Sustaining Competitiveness in a Liberalized Economy Ruhanita Maelah, 2009-10-02 The International Management Accounting Conference 4 was held in August 2007 in Kuala Lumpur to discuss issues pertaining to the role of accounting in liberalized economy. From the conference it was clear that liberalized economy does impact the direction, nature, and practices of accounting. In response to these challenges, accounting must play a proactive and relevant role to sustain the competitiveness of companies in the business environment. Therefore, it is the intention of the conference organizers to share the issues, problems, and challenges in sustaining competitiveness in liberalized economy with a larger audience through the publication of this book. The book is organized in the following themes: Cost and Information Management, Performance Measurement, Strategic Alliance. The articles included in this book were selected from the papers reviewed and presented at the International Management Accounting Conference 4. The articles were written based on research findings of studies conducted in several countries including Malaysia, New Zealand, Indonesia, UK, India, Saudi Arabia, and Botswana. Therefore, they are expected to have high academic value, each complete with literature review, methodology, data analysis, and references. Even though that is the case, the papers have been carefully chosen and edited for mass readers. This book is suitable for researchers, academicians, graduate students, and practitioners with interest in business economics and accounting.

Management Accounting and Asian Perspectives Carsten Berkau, Keabetswe Sylvia Berkau, Mohd Ridzuan Darun, 2021-10-18 The book starts with a comparison of financial accounting and management accounting both discussed based on the production firm PENOR Ltd. It further demonstrates accounting work in support of general management, CVP analysis, DOL, performance measurement, risk management, and M/A as well as cost accounting structures for absorption and marginal cost accounting systems, internal cost allocations, reporting, monitoring, manufacturing accounting, calculation, contribution margin accounting, and activity-based costing. The content is explained by detailed case studies. This Asia edition also includes real case studies about companies in Malaysia. All chapters outline the learning objectives, provide an overview, include case studies, and how it is done, paragraphs. They end with a summary, the explanation of new technical terms, and a question bank with solutions for checking your learning progress. On the internet, you can find more than 300 exam tasks with solutions as well as YouTube videos from the authors.
