Everything And Nothing Jorge Luis Borges:

Everything and Nothing Jorge Luis Borges, 1999 Some of the most witty uncannily original short fiction in Western Literature The New Yorker **The Indiscrete Image** Thomas A. Carlson, 2009-05-15 Humanity's creative capacity has never been more unsettling than it is at our current moment when it has ushered us into new technological worlds that challenge the very definition of the human Those anxious to safeguard the human against techno scientific threats often appeal to religious traditions to protect the place and dignity of the human But how well do we understand both theological tradition and today's technological culture In The Indiscrete Image Thomas A Carlson challenges our common ideas about both arguing instead that it may be humanity's final lack of definition that first enables and calls for human creativity and its correlates including technology tradition and their inextricable interplay within religious existence Framed in response to Martin Heidegger's influential account of the relation between technological modernity and theological tradition The Indiscrete Image builds an understanding of creativity as conditioned by insurmountable unknowing and incalculable possibility through alternative readings of Christian theological tradition and technological culture and the surprising resonance between these two Carlson concludes that the always ongoing work of world creation tied essentially to human self creation implies neither an idol's closure nor an icon's transcendence but the indiscrete image whose love makes possible by keeping open both the human and its world **"Er ist wie ein jüngerer Bruder von mir"** Jutta Eckle, 2003

With the World at Heart Thomas A. Carlson, 2019-05-01 What is the role of love in opening and sustaining the temporal worlds we inhabit One of the leading scholars in philosophy and the history of religious thought Thomas A Carlson here traces this question through Christian theology twentieth century phenomenological and deconstructive philosophy and nineteenth century individualism Revising Augustine's insight that when we love a place we dwell there in the heart Carlson also pointedly resists lines of thought that seek to transcend loss and its grief by loving all things within the realm of the eternal Through masterful readings of Heidegger Derrida Marion Nancy Emerson and Nietzsche Carlson shows that the fragility and sorrow of mortal existence in its transience do not in fact contradict love but instead empower love to create a world **La cosa è scabrosa** Carola Bebermeier, Melanie Unseld, 2018-06-11 La cosa scabrosa Die Sache ist heikel wissen die Gr fin Susanna und Figaro als sie das Verwehlungsspiel f r den Grafen einf deln das doch nach Theaterbrauch gl cklich enden soll Dieses Verwirr und Verwehlungsspiel ist der N hrboden f r Am sement in der Opera buffa Le nozze di Figaro von Lorenzo da Ponte und Wolfgang Amad Mozart Dass sich solcherart Vergn gen auf der Wiener Opernb hne 1786 ereignen konnte basiert nicht zuletzt darauf dass das Publikum mit den Konventionen der Opera buffa den auf und hinter der B hne agierenden Personen und den in Libretto und Musik verborgenen intertextuellen Anspielungen vertraut war Diese Zusammenh nge rund um das Ereignis Figaro 1786 werden in diesem Sammelband neu betrachtet in der Zusammenschau dessen was das Wiener Publikum dieser Zeit erlebte und faszinierte welche Diskurse virulent waren und welche Akteurinnen

L. Barber, Richard P. Wheeler, 2023-04-28 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1986 Fictions Markus Gabriel, 2024-03-12 From ancient philosophy to contemporary theories of fiction it is a common practice to relegate illusory appearances to the realm of the non-existent like shadows on the wall of Plato's cave Contrary to this traditional mode of drawing a metaphysical distinction between reality and fiction Markus Gabriel argues that the realm of the illusory fictional imaginary and conceptually indeterminate is as real as it gets Being in touch with reality need not and cannot require that we overcome appearances in order to grasp a meaningless reality which exists out there outside and maybe even beyond our minds Human mindedness Geist exists in the mode of fictions through which we achieve self-consciousness This novel approach provides a fresh perspective on our existence as subjects who lead their lives in the light of self-conceptions Fictions also develops a social ontology according to which the social unfolds as a constant renegotiation of dissent of different points of view onto the same reality Thus we cannot ever hope to ground human society in a fiction-free realm of objective transactions However this does not mean that truth and reality are somehow outdated concepts On the contrary we need to enlarge our conception of reality so that it fully encompasses ourselves as specifically minded social animals This major new work of philosophy will be of interest to students and scholars throughout the humanities and to anyone interested in contemporary philosophy and social thought *The Buddha and the Bard* Lauren Shufan, 2023-01-10 What does Shakespeare have to teach us about mindfulness What Eastern spiritual views about death love and presence are reflected in the writings of The Bard The Buddha and the Bard reveals the surprising connections between the 2 500 year old spiritual leader and the most compelling writer of all time Shufan's compelling juxtapositions will encourage the reader to ask the deepest questions of themselves while delighting in the play of resonances across a cultural and historical divide YOGA

Elements Casey Clabough, 2002 *Elements The Novels of James Dickey* draws upon previously undiscussed manuscripts and notes to articulate Dickey's fictional vision as it appears in his three published novels while also examining his early unpublished fiction and post-deliverance screenplays The book's thesis follows Dickey's philosophical and verbal theory for his published fiction the practice of merging illustrating the multifaceted and layered manner in which it functions encompassing protagonist and environment and reader and text Just as Ed Gentry Joel Cahill and Muldrow assume the essence of their respective environments the reader is subtly asked to become a part of the text while retaining cognitive independence to blend in the place you're in but with a mind to do something

To the White Sea 273 Having explored the connective qualities of Dickey's published novels the book's final chapter turns to a summary of Dickey's unpublished and largely unknown fiction Discussing a novel manuscript four short stories three screenplays and five screenplay prospects the chapter seeks to summarize these heretofore undiscussed works while also tracing their similarities with the published texts
