Steam Treating Soils Dick Karsky, 1996 *The Golden Dream* Ronald Stagg, 2010-04-05 In the early twentieth century a movement flourished in the Midwestern states bordering the Great Lakes to champion the St Lawrence route as the answer to easily transporting goods in and out of the centre of the continent Internal rivalries in the United States and Canada held back the project for fifty years until Canada suddenly decided to build a seaway alone pressuring the American Congress to co operate The building of the Seaway and its completion in 1959 involved engineering on an unprecedented scale and significant human dislocation During construction communities along the Great Lakes planned for increased prosperity but changes in transportation aging infrastructure and environmental problems have mean that the Golden Dream has not been fully realized even today This popular history chronicles the rise of one of the great engineering projects in Canadian history and its controversial impact on the people living along the St Lawrence River **Bringing Art to Life** Andrew

Horrall, 2009-09-14 In 1959 Alan Jarvis the brilliant and charismatic director of the National Gallery of Canada was forced to resign following a disagreement with the government over the purchase of works by European Old Masters He never fully recovered from this dismissal or the public humiliation that followed succumbing to alcoholism in a little over a decade

Die Entdeckung des Insulins Michael Bliss, 2023 Das vorliegende Werk ist eine spannende Pflichtlektüre für Diabetologinnen und Diabetologen und alle an der Medizingeschichte interessierten Menschen mit und ohne Diabetes Nur der akribischen Arbeit des Historikers Prof Michael Bliss ist es zu verdanken dass wir über die Geschichte der Entdeckung des Insulins korrekt informiert wurden Zu sch n gl nzte bis dahin die Story dass ein genialer junger Kriegsheld in wenigen Monaten das lebensrettende Insulin entdeckte und so als erster Kanadier mit Nobelpreis zum Nationalhelden wurde Die Wahrheit war dass Banting in konfus dokumentierten Versuchen zahllose Hunde opferte Diese Herstellungsmethode für Insulin war viel zu kompliziert und unn tig Erst dem Biochemiker Collip gelang es 1921/22 direkt aus der Bauspeicheldrüse brauchbares Insulin zu gewinnen Bliss Arbeiten sind profund recherchiert und sein jetzt in einer sehr gut gelungenen deutschen Übersetzung von Dr Robert Augustin vorliegendes Werk *Die Entdeckung des Insulins* ist ein spannend

justice peace and progress **Smart Globalization** Andrew Smith,Dimitry Anastakis,2014-02-24 Today s globalization debates pit neoliberals who favour even deeper integration into the global economy against neo mercantilists who call for a relatively selective approach to globalization and the return to more interventionist industrial policies Both sides claim to have the facts on their side Inspired by the work of economists Ha Joon Chang and Dani Rodrik editors Andrew Smith and Dimitry Anastakis bring together essays from both historians and economists in this collection to test claims that wealth comes from either protectionism or free trade With empirical research that spans more than a century of Canadian history Smart Globalization demonstrates that Canada s success stemmed neither from complete openness to globalization or policies of isolation and self sufficiency **Thirst!** James M. Clemens,2022-03-21 Prohibition was the law of the land in both Ontario and the United States during the 1920s and 1930s Yet because of the one key difference between Ontario s Temperance Act and America s Eighteenth Amendment smugglers could make small fortunes transporting Ontario booze through the Great Lakes to harbours in America Thirst A Story of Prohibition in Ontario relates the account of how one such smuggling ship the doomed City of Dresden ended capsized on a sand bar off the north shore of Lake Erie just west of Port Rowan Ontario in late November 1922 The author details how the local inhabitants handled the liquid cargo and how the prohibition authorities dealt with the local farmers The use of reminiscences historical excerpts from newspapers and a one hundred page court record of the trials of the farmers bring real life characters to the page giving readers a fascinating glimpse into the lives of farmers bootleggers and government enforcers at the heart of his story Thirst also uses the story of the wreck of the Dresden as a springboard to explore some of the main themes related to prohibition the solidarity of a community when threatened by outside forces reactions to unpopular laws and those who enforce those laws how greed can force people to take unnecessary risks the rivalry between city and village and the beginning of disillusionment with prohibition itself Readers having an interest in early twentieth century Ontario history especially prohibition and those familiar with Long Point and Lake Erie will find Thirst A Story of Prohibition in Ontario an enjoyable and informative study

Rose Henderson Peter Campbell,2010-11-02 The political movements and social causes of the turbulent 1920s and 30s are brought to life in this study of the work and times of feminist socialist and peace activist Rose Henderson 1871 1937 Her commitment to social justice led to frequent monitoring and repression by the authorities but her contributions to activist thought continue to pose challenges for interpretations of the history of Canada leftism labour and women In the first biography of Henderson Peter Campbell provides a broader vision and deeper analysis of the period drawing together the history of labour and of women s movements in French and English Canada as well as the rise of the Cooperative Commonwealth Federation and its relationship with the Communist Party Through analysis of Henderson s ground breaking ideology Campbell shows that in the interwar years she and her comrades developed a distinctive feminism that differs from that of the first and second waves of feminist thought A fresh look at the turmoil of the early twentieth century from an eye in

Abel,2006-05-05 Changing Places examines the process by which a relatively coherent community emerged in the sub region of Northern Ontario bounded by Timmins Iroquois Falls and Matheson Using archival oral and newspaper sources Kerry Abel offers the only comprehensive history of the area She rejects traditional sociological and anthropological models about community and identity in favour of a more nuanced interpretation that takes historical process into account **Nations**

are Built of Babies Cynthia R. Comacchio,1993-12-09 Nations Are Built of Babies documents a national campaign by Ontario physicians to reduce infant and maternal mortality in the early twentieth century Armed with a secure faith in science and aided by the increasingly important position of experts in Canadian society the medical profession tackled the national tragedy of infant and maternal mortality by advocating scientific motherhood Canadian mothers were believed to be handicapped by an ignorance that could be remedied only through expert tutoring and supervision of child rearing duties Working within a Marxist feminist framework Cynthia Comacchio demonstrates that the campaign was part of a conscious plan to modernize Canadian families to meet the ideological imperatives of industrial capitalism Doctors reasoned that if infants could be saved and their physical mental and moral health regulated the benefits in socio economic terms would more than offset any individual or state investment **United Empire** ,1940 **In Search of R.B. Bennett** P.B.

Waite,2012-05-17 Writing a life of Bennett who reportedly destroyed his correspondence every seven years presents challenges for the biographer Yet as P B Waite shows Bennett s lasting contributions to Canada are beyond doubt He describes Bennett s bold initiatives including his attempt to introduce unemployment insurance and a minimum wage as well as his founding of the Bank of Canada and the Canadian Broadcasting Corporation achieved in the teeth of opposition from banking and media magnates Waite also contemplates Bennett s friendships his relationships and his lifelong bachelorhood shedding new light on his life and personality With warmth wit and a deep knowledge of its subject In Search of R B Bennett

brings Bennett the man his penchants prejudices weaknesses and strengths before the reader *Henry John Cody* Donald Campbell Masters, 1995-01-06 Henry John Cody was born in Embro Ontario on December 6 1868 He was a great man in his day in Toronto especially in the Anglican church in educational circles both in school and university and in the Conservative Party but now some forty years after his death he is almost forgotten and indeed unheard of by anyone under 50
