From Reader To Reading Teacher Issues And Strategies For Second Language Classrooms Cambridge Language Education:

From Reader to Reading Teacher Jo Ann Aebersold, Mary Lee Field, 1997-03-13 From Reader to Reading Teacher is a self contained student centred methods text that connects reading theory to practical classroom activities The paperback edition ideal for introductory courses on the teaching of second language reading connects reading theory to practical classroom activities Teachers begin by exploring their beliefs and assumptions about reading and analyzing their own reading strategies This leads to a critical examination of the pedagogical issues central to the reading classroom including selecting appropriate activities and effective lesson planning

From Reader to Reading Teacher JoAnn Aebersold, 1997

Reflective Teaching in Second Language Classrooms Jack C. Richards, Charles Lockhart, 1994-03-25 This text introduces teachers to techniques for exploring their own classroom experiences The paperback edition introduces teachers to techniques for exploring their own classroom experiences Numerous books deal with classroom observation and research but this is the first to offer a carefully structured approach to self observation and self evaluation Richards and Lockhart aim to develop a reflective approach to teaching one in which teachers collect data about their own teaching examine their attitudes beliefs and assumptions and use the information they obtain as a basis for critical reflection on teaching practices The approach is not linked to a particular method but rather can be applied to a variety of methodologies and teaching situations Each chapter includes questions and activities appropriate for group discussion or self study

Literature in Language Education Geoff Hall, 2015-07-06 A state of the art critical review of research into literature in language education of interest to teachers of English and modern foreign languages Includes prompts and principles for those who wish to improve their own practice or to engage in projects or research in this area

Classroom-Based Evaluation in Second Language Education Fred Genesee, John A. Upshur, 1996-08-13 Classroom based Evaluation in Second Language Education has been written to help foreign and second language educators in planning and carrying out effective and comprehensive evaluations in their classrooms The book emphasizes the value of classroom based assessment as a tool for improving both teaching and learning The presentation is non technical and does not require a specialized background in psychometrics statistics or research The suggested assessment procedures are useful for a broad range of proficiency levels teaching situations and instructional approaches Preview questions and follow up activities assist the reader in applying the material discussed in each chapter

Teaching Metacognitive Reading Strategies to Second Language Learners in a Classroom Setting Anonym, 2010-05 Seminar paper from the year 2009 in the subject Didactics for the subject English Pedagogy Literature Studies grade 2 University of Münster language English abstract Reading is an important skill which does not only provide the ability to gain new information but also acquires new language skills Grabe identifies effective approaches for reading and determines that good readers need rapid and automatic word recognition skills a large

recognition of vocabulary sound knowledge of syntactic structure and discourse organization and metacognitive awareness of reading purposes and text comprehension Successful readers are those who use learning strategies effectively Academic reading requires the development of strategic reading Readers have to be aware of their goals in reading and be able to administer strategies effectively These strategies are to be chosen carefully depending on their purpose in reading Only then will the reader be able to check his/her understanding of the text and solve comprehension problems successfully Out of the various aspects of teaching reading to second language L2 learners in a classroom setting the present essay will focus on metacognitive reading strategies First the question will be answered what is meant by the term metacognitive reading strategies A definition will be presented Then the essay provides a theoretic framework of metacognitive reading strategies before reading while reading and after reading Finally there will be two examples of how metacognitive reading strategies can be taught in a classroom setting

Using Corpora in the Language Classroom Randi Reppen, 2010-03-22 Explains and illustrates how teachers can use corpora to create classroom materials and activities to address specific class needs Using Corpora in the Language Classroom shows teachers how to use corpora and corpus tools to expand student learning Together with its companion website this teacher friendly book demystifies corpus linguistics with clear explanations instructions and examples It provides the essential knowledge tools and skills teachers need to enable students to discover how language is really used Clear and concise this volume provides An overview of corpus linguistics Clear explanations of terminology Tasks and activities that invite readers to interact with the material Principled instructions for creating classroom materials and activities including how to create corpora to address specific class needs [A Practicum in TESOL](#) Graham Crookes, 2003-07-14 A Practicum in TESOL is a valuable source book for both teacher educators and classroom teachers It ranges widely across key areas of practice from the nitty gritty of lesson planning and classroom management through conceptual areas such as motivation and observation to crucial if more abstract aspects such as teachers beliefs and values It also delves into the moral and political dimensions of teaching Discussion of these areas though well grounded in relevant academic literatures is also supported by extensive quotes from real teachers working on their practice The treatment is sufficiently challenging to interest the experienced teacher while covering matters of basic practice that would be of concern to the beginner Anyone doing a TESOL practicum will want to use this book whether as an in service teacher or as a teacher longing to further their professional development A Practicum in TESOL can be used individually or in groups
