For the Glory of God Richard H. Jones, 2012-06-07 For the Glory of God addresses key questions regarding the connection between religion and science Richard H Jones investigates whether ideas from the Bible and Christian theology have played a significant role in the development of modern scientific theories If so has the role always been positive or negative In this regard does religion have the epistemic right to control science or to offer an alternative Christian science to mainstream science Is creationism or intelligent design a science on the same footing with neo Darwinism Is the integrity of science today in danger of religious control In this volume Jones provides an illuminating history of the role of Christian ideas in the physical and biological

sciences from the Middle Ages to today He reveals the failure of the popular war and harmony models for the relation of religion and science and shows that a control model does work to explain the complex history of religion and science

The Bible and Science Vincent Smiles, 2011-06-01 Confusing paradox surrounds the Bible Some look to it as the definition of reality and deny science others see science alone as the arbiter of truth and deny the Bible Both extremes are merely symptoms of a still wider debate on the place of ancient spiritual wisdom in a science dominated world Following the Reformation and Enlightenment the Western world gained great power but lost its spiritual bearings This book draws on numerous sources ancient and modern to examine what the missteps were that have brought us to a point of such confusion and in doing so argues cogently against the modern philosophy of scientific materialism With the aid of biblical stories and imagery it suggests how we might find our way back to balance where ancient wisdom and modern science can together shed light on humans and their encompassing reality Vincent Smiles is professor of theology at Saint John's University Collegeville Minnesota

Meet It Rick Howard, 2015-03-01 Drink waters out of thine own cistern and running waters out of thine own well Let thy fountains be dispersed abroad and rivers of waters in the streets Let them be only thine own and not strangers with thee Proverbs 5:15-17 Solomon's divine counsel to the bride of Christ often goes unheeded in these last days of Earth's history

Pastors and church members alike dip into the wells of the world and drink from the tainted source of those strangers to truth Pastors turn and face the sun of Babylon when they attend learn at the feet of professors at schools like George Fox University that teach eastern mysticism spiritual formation contemplative prayer Ignatian spirituality which are all components of the emerging church movement The prophet Isaiah had this word of caution found in chapter 8 verse 20 To the law and to the testimony if they speak not according to this word it is because there is no light in them Even though the Holy Writ makes this stern warning it seems that Seventh day Adventist pastors are converging on centers of learning that train these wayward descendents of the seed of Abraham Then their unsuspecting flocks which they are to protectively shepherd fall prey to the wolf in sheep s clothing because they learn the same error that their shepherd gleaned at the university One of these pastors went so far as to put this erroneous Jesuit endorsed teaching in print to disperse it to a broader audience He notes beginning on the first page of the first chapter of his book *The Green Cord Dream* that the Advent movement was born in failure rather than success error rather than truth darkness rather than light and sorrow rather than joy pages 11 12 In this context the author does not give credence to the prophecy of the Great Disappointment on October 22 1844 found in Revelation 10 9 10 I went unto the angel and said unto him Give me the little book And he said unto me Take it and eat it up and it shall make thy belly bitter but it shall be in thy mouth sweet as honey And I took the little book out of the angel s hand and ate it up and it was in my mouth sweet as honey and as soon as I had eaten it my belly was bitter When God s prophecy is fulfilled how is that failure In addition to the issue of *The Green Cord Dream* author Rick Howard brings information to light in this book *Meet It* about The One Project movement He answers questions like What is it Where did it come from Who is responsible for its creation On the surface it looks promising but when delving under the superficial outer layers the powers of darkness are found lurking At an October 2011 meeting of The One Project group eleven authors were noted as being the most helpful Yet they all promote and support the emerging church spiritual formation interests They all endorse and advance mysticism and spiritism and all of them are leaders and teachers of these principles that are designed to win souls to Romanism Rick Howard s *Meet It* indeed probes the subtle nuances of this issue of the Omega apostasy where much is to be found Herein he picks up where his first volume *The Omega Rebellion* stopped and offers details that opens the eyes and ears of the elect who do not want this deception to enter any of the parameters of their lives
