that combines modern information technology and digital technology and then uses some related discipline methods such as  
systems science mathematical science economics and behavioral science and engineering methods After analyzing and  
researching some problems arising from social economy engineering education finance etc and making corresponding  
countermeasures The main purpose is to achieve control and planning decision making and adjustment in social economic  
education engineering and other aspects and then make improvements and finally organize and coordinate The relevant  
departments can be combined to achieve system management so that the allocation of resources and the Management can be  
rationally optimized so that individual functions can play the greatest role minimize resource consumption and maximize the  
optimal allocation of resources This is also the ultimate research purpose Liangliang Wang said Management is the  
productive force which promotes the development of the country society and enterprise The relationship between  
management practice and management science is the relationship between theory and practice The research on management  
science helps to improve the level of management and then promote the development of the country society and enterprises  
On the other hand management practice changes with the continuous progress of the times It is necessary to study the  
current situation and trend of management science in the new era which will help to clarify the future development direction  
of the discipline and discover the deficiencies in management scientific research and grasp it The focus of management  
science research thereby promoting research in management science Therefore it is necessary to create a space for  
management science practitioners engineering practitioners researchers and related enthusiasts to gather and discuss this  
current issue The 2nd International Conference on Management Science and Software Engineering ICMSSE 2022 aims to  
accommodate this need as well as to 1 provide a platform for experts and scholars engineers and technicians in the field of
