

European Code of Practice for Food Additive and Premixture Operations

1. Introduction

This European Code of Practice for Food Additive and Premixture Operations (COP) is in line with the Regulation of the European Parliament and the Council laying down requirements for food hygiene, (EC/1831/2003), in particular articles 20 to 22 which encourage the development of codes of good practice on hygiene and the application of HACCP principles.

Implementation of this Code aims to encourage operators to be put in position to ensure the safety and quality of food additives and premixtures; the operation of businesses in accordance with European food hygiene requirements, and improved traceability. This Code applies equally to imports from third countries of food additives and premixtures.

In order to align the Code with current national food legislation and current activities on national, industrial and/or association levels, it refers to various the principles of food and food safety as well as HACCP principles that are set out in various international documents further down and EC legislation, in particular:
