Witches of America Alex Mar, 2015-10-20 Witches are gathering. When most people hear the word witches they think of horror films and Halloween, but to the nearly one million Americans who practice Paganism today, witchcraft is a nature worshipping, polytheistic and very real religion. So Alex Mar discovers when she sets out to film a documentary and finds herself drawn deep into the world of present day magic. Witches of America follows Mar on her immersive five year trip into the occult, charting modern Paganism from its roots in 1950s England to its current American mecca in the San Francisco Bay Area, from a gathering of more than a thousand witches in the Illinois woods to the New Orleans branch of one of the world's most influential magical societies. Along the way she takes part in dozens of rituals and becomes involved with a wild array of characters: a government employee who founds a California priesthood dedicated to a Celtic goddess of war; American disciples of Aleister Crowley whose elaborate ceremonies turn the Catholic mass on its head; second wave feminist Wiccans who practice a radical separatist witchcraft; a growing mystery cult whose initiates trace their rites back to a blind shaman in rural Oregon. This sprawling magical community compels Mar to confront what she believes is possible or hopes might be. With keen intelligence and wit, Mar illuminates the world of witchcraft while grappling in fresh and unexpected ways with the question underlying every faith: Why do we choose to believe in anything at all? Whether evangelical Christian, Pagan priestess or atheist, each of us craves a system of meaning to give structure to our lives. Sometimes we just find it in unexpected places.

The War of the Angels Jesús Ariel Aguirre, 2023-11-02 A mysterious object has been stolen from the British Museum. A group of religious fanatics intends to use it to give life to an evil creature using an old lost language: that of angels. Adams, a young priest, together with the old chaplain Martin, will seek the help of Professor Thomas Dee, who knows Enochian, a language created by his great-great-grandfather John Dee. In search of a forbidden book, they will begin this adventure that will take them through Spain, France, Italy, Germany, Greece, the United Kingdom, the Czech Republic, Russia, Turkey, Mexico, and Antarctica itself. Following in the footsteps of Lovecraft and his Myths, they will seek the answer in the Necronomicon and other Grimoires that will teach them to close the evil portal. They will come across characters like Nostradamus, Rasputin, Alice Crowley, Van Gogh, and Merlin. They will also delve into the mysteries of Kabbalah and Alchemy. They will analyze the Crusades, the Holy Inquisition, the Cathars, and the Essenes. Only the Angels will be able to help them with their difficult mission that will take them through great libraries and unveil the mystery of the great Cathedrals.
