOT enough to bring about a shift in attitudes within your business
