Eschatology in Galatians Yon-Gyong Kwon, 2004 Focusing on Paul's own statement about the Galatian crisis Yon Kwon demonstrates that the letter is about Paul's pastoral engagement with the backsliding Galatians rather than his theological altercation with his opponents Paul deals with the crisis in Galatia by reminding the Galatians of the implications of their present deviation for their future the not yet instead of affirming the blessings already realized in Christ by keeping in step with the Spirit the already

Disinheriting the Jews Jeffrey S. Siker, 1991-01-01 Disinheriting the Jews is a scholarly work of great interest and significance for both Christians and Jews Jeffery Siker shows how strongly the figure of Abraham has shaped our religious identities He also uses the portrayals of Abraham by early Christians as a new means of understanding the dynamics involved in the church's separation and estrangement from Judaism Siker argues that the separation was precipitated by historical contingencies more so than by Christian identity and in so doing suggests self-corrections that could mend the rift between Christianity and Judaism

Perspectives Old and New on Paul Stephen Westerholm, 2004 Here finally is a much needed review and analysis of the divergent interpretations of Paul With a clear head and winsome sense of humor Stephen Westerholm compares the traditional understanding of Paul to more recent readings drawing on the writings of key figures in

the debate both past and present Westerholm first offers a detailed portrait of the Lutheran Paul including the way such theologians as Augustine Luther Calvin and Wesley have traditionally interpreted justification by faith to mean that God declares sinners righteous by his grace apart from works Westerholm then explores how Paul has fared in the twentieth century in which New Perspective readings of Paul see him teaching that Gentiles need not become Jews or observe Jewish law to be God's people The final section of the book looks anew at disputed areas of Paul's theological language and offers compelling discussion on the place of both justification by faith and Mosaic law in divine redemption

Galatians Jarvis J. Williams,2020-03-16 Jarvis Williams commentary on Galatians is a commentary of one of Paul's most rhetorically charged and polemically sharp letters Williams writes a commentary of the letter not a commentary of commentaries He grounds the letter in grammatical historical exegesis seeking to help readers understand Paul's Greco Roman and Second Temple Jewish context of the letter Additionally the book seeks to move from exegesis to application in a few places in the commentary The strength of the commentary is that it offers a lucid and concise exegesis grounded in Paul's first century context and applicable for twenty first century readers

Sharing in the Son's Inheritance Esau McCaulley,2019-09-05 This book explores the link between Paul's belief that Jesus is Israel's Messiah and his interpretation of the Abrahamic Land Promise in Galatians Countering claims that Paul replaces the Promised Land with the gift of the Spirit or salvation Esau McCaulley argues that Paul expands this inheritance to include the whole earth believing that as the seed of Abraham and David Jesus is entitled to the entire world as his inheritance and kingdom McCaulley argues that scholars have neglected Paul's expanded interpretation of the inheritance of the earth rarely appreciate the role that messianism plays in Galatians and fail to acknowledge that Second Temple authors often portrayed

royal and messianic figures as God's means of fulfilling the promises made to Abraham and Israel via the establishment of kingdoms Through a comparison of texts from the Pseudepigrapha apocrypha and the Dead Sea Scrolls with Galatians 3:1-4:7 5:21 McCaulley argues Paul's interpretation of Jesus's death is a manifestation of Second Temple messianism because it ends the covenant curses outlined in Deuteronomy and begins the restoration of the inheritance to Abraham's offspring through the establishment of Jesus's worldwide kingdom he concludes that Paul's interpretation of the Abrahamic inheritance is inseparable from his belief that Jesus is Israel's Messiah

The Faith of Jesus Christ Richard B. Hays, 2002 In this important study Hays argues against the mainstream that any attempt to account for the nature and method of Paul's theological language must first reckon with the centrality of narrative elements in his thought Through an in depth investigation of Galatians 3:1-4:11 Hays shows that the framework of Paul's thought is neither a system of doctrines nor his personal religious experience but the sacred story of Jesus Christ

The Covenants of Promise Thomas E. McComiskey, 2019-11-11 This fresh assessment of covenant theology may represent the first book length examination of the structural relationships of the Old Testament covenants Tremper Longman a professor of Old Testament at Westminster Theological Seminary describes The Covenants of Promise as a marvelously written and profound book which deals with some of the most crucial issues in biblical theology The significance of The Covenants of Promise writes the author is in its application of the structure of the covenants to biblical theology The division of the Old Testament covenants into the

categories promissory and administrative is unique in the literature on the covenants This complex bi covenantal structure within which God disposes of the inheritance promised to his people becomes discernible in the biblical text through a sound application of proper exegetical theology The textual evidence leads one to question the way some tenets of traditional covenant theology have been expressed but not the tenets themselves The author first explores the promise in its Old and New Testament settings He deals with the way in which the promise is expressed in the major covenants devoting considerable space to the law in the teachings of Jesus and Paul Next he argues that the promise covenant is eternally valid and that circumcision the law and the new covenant are administrative covenants Finally he examines the implications of this structure for biblical theology Selected topics are the redemptive relationship between Father and Son the covenant of works law and grace and the relationship between the testaments *Perspectives on Our Father Abraham* Steven A.

Jeon, 2023-10-31 Dr Jeon's treatment of Galatians is a balanced and accessible commentary that traces the flow of the apostle's argument from the beginning to the end of Galatians. Dialoguing with some of the best commentators, peppered with pastoral insights and written in a clear manner, this brief work will be an invaluable help for all who want a deeper grasp of both the message and structure of this letter. Romans (Understanding the Bible Commentary Series) James R. Edwards, 2011-08-01 Martin Luther called Romans the clearest gospel of all. But centuries of interpretive tradition and dogma have muddied the waters. Edwards's careful exposition pays attention to literary detail and historical context to clarify the Epistle's significance for its original readers and for the church today. The NIBC format, section by section exposition of the NIV, all Greek transliterated, and separate textual and technical notes make this commentary ideal for laypeople and pastors.
