Gaia And God An Ecofeminist Theology Of Earth Healing:

Gaia and God Rosemary R. Ruether, 1994-05-07 Internationally acclaimed author and teacher Rosemary Radford Ruether presents a sweeping ecofeminist theology that illuminates a path toward earth healing a whole relationship between men and women communities and nations This is theology that really matters Harvey Cox *Gaia & God* Rosemary Radford Ruether, 1994 In her most significant work to date Rosemary Radford Ruether explores how Western religious and scientific traditions the centuries old beliefs and stories that have influenced our relationships with one another and with the earth have led to today s ecological crisis To heal our planet Ruether argues that we must find a new set of symbols and language that transform the interrelations of men and women humans and earth humans and the divine the divine and the earth Provided by publisher **Was verändert feministische Theologie?** Anne Jensen, Maximilian Liebmann, 2000 **The Cambridge Companion to Feminist Theology** Susan Frank Parsons, 2002-07-04 Feminist theology is a significant movement within contemporary theology The aim of this Companion is to give an outline of feminist theology through an analysis of its overall shape and its major themes so that both its place in and its contributions to the present changing theological landscape may be discerned The two sections of the volume are designed to provide a comprehensive and critical introduction to feminist theology which is authoritative and up to date Written by some of the main figures in feminist theology as well as by younger scholars who are considering their inheritance it offers fresh insights into the nature of feminist theological work The book as a whole is intended to present a challenge for future scholarship since it critically engages with the assumptions of feminist theology and seeks to open ways for women after feminism to enter into the vocation of theology *Introducing Ecofeminist Theologies* Heather Eaton, 2005-02-07 This book is about ecofeminism and its encounter with theology predominantly that of Christian theology in Euro western contexts It introduces and explores ecofeminism and the encounter The goal is to understand the significance and implications of ecofeminism and its contribution and challenge to theology A further goal is to assist ecofeminist theology or theologies to be more effective in preventing ecological ruin assisting women s struggles for freedom and supporting the flourishing of all life on earth Ecofeminism represents ways of discerning associations of many kinds between the feminist and ecological movements and between the oppression and domination of both women and the earth Ecofeminism is an insight referring to critical analyses political actions historical research intuitions and ideals The ecological crisis is creating a pivotal moral and religious challenge and new contexts for theology There is a renewed spiritual sensitivity towards the natural world We are in a time of a spiritual awakening wherein the earth and all life are experienced as sacred where it is possible to experience awe and wonder and encounter the ineffable Ecofeminist theologies are at the intersection of these ideas and experiences They are the efforts of particular people who see and experience possibilities for greater life more justice and freedom They do not accept that injustice and ecological ruin are inevitable Ecofeminist efforts are directed towards reducing further ecological

and social devastation and awakening consciousness to the immense beauty and elegance of all life on this fragile yet awesome blue green planet **Dein Reich komme** Rosemarie Freundorfer, 2004 The Place of Story and the Story of Place Ernst M. Conradie, Willie James Jennings, 2025-02-06 This book is the third in a series titled *An Earthed Faith Telling the Story Amid the Anthropocene* The series aims to offer collaborative constructive contributions to understanding the content and significance of the Christian faith from the perspective of Christian ecotheology given the challenges associated with the Anthropocene The focus of this volume is on creation theology The book addresses the following question What difference does it make to the story of cosmic planetary human and cultural evolution to re describe this as the creative work of God's love Inversely what difference does it make to the story of God's love to describe it in evolutionary terms The ten contributors were selected in order to optimize a diversity of positions in terms of geographical context confessional traditions and theological schools while also taking considerations of gender race age and language into account Religion and Science Fiction James F McGrath, 2012-09-27 This multidisciplinary book focuses on the intersection between religion and science fiction Several perspectives are addressed by scholars from different disciplines theology literature history music and anthropology From Frankenstein by way of Christian apocalyptic to Star Wars Star Trek Battlestar Galactica and much more and from the United States to China and back again the authors who contribute to this volume serve as guides in the exploration of religion and science fiction as a multifaceted multidisciplinary and multicultural phenomenon *Ethics of Hope* Jurgen Moltmann, 2013-01-26 For a time of peril world renowned theologian Jurgen Moltmann offers an ethical framework for the future Moltmann has shown how hope in the future decisively reconfigures the present and shapes our understanding of central Christian convictions from creation to New Creation Voices of Feminist Liberation Emily Leah Silverman, Dirk von der Horst, Whitney Bauman, 2014-10-14 *Voices of Feminist Liberation* brings together a wide range of scholars to explore the work of Rosemary Radford Ruether one of the most influential feminist and liberation theologians of our time Ruether's extraordinary and ground breaking thinking has shaped debates across liberation theology feminism and eco feminism queer theology social justice and inter religious dialogue At the same time her commitment to practice and agency has influenced sites of local resistance around the world as well as on globalised strategies for ecological sustainability and justice *Voices of Feminist Liberation* examines the potential of Ruether's thinking to mobilize critical theology social theory and cultural practice The scholars gathered here present their personal engagements with Ruether's thinking and teaching The book will be invaluable to scholars policy makers and activists seeking to understand how colonial and patriarchal oppression in the name of religion can be confronted and defeated **Seeking the Risen Christa** Nicola Slee, 2011-03-17 Art and feminist theology often explore the figure of the feminine side of Christ However the risen Christa has had little if any coverage within these fields Now *Seeking the Risen Christa* by Nicola Slee uses a well crafted combination of reflection illustration and poetry to investigate the Risen Christa The discussion revolves around the central

narratives of the gospels and the major Christological themes These subjects are re imagined and revisited from the hypothetical perspective of Christa Ultimately Nicola Slee wants Seeking The Risen Christ to represent a search for a risen Christa and therefore encourage readers to develop a freer unlimited relationship with Christ **Spiritscapes** Mark Parent, Alternative medicine Quantum mechanics Gaia Near Death Experiences The New Age Fundamentalism Feminist and Liberation Theology These are just some of the nine most significant spiritual scientific movements analyzed by Mark Parent in his latest book Spiritscapes Schöpfung bewahren Markus Patenge, Roman Beck, 2016-05-31 Es ist erstaunlich dass die Kirche bis zur Enzyklika Laudato si zur ckhaltend mit globalen Herausforderungen wie Klimawandel Migrationsstr me etc umgegangen ist denn sie betreffen die Menschen zu Beginn des 21 Jahrhunderts existentiell Dabei k nnte die Kirche aufgrund ihrer globalen Vernetzung und lokalen Verwurzelung wesentliche Impulse leisten Aber was genau k nnte ein christlicher Beitrag f r eine nachhaltige Weltentwicklung und Transformation unserer Gesellschaft sein Besteht ein christlicher Auftrag eine Mission zur aktiven Gestaltung einer nachhaltigen Entwicklung Christian Goddess Spirituality Mary Ann Beavis, 2015-10-08 This monograph focuses on Christian Goddess Spirituality CGS the phenomenon of mostly women who combine Christianity and Goddess Spirituality including Wicca Witchcraft Mary Ann Beavis s study provides ethnographic data and analysis on the lived religious experience of CGS practitioners drawing on interviews of over 100 women who self identify as combining Christianity and Goddess spirituality Although CGS also has implications for Goddess Spirituality and related traditions e g Neopaganism Wicca here CGS is considered primarily as a phenomenon within Christianity However the study also shows that the fusion of Christian and Goddess spiritualities has had an impact on non Christian feminist spirituality since Goddess worshippers have often constructed Christianity as the diametrical opposite and enemy of the Goddess to the point that some refuse to admit the possibility that CGS is a valid spiritual path or that it is even possible In addition biblical Jewish and Christian images of the divine such as Sophia Shekhinah the Virgin Mary and even Mary Magdalene have found their way into the Pagan Goddess pantheon The main themes of the study include overlaps and differences between Christian feminist theology and CGS the routes to CGS for individual practitioners and their beliefs practices and experiences proto denominational classifications spiritual paths within CGS CGS theology Christian discourse about the female divine and the future of CGS in social scientific and ecclesiological context Christian Goddess Spirituality will be of interest to scholars of religion especially those with interests in women and religion feminist spiritualities feminist theology theology alternative spiritualities New Religious Movements and emergent Christianities Seeing Film and Reading Feminist Theology U. Dorrien, 2010 Sourcing the major traditions of progressive Christian social ethics social gospel liberalism Niebuhrian realism and liberation theology Gary Dorrien argues for the social ethical necessity of social justice politics In carefully reasoned essays he focuses on three subjects the ethics and politics of economic justice racial and gender justice and antimilitarism making a constructive case for economic democracy along with a liberationist understanding of racial and gender justice and an anti imperial form of liberal internationalism In Dorrien's view the three major discourse traditions of progressive Christian social ethics share a fundamental commitment to transform the structures of society in the direction of social justice His reflections on these topics feature innovative analyses of major figures such as Walter Rauschenbusch Reinhold Niebuhr James Burnham Norman Thomas and Michael Harrington and an extensive engagement with contemporary intellectuals such as Rosemary R Ruether Katie Cannon Gregory Baum and Cornel West Dorrien also weaves his personal experiences into his narrative especially his involvement in social justice movements He includes a special chapter on the 2008 presidential campaign and the historic candidacy of Barack Obama Contemporary Perspectives on Ecofeminism Mary Phillips, Nick Rumens, 2015-11-19 Why is ecofeminism still needed to address the environmental emergencies and challenges of our times Ecofeminism has a chequered history in terms of its popularity and its perceived value in conceptualizing the relationship between gender and nature as well as feeding forms of activism that aim to confront the environmental challenges of the moment This book provides a much needed comprehensive overview of the relevance and value of using eco feminist theories It gives a broad coverage of traditional and emerging eco feminist theories and explores across a range of chapters their various contributions and uniquely spans various strands of ecofeminist thinking The origins of influential eco feminist theories are discussed including key themes and some of its leading figures contributors include Erika Cudworth Greta Gaard Trish Glazebrook and Niamh Moore and outlines its influence on how scholars might come to a more generative understanding of the natural environment The book examines eco feminism's potential contribution for advancing current discussions and research on the relationships between the humans and more than humans that share our world This timely volume makes a distinctive scholarly contribution and is a valuable resource for students and academics in the fields of environmentalism political ecology sustainability and nature resource management **"Eva, wo bist Du?"** Angela Volkmann, 2004 Between Cross and Resurrection Alan E. Lewis, 2003-06-20 For much of Christian history the church has given no place to Holy Saturday in its liturgy or worship Yet the space dividing Calvary and the Garden may be the best place from which to reflect on the meaning of Christ's death and resurrection This superb work by the late Alan Lewis develops on a grand scale and in great detail a theology of Holy Saturday The first comprehensive theology of Holy Saturday ever written Between Cross and Resurrection shows that at the center of the biblical story and the church's creed

lies a three day narrative Lewis explores the meaning of Holy Saturday the restless day of burial and waiting from the perspectives of narrative hearing the story doctrine thinking the story and ethics living the story Along the way he visits as many spiritual themes as possible in order to demonstrate the range of topics that take on fresh meaning when viewed from the vantage point of Holy Saturday Between Cross and Resurrection is not only incisive and elegantly written but it is also a uniquely moving work deeply rooted in Christian experience While writing this book Lewis experienced his own Holy Saturday in suffering from and finally succumbing to cancer He considered Between Cross and Resurrection to be the culmination of his life s work
