The Routledge Companion to Corporate Social Responsibility Thomas Maak,Nicola Pless,Marc Orlitzky,Sukhbir Sandhu,2021-08-25 While the concept and domain of Corporate Social Responsibility CSR are not new its beginnings can be tracked back to the 1960s its scope urgency and relevance have shifted dramatically in recent years CEO responses show that the majority of business leaders understand that they operate in an environment of contested values and that stakeholders expect companies to do better and more However many corporate incentive systems are not in sync with societal norms and expectations Moreover grand challenges such as climate change and global pandemics and
