gave way to widespread suffering and despair Of the many popular uprisings against autocratic regimes Tunisia s now stands alone as a beacon of hope for sustainable human rights progress Libya is a failed state Egypt returned to military dictatorship the Gulf States suppressed popular protests and tightened control and Syria and Yemen are ravaged by civil war Challenging the widely shared pessimism among regional experts Micheline Ishay charts bold and realistic pathways for human rights in a region beset by political repression economic distress sectarian conflict a refugee crisis and violence against women With due attention to how patterns of revolution and counterrevolution play out in different societies and historical contexts Ishay reveals the progressive potential of subterranean human rights forces and offers strategies for transforming current realities in the Middle East

Desert Kingdoms to Global Powers Rory Miller,2016-10-15 An expert in Arab Gulf politics offers a revealing analysis of the region s stunning rise to global power and the challenges it confronts today Once just sleepy desert sheikdoms the Arab Gulf states of Saudi Arabia Oman the United Arab Emirates Qatar Bahrain and Kuwait now exert unprecedented influence on international affairs the result of their almost unimaginable riches in oil and gas In this accessible study Gulf politics expert Rory Miller examines the achievements of these countries since the 1973 global oil crisis He also investigates how the shrewd Arab Gulf rulers who have overcome crisis after crisis meet the unpredictable future The Arab Gulf region has become a global hub for travel tourism sports culture trade and finance But can the autocratic regimes maintain stability at home and influence abroad as they deal with the demands of social and democratic reform Miller considers an array of factors Islamism terrorism the Arab Spring volatile oil prices global power dynamics and others to assess the region s future possibilities

Buraimi Michael Quentin Morton,2014-05-09 Buraimi is an oasis in an otherwise bleak desert on the border between Oman and the UAE In the early twentieth century it shot to notoriety as oil brought the world s attention to this corner of the Arabian Peninsula and the ensuing battle over energy resources between regional and global superpowers began In this lively account Michael Quentin Morton tells the story of how the power of oil and the conflicting interests of the declining British Empire and the United States all came to a head with the conflict between Great Britain and Saudi Arabia shaping the very future of the Gulf states The seeds of conflict over Buraimi were sown during the oil negotiations of 1933 in Jedda where the international oil companies vied for control of the future industry in the Arabian Peninsula As a result of lengthy discussions including the efforts of men such as St John Philby and Ibn Saud himself the Saudis granted an oil concession for Eastern Arabia without precisely defining the geographical limits of the area to be conceded Matters came to a head in 1949 when Saudi Arabia made claim to the territory and Great Britain acting on behalf of Oman and Abu Dhabi challenged the actions of the Saudis Attempts at arbitration failed and only one year before Britain s defeat over the Suez Canal Britain expelled Saudi Arabia from the oasis In the wake of Britain s withdrawal East of Suez in the early 1970s the dispute was apparently solved between Saudi Arabia and the UAE But whilst the controversy dominated Anglo Saudi relations for more than 30 years it still casts its shadow across the Gulf today threatening to expose the fragility

of the West's ever present dependency on the region for its supply of oil Morton brings a range of historical figures to life from the American oilmen arriving in steamy Jeddah in the 1930s to the rival sheikhs of Buraimi itself competing for power wealth and allegiances as well as the great players in world politics Churchill Truman and Ibn Saud This entertaining and thoroughly researched book is both a story of a decisive conflict in the history of Middle East politics and also of the great changes that the discovery of oil brought to this previously desolate land

Modernity and the Museum in the Arabian Peninsula Karen Exell, 2016-03-10

Modernity and the Museum in the Arabian Peninsula is dedicated to the recent and rapid high profile development of museums in the Arabian Peninsula focusing on the a number of the Arabian Peninsula states Bahrain Kuwait Oman Qatar and the UAE These Gulf states are dynamically involved in the establishment of museums to preserve and represent their distinct national culture and heritage as well as engaging in the regional and global art worlds through the construction of state of the art art museums Alongside such developments is a rich world of collection and displaying material culture in homes and private museums that is little known to the outside world Museum Studies literature has struggled to keep pace with such developments and Modernity and the Museum in the Arabian Peninsula is the first book to coherently present a contemporary overview of the ever evolving landscape of museums and related heritage projects in the Arabian Peninsula a critical evaluation of the nature of these museum projects within the political and cultural conditions in the Arabian Peninsula suggestions for productive ways forward for museum developments in the Arabian Peninsula Museums Studies students and museum professionals now have a book that fills an important gap in the picture of the museum worldwide Contextualising this study in the history and politics of the region from a scholar working within the region this in depth overview and critical analysis of museums in the Arabian Peninsula stands alone as an entry into this important topic
