Tracking Classical Monsters in Popular Culture Liz Gloyn, 2019-10-31 What is it about ancient monsters that popular culture still finds so enthralling Why do the monsters of antiquity continue to stride across the modern world In this book the first in depth study of how post classical societies use the creatures from ancient myth Liz Gloyn reveals the trends behind how we have used monsters since the 1950s to the present day and considers why they have remained such a powerful presence in our shared cultural imagination She presents a new model for interpreting the extraordinary vitality that classical monsters have shown and their enormous adaptability in finding places to dwell in popular culture without sacrificing their connection to the ancient world Her argument takes her readers through a comprehensive tour of monsters on film and television from the much loved creations of Ray Harryhausen in Clash of the Titans to the monster of the week in Hercules The Legendary Journeys before looking in detail at the afterlives of the Medusa and the Minotaur She develops a broad theory of the ancient monster and its life after antiquity investigating its relation to gender genre and space to offer a bold and novel exploration of what keeps drawing us back to these mythical beasts From the siren to the centaur all monster lovers will find something to enjoy in this stimulating and accessible book **Berliner**

Six Seasons and a Movie Chris Barsanti, Jeff Massey, Brian Cogan, 2023-10-01 Audacious weird and icily ironic *Community* was a kind of geek alt comedy portal packed with science fiction references in jokes that quickly metastasized into their own alternate universe dark conspiracy tinged humor and a sharp yet loving deconstruction of the sitcom genre At the same time it also turned into a thoughtful and heartfelt rumination on loneliness identity and purpose The story of *Community* is the story of the evolution of American comedy Its creator Dan Harmon was an improv comic with a hyperbolically rapid fire and angrily geeky style After getting his shot with *Community* Harmon poured everything he had into a visionary series about a group of mismatched friends finding solace in their community college study group *Six Seasons and a Movie How Community Broke*

Television is an episode by episode deep dive that excavates a central cultural artifact a six season show that rewrote the rules for TV sitcoms and presaged the self aware metafictional sensibility so common now in the streaming universe Pop culture experts Chris Barsanti Jeff Massey and Brian Cogan explore its influences and the long tail left by its creators and stars including Donald Glover s experiments in music as rapper Childish Gambino and TV drama Atlanta producers directors Anthony and Joseph Russo s emergence as pillars of the Marvel universe Captain America Civil War and Avengers Infinity War and Harmon s subsequent success with the anarchic sci fi cartoon Rick and Morty Covering everything from the corporate politics that Harmon and his team endured at NBC to the Easter eggs they embedded in countless episodes Community The Show that Broke Television is a rich and heartfelt look at a series that broke the mold of TV sitcoms
