

## Economic Efficiency and Gains from Trade

Underline the correct words in parentheses and complete the questions.

1. The following table gives the number of hours it takes in the United States and Scotland, using the same amount of resources, to produce a ton of oats or one bagpipe.

	Oats	Bagpipe
United States	3 hours	2 hours
Scotland	4 hours	5 hours

- (A) (The United States / Scotland) has an absolute advantage in the production of oats.
- (B) (The United States / Scotland) has an absolute advantage in the production of bagpipes.
- (C) (The United States / Scotland) has a comparative advantage in the production of oats because *Scotland has a lower opportunity cost to produce oats in terms of bagpipes than the United States.*
- (D) (The United States / Scotland) has a comparative advantage in the production of bagpipes because *the United States has a lower opportunity cost to produce bagpipes in terms of oats than does Scotland.*
- (E) Based only on the data above and comparative advantage considerations, the United States should specialize in (oats / bagpipes).
- (F) Based only on the data above and comparative advantage considerations, Scotland should specialize in (oats / bagpipes).
- (G) Why will both Scotland and the United States be better off if they specialize and trade?  
*Total output will be greater using the same resources and trading.*
- (H) Suppose that Scotland and the United States agree to specialize according to comparative advantage and to the following terms of trade: one ton of oats for one bagpipe. In a production period there are 60 hours, and before specialization Scotland produced 7.5 tons of oats and six bagpipes. After specialization and trade with the United States, Scotland wants to maintain the six bagpipes. How many tons of oats will it have? What are its gains from trade?  
*Scotland will have six bagpipes and nine tons of oats. Its gains from trade are 1.5 tons of oats.*

Exploring Macroeconomics Robert L. Sexton,2018-12-10 The excitement of learning economics for the first time The experience of a lifetime of teaching it The Eighth Edition of Exploring Macroeconomics captures the excitement of learning macroeconomics for the first time through a lively and encouraging narrative that connects macroeconomics to the world in a way that is familiar to students Author Robert L Sexton draws on over 25 years of teaching experience to capture students attention focusing on core concepts and expertly weaving in examples from current events and popular culture to make even classic economic principles modern and relatable The text sticks to the basics and applies a thoughtful learning design segmenting its presentation into brief visually appealing self contained sections that are easier for students to digest and retain compared to sprawling text Thoughtfully placed section quizzes interactive summaries and problem sets help students check their comprehension at regular intervals and develop the critical thinking skills that will allow them to think like economists Combined with a complete teaching and learning package including online homework and flexible teaching options Exploring Macroeconomics is sure to help you ignite readers passion for the field and reveal its practical application in the world around them Macroeconomics of Western Balkans in the Context of the Global Work and Business

Environment Mirjana Radović-Marković,Borislav Jukanović,2022-04-01 In recent years there has been an increase in new forms of employment Namely thanks to the use of platforms in business and the emergence of the gig economy there are gradual changes in this domain These include part time temporary informal and unpaid family work This type of employment can be defined as any job but only of short or uncertain duration The experiences gained by the countries of the European Union as well as the countries of the Western Balkans from the COVID 19 crisis during which they used new technologies in work should in the future make working systems even more adapted to the digital age At last whether working from home is the product of one's own choice or is the result of a pandemic or other environmental shock the change in the way work is done is real and governments must understand the implications and take steps to position their economies accordingly

**Betrayed** S. Kaplan,2013-11-26 Betrayed takes a new approach to the subject of global poverty one that doesn't blame the West but also doesn't rely on the West for solutions Betrayed puts the poor themselves at center stage and shows how their entrepreneurial energies are shackled by political and social discrimination When these shackles are removed as is happening in places such as China and Vietnam the poor are able to seize opportunities and drive wealth creation Combining

the latest research into poverty and state building with the author's personal observations drawn from years running businesses in the developing world *Betrayed* explains how leaders in the developing world can build more inclusive societies and more equitable governments thereby creating dynamic national economies and giving the poor the opportunity to accumulate the means and skills to control their own destinies This refreshing new approach will appeal to business people who are fed up with reading critiques of global poverty that see capitalism as the problem not the solution people in both the global North and South who want to see attention focused not on Western aid but on what developing countries and their citizens can do to help themselves scholars and practitioners in the development field who are looking for new practicable ideas and general readers who want accessible and engaging accounts of ordinary people struggling to overcome poverty

**Social and Behavioural Macroeconomics** Christopher Tsoukis, Frédéric Tournemaine, Edward John Driffill, 2025-03-28 Despite significant theoretical advances in social and behavioural macroeconomics little has been done to synthesise the disparate developments in these fields and point the way forward to future research directions and policy implications This book reviews unifies and extends diverse strands of thinking and shows how these theories can be used to improve macroeconomic modelling for policy development in a range of spheres The book explores how the most empirically relevant socio behavioural traits can widen the scope of macroeconomics to fruitfully address new issues and challenges such as rising inequality the change in the functional distribution of income labour and capital shares and a further understanding of the government spending multiplier Chapters also address more traditional topics such as macroeconomic policy effectiveness growth saving and labour supply Other more open ended themes of the book include whether the concept of individual rationality should be complemented by collective rationality whether socio behavioural traits underlie socially inefficient outcomes such as tragedies of the commons rat races financial crises and global warming and whether such traits can provide new foundations for New Keynesian macroeconomics This book will be essential reading for advanced researchers and students working in macroeconomics and other social sciences including psychology and politics as well as those working on the theoretical end of public policy *Business and Government Relations in Africa* Robert A.
