Welsh, Donald M. Whaley, 2012-11-15 Oliver Stone has written and directed many memorable films while also developing a reputation for tackling controversial subjects such as the Turkish prison system *Midnight Express* the Vietnam war *Platoon* and *Born on the Fourth of July* insider trading *Wall Street* presidential assassination *JFK* and a voyeuristic media *Natural Born Killers* Along the way Stone has been nominated for more than 10 Academy Awards and three times received Oscars for his work In *The Oliver Stone Encyclopedia* James M Welsh and Donald M Whaley provide an overarching evaluation of Stone's work as screenwriter producer and director While the entries in this volume address all of the usual aspects of Stone's career they also explore new avenues of critical evaluation especially influences such as Friedrich Nietzsche and Buddhism which Stone converted to in the 1990s In addition this volume traces Stone's obsession with Latin American politics evident in his film *Salvador* 1986 his screenplay for Alan Parker's *Evita* 1996 and the documentaries *Commandante* 2003 *Looking for Fidel* 2004 and *South of the Border* 2010 Each entry is followed by a bibliography of published sources both in print and online A comprehensive and engaging examination of the director *The Oliver Stone Encyclopedia* will appeal to scholars and fans alike as the most comprehensive reference on this director's body of work *The Lost Decade* Chris Horn, 2023-10-19 Provides an analysis of Hollywood from a fresh viewpoint that shows the careers of Robert Altman Francis Coppola William Friedkin and others in the 1980s as far from conforming to a monolithic pattern of decline but rather as diverse and complex responses to political and industrial changes The 1980s are routinely seen as the era of the blockbuster and of Reaganite entertainment whereas the dominant view of late 1960s and early 1970s American film history is that of a Hollywood Renaissance a relatively brief window of artistry based around a select group of directors Yet key directors associated with the Renaissance period remained active throughout the 1980s and their work has been obscured or dismissed by a narrow singular model of American film history This book deals with industrial contexts that conditioned these directors' ability to work creatively but it is also very much about the analysis of individual films bringing to light a range of unheralded work from the visual experimentation of *One from the Heart* Coppola 1981 to the experimental production contexts of *Secret Honor* Altman 1984 and the stylistic lean of *To Live and Die in L.A.* Friedkin 1985 Behind the homogenous picture of the decline of the auteur in 1980s American cinema are films and careers that merit greater attention and this book offers a new way to perceive individual films American film history and the viability of sustained authorial creativity within post studio era Hollywood

1/2/3/4 For the Show Lewis W. Heniford, 1995 An invaluable guide to small cast one act plays describing more than 2 200 plays **I Don't Need an Acting Class** Milton Justice, 2021-11-01 *I Don't Need an Acting Class* explores critical aspects of the technique of acting utilizing conversations via email with countless actors Some are aspiring students others are seasoned professionals The conversations document the challenges these diverse actors face as they digest what they have learned in a class or rehearsal while exploring in practical terms how to use their growing technique Milton Justice first began receiving emails from actors in 2008 In this book Justice brings together email conversations between teacher and

student along with observations and commentary about acting technique and craft Not all of the emails in the book are overly thought out or complete Quite the contrary they are meant to capture the feeling of a living breathing process as it happens When an actor sends a teacher or director an email with a problem be it a simple comment or confusion it is evidence of a creative artist exploring new ground Many years ago Stella Adler sent Justice a letter in response to a panicked note he had written to her while lost in the weeds during rehearsals for a new play She set a tone for him as she succinctly defined the problem and reminded him of its elegant solution He was overwhelmed by the care she had given him That letter still hangs over his desk perfectly demonstrating the power of a written exchange between a teacher and a student In Gad We Trust Josh Gad, 2025-01-14 A heartfelt and hilarious collection of essays from the comedian and entertainer known for voicing Olaf in the phenomenon Disney franchise of Frozen and for his award winning turn as Elder Cunningham in the Broadway smash hit The Book of Mormon For the first and possibly last time Josh Gad dives into a wide array of personal topics the lasting impact of his parents divorce how he struggled with weight and self image his first big break how everyone was sure his most successful ventures both on the big screen and the stage would fail his take on fatherhood and so much more This trip down the rabbit hole of overly personal stories will distract readers from climate change the downward descent of democracy in Western civilization and the existential threat that AI poses to Drake s music with never before seen photos and few to no spelling errors Whether you know him from Disney or Broadway YouTube the silver screen or not at all one fact remains Josh s work never fails to bring people together as long as they re alive His delightful debut written in the tradition of Amy Poehler Jim Gaffigan and Mindy Kaling reminds us to keep going even when the chips and doubters are stacked against you
