## **Equal Is Unfair Americas Misguided Fight Against Income Inequality:**

**Equal Is Unfair** Don Watkins, Yaron Brook, 2016-03-29 Shows that government intervention in all areas of our lives not income inequality is what's really threatening the American Dream Mallory Factor New York Times bestselling author of Shadowbosses We've all heard that the American Dream is vanishing and that the cause is rising income inequality The rich are getting richer by rigging the system in their favor leaving the rest of us to struggle just to keep our heads above water To save the American Dream we're told that we need to fight inequality through tax hikes wealth redistribution schemes and a far higher minimum wage But what if that narrative is wrong What if the real threat to the American Dream isn't rising income inequality but an all-out war on success In Equal is Unfair a timely and thought provoking work Don Watkins and Yaron Brook reveal that almost everything we've been taught about inequality is wrong You'll discover why successful CEOs make so much money and deserve to how the minimum wage hurts the very people it claims to help why middle class stagnation is a myth how the little known history of Sweden reveals the dangers of forced equality The critics of inequality are right about one thing the American Dream is under attack But instead of fighting to make America a place where anyone can achieve success they are fighting to tear down those who already have The real key to making America a freer fairer more prosperous nation is to protect and celebrate the pursuit of success not pull down the high fliers in the name of equality

**Die 10 Irrtümer der Antikapitalisten** Rainer Zitelmann, 2022-02-20 An diesem Buch werden sich Kapitalismuskritiker die Z hne ausbei en Zitelmann pr ft die zehn h ufigsten Einw nde gegen den Kapitalismus Kapitalismus f hre zu Hunger und Armut zu steigender Ungleichheit zu berfl ssigem Konsum zu Umweltzerst rung und Klimawandel Im Kapitalismus z hle nur der Profit zu Lasten der Menschlichkeit im Kapitalismus dominierten Monopole und die Demokratie werde ausgeh llt Zitelmann setzt sich mit jedem dieser Argumente aus hrlich auseinander und zeigt Nicht der Kapitalismus hat versagt sondern alle antikapitalistischen Experimente der vergangenen 100 Jahre Dabei argumentiert er nicht theoretisch sondern wartet mit einer F lle berraschender Fakten und historischer Tatsachen auf Der zweite Teil des Buches handelt davon wie die Menschen in Europa den USA und Asien zum Kapitalismus stehen Um das zu erkunden hat Zitelmann bei dem renommierten Umfrageinstitut Ipsos MORI eine Umfrage in 14 L ndern in Auftrag gegeben deren Ergebnisse hier erstmals vorgestellt werden

The Richer, The Poorer Stewart Lansley, 2021-11-25 The Richer The Poorer charts the rollercoaster history of both rich and poor and the mechanisms that link wealth and impoverishment This landmark book shows how for 200 years Britain's most powerful elites have enriched themselves at the expense of surging inequality mass poverty and weakened social resilience Stewart Lansley reveals how Britain's model of extractive capitalism with a small elite securing an excessive slice of the economic cake has created a two century long high inequality high poverty cycle one broken for only a brief period after the Second World War Why he asks are rich and poor citizens judged by very different standards Why has social progress been so narrowly shared With growing calls for a fairer post COVID 19 society what needs to be done to break

Britain's destructive poverty inequality cycle      Political Correctness Does More Harm Than Good: How to Identify, Debunk, and Dismantle Dangerous Ideas Douglas Kruger, 2020-10-27 Political Correctness Does More Harm Than Good It's a surprising assertion Isn't PC culture all about kindness About protecting victimized groups If you trace the history of political correctness the answer is emphatically no It has other goals in mind and has since its inception with thinkers like Rousseau Author Douglas Kruger traces the unfolding ideology from its dark genesis the French Revolution and subsequent terror through its various incarnations Marxism relativism post modernism and all the way to today's identity politics He points out the flaws fallacies and in many cases the body counts these ideologies have wracked up Uniquely this book then goes one step further It is not merely descriptive history it is not just explanatory philosophy This is a debate guide a how to manual for those interested in attacking these harmful ideas head on Do you know how to articulate what is wrong with woke arguments Do you know how to defend the Western tradition against relentless onslaught from the PC Police Here is how step by step and argument by argument Become a master at identifying debunking and dismantling dangerous ideas Add your voice to the culture wars and learn precisely how to fight for tried and tested Western values values like science democracy logic rule of law and the Judeo Christian tradition of human rights and values As it turns out you can have truth or you can have political correctness but you can't have both Award winning speaker and author Douglas Kruger also provides you with supplemental how to videos on his site [www.BreakingWoke.com](http://www.BreakingWoke.com)

**Identity Politics and Tribalism** Nikos Sotirakopoulos, 2021-06-24 Has the world gone mad this is a question that we've heard time and again during the last years Everyone is convinced that something is wrong with politics the culture and our society but what exactly is the problem and how can we overcome it This book will guide the reader through a journey that will connect the dots on the various fronts of the culture wars There is a thread that links together the various expressions of group and identity conflicts in today's West from Left to Right from Social Justice Warriors to Trumpites from feminism to the manosphere and from critical race theorists to white nationalists By the end of this book readers will understand not only the root problem poisoning our culture and society but also how to rise above it both in our private lives and as citizens      The Anti-Communist Manifesto Jesse Kelly, 2023-06-06 From popular radio host and social media star Jesse Kelly comes a powerful rallying cry for Americans to recognize the roots of the dangerous communist mentality encroaching on our country today with Kelly's trademark combination of bombast intelligence and humor

**The Legitimation Crisis of Neoliberalism** Alessandro Bonanno, 2017-07-06 This book proposes a theory of the legitimation crisis of neoliberalism Through analyses of the legitimation crisis of regulated capitalism and the characteristics and theories of neoliberalism the author contends that neoliberalism is affected by crises of system and social integration The crisis of system integration refers to the inability of market mechanisms to address problems of capital accumulation and social stability The crisis of social integration refers to the unmet promises of economic growth and social well being While attempts to address these crises are carried out through

state intervention crisis resolutions are inadequate due to the limits of the free market system and current state forms Alessandro Bonanno contends that as ideological and material forms of legitimation are inadequate and processes of capital accumulation are sluggish and resistance weak change is necessary He outlines how this change will be controlled by corporate actors minimally address the demands of subordinate groups and marginally alter existing conditions The Fountainhead Reference Guide: a to Z Emre Gergen,2020-08-28 This Reference Guide takes the form of a Fountainhead Encyclopedia with several independent sections a complete character dictionary a dictionary of relationships between characters a lexicon of the book s buildings and media outlets a catalogue of the novel s various groups and associations a timeline of the book s events a classification of Ayn Rand s symbols and a directory of the Fountainhead s locations Besides organizing most of the Fountainhead s facts logically this Reference Guide also provides a table of Ayn Rand s fiction nonfiction a spreadsheet of works by Objectivist Intellectuals and a glossary of architectural terms It also analyzes some of the book s themes with reference to plot specifics So that Fountainhead scholars can cite neutral book facts to support their intellectual hopefully objectivist positions Discrimination and Disparities Thomas Sowell,2019-03-05 An enlarged edition of Thomas Sowell s brilliant examination of the origins of economic disparities Economic and other outcomes differ vastly among individuals groups and nations Many explanations have been offered for the differences Some believe that those with less fortunate outcomes are victims of genetics Others believe that those who are less fortunate are victims of the more fortunate Discrimination and Disparities gathers a wide array of empirical evidence to challenge the idea that different economic outcomes can be explained by any one factor be it discrimination exploitation or genetics This revised and enlarged edition also analyzes the human consequences of the prevailing social vision of these disparities and the policies based on that vision from educational disasters to widespread crime and violence The Moral Case for Profit Maximization Robert White,2020-04-01 The Moral Case for Profit Maximization argues that profit maximization is moral when businessmen seek to maximize profit by creating goods or services that are of objective value Traditionally profit maximization has been defended on economic grounds Profit economists argue incentivizes businessmen to produce goods and services In this view businessmen do not need to be virtuous as long as they deliver the goods It challenges the traditional defense of profit maximization arguing that profit maximization is morally ambitious because it requires businessmen to form normative abstractions and to cultivate a virtuous character In so doing the author also challenges the moral basis of corporate social responsibility Proponents of CSR argue that businessmen can do good while doing well This book argues that businessmen already do good by maximizing profit drawing upon the histories of the wheel the refrigerator and the shipping container as well as the biographies of J P Morgan John D Rockefeller and Thomas Edison to demonstrate the role of values in the creation of material goods and the role of the virtues in value creation The author challenges readers to rethink the relationship between profit value and virtue **Inequality** Mikayla Novak,2018-05-09 This book is a thoroughly researched and well

written exploration of one of the most divisive topics in modern democratic discourse Novak brings careful and clear thinking to a topic too often clouded in emotion and guided by moral intuition Peter Boettke Professor of Economics and Philosophy George Mason University USA Inequality has bred a climate of hostile political discourse reminiscent of the cold war In this lucid book Novak explains how we can transcend that hostility by recognizing the deeply entangled character of politics and economics within modern societies Richard E Wagner Hobart R Harris Professor of Economics George Mason University USA Mikayla Novak has provided a bold new intellectual foundation for social policy analysis Jason Potts Professor of Economics RMIT University Australia In recent years the degree of income and wealth inequality within developed countries has been raised as a central issue in economic and social policy debates Numerous figures across diverse ideological affinities have advocated policy measures to significantly alter income and wealth distributions while the inequality debate has become infused with other subjects such as social justice and identity politics This book presents an account of economic inequality from a contemporary classical liberal perspective Inequality is seen as a by product of entangled relationships within society bringing to the fore key ideas from complexity evolutionary and network sciences Novak illustrates that inequality is problematic insofar as it generates pro rich redistribution and constrains progress by the less well off Economic inequality has important links with issues such as fiscal and regulatory policies discrimination and social exclusion and institutional design This unique book is important reading for social science academics policy makers and people interested in exploring the dimensions and solutions to inequality a critical issue of our time

*Violence and Inequality* Thomas P. Leppard, Sarah C. Murray, 2024-02-01 Violence and Inequality explores the deep time archaeological relationship between violence and inequality focusing on prehistoric archaeology's contribution to the understanding of the human dynamics among coercive force aggression and the state Detailed archaeological case studies within a strong theoretical framework built from historical studies consider the role of coercive violence in trajectories toward complexity how levels and types of violence can be traced alongside emerging wealth disparities and the social role of violence The assumption that violence and its threat buttressed elite social control is now challenged from various perspectives This volume incorporates new models of the relationship between violence and social inequalities into the archaeology of social complexity building more complicated and nuanced understandings of how different modes of social violence can militate different types of social constitution Contributions from a variety of methodological angles such as the bioarchaeology of health and trauma and radiogenic isotope studies and the aesthetics of violence use a comparative perspective drawing on data from the Southwestern US Bronze Age China early dynastic Egypt ancient Mesopotamia Roman Britain and the Andes Violence and Inequality offers an original and deep history of violence and inequality Understanding the long term intersection of violence and inequality and how they support or erode one another is of intrinsic importance making this work significant to the study of archaeology economic history and collective action

**In Defense of Capitalism** Rainer Zitelmann, 2023-03-07 Capitalism its critics say

prioritizes profits over humanity creates dominant monopolies and undermines democracy Zitelmann scrutinizes each of these arguments in turn and reveals the critical flaws that debunk them Rainer Zitelmann examines the ten most common objections to capitalism that capitalism leads to hunger and poverty to rising inequality to unnecessary consumption to environmental destruction to climate change and wars Capitalism its critics say prioritizes profits over humanity creates dominant monopolies and undermines democracy Zitelmann scrutinizes each of these arguments in turn and reveals the critical flaws that debunk them He offers counter arguments to each charge deploying a wealth of historical evidence and eye opening facts to prove that it is not capitalism that has failed but a century of anti capitalist experiments The Global Rise of Authoritarianism in the 21st Century Berch Berberoglu,2020-09-22 Neoliberal globalization is in deep crisis This crisis is manifested on a global scale and embodies a number of fundamental contradictions a central one of which is the global rise of authoritarianism and fascism This emergent form of authoritarianism is a right wing reaction to the problems generated by globalization supported and funded by some of the largest and most powerful corporations in their assault against social movements on the left to prevent the emergence of socialism against global capitalism As the crisis of neoliberal global capitalism unfolds and as we move to the brink of another economic crisis and the threat of war global capitalism is once again resorting to authoritarianism and fascism to maintain its power This book addresses this vital question in comparative historical perspective and provides a series of case studies around the world that serve as a warning against the impending rise of fascism in the 21st century The Fountainhead Reference Guide Emre Gurgun,2019-10-10 This Reference Guide takes the form of a Fountainhead Encyclopedia with several independent sections a complete character dictionary a dictionary of relationships between characters a lexicon of the book s buildings and media outlets a catalogue of the novel s various groups and associations a timeline of the book s events a classification of Ayn Rand s symbols and a directory of the Fountainhead s locations Besides organizing most of the Fountainhead s facts logically this Reference Guide also provides a table of Ayn Rand s fiction nonfiction a spreadsheet of works by Objectivist Intellectuals and a glossary of architectural terms It also analyzes some of the book s themes with reference to plot specifics So that Fountainhead scholars can cite neutral book facts to support their intellectual hopefully objectivist positions What Do White Americans Owe Black People? Jason D. Hill,2021-10-12 In this provocative and highly original work philosophy professor Jason D Hill explores multiple dimensions of race in America today but most importantly a black white divide which has grown exponentially over the past decade Central to his thesis Hill calls on black American leaders and their white liberal sponsors to escape from the cycle of blame and finger pointing which seeks to identify black failures with white hatred and indifference This overblown narrative is promulgated by a phalanx of black nihilists who advocate the destruction of America and her institutions in the name of ending whiteness Much of the black intelligentsia consists of these false prophets and it is their poisonous ideology which is taught uncontradicted to students of all races It is they who are responsible for the cultural depression blacks are suffering

in today's society Ultimately the answer to what do White Americans owe is not about the morality or practicality of reparations affirmative action or other redistributionist schemes Hill rejects the collectivist premise behind the argument instead couching notions of culpability justice and fairness as responsibilities of individuals not arbitrary racial or ethnic groupings

**Is Your Thinking Keeping You Poor?** Douglas Kruger, 2016-08-01 Thinking like a poor person will keep you poor Thinking like a wealthy person will make you wealthy I would like to show you exactly what the differences between the two ways of thinking are and how you can use them in your favour Douglas Kruger Douglas Kruger Being rich is not normal most people never achieve wealth in their lifetime The very word rich describes a state beyond the median and therein lies an important lesson To become rich you will have to think radically differently from the way most people around you think Do you know what those specific differences may be Business and wealth guru Douglas Kruger strips away the feel good hype and gets right down to the practical principles He leads you through the types of thinking that hold individuals families and businesses in generational cycles of poverty He explores the dramatically different approaches of the self made rich and super rich showing you which behaviours to begin practising and which behaviours are traitorous to your wealth potential Escape poverty Raise your value Change the trajectory of your story It all begins with the way you think

**Data in Society** Jeff Evans, Sally Ruane, Humphrey Southall, 2019-08-21 Statistical data and evidence based claims are increasingly central to our everyday lives Critically examining Big Data this book charts the recent explosion in sources of data including those precipitated by global developments and technological change It sets out changes and controversies related to data harvesting and construction dissemination and data analytics by a range of private governmental and social organisations in multiple settings Analysing the power of data to shape political debate the presentation of ideas to us by the media and issues surrounding data ownership and access the authors suggest how data can be used to uncover injustices and to advance social progress

**What Justice Demands** Elan Journo, 2018-06-12 In this book Elan Journo explains the essential nature of the conflict and what has fueled it for so long What justice demands he shows is that we evaluate both adversaries and America's approach to the conflict according to a universal moral ideal individual liberty From that secular moral framework the book analyzes the conflict examines major Palestinian grievances and Israel's character as a nation and explains what's at stake for everyone who values human life freedom and progress What Justice Demands shows us why America should be strongly supportive of freedom and freedom seekers but in this conflict and across the Middle East it hasn't been much to our detriment
