Death on the Small Screen Jonathan F. Bassett, 2022-10-17 Mortality remains a taboo topic in much of Western society but death and violence continue to be staples of popular television We can better understand the appeal of violence by investigating psychological theories surrounding anxiety about death and the defenses we use to manage that anxiety This book examines five recent television series Game of Thrones The Punisher Jessica Jones Sons of Anarchy and Hannibal and shows how fictional characters motivations teach viewers about both the constructive and destructive ways we try to deal with our own mortality Instead of dismissing violent television as harmless entertainment or completely condemning it as a dangerous trigger of hostile behavior this book shows its effects on viewers in a more nuanced manner It provides a new perspective on the enjoyment of violent television enhancing fans appreciation and sparking ongoing discussions about their value to both the individual and society
