Teaching Peace Denny J. Weaver, Gerald Biesecker-Mast, 2003-09-08 This book opens a new frontier in understanding nonviolence Discussions of peace and nonviolence usually focus on either moral theory or practical dimensions of applying nonviolence in conflict situations *Teaching Peace* carries the discussion of nonviolence beyond ethics and into the rest of the academic curriculum This book isn't just for religion or philosophy teachers it is for all educators *Teaching Peace* begins with a discussion rooted in Christian theology where nonviolence is so central and important But it is clear that there are other paths to nonviolence and that one certainly doesn't have to be a Christian to

practice nonviolence The pieces that follow therefore show how a nonviolent perspective impacts disciplines across the curriculum from acting to biology to mathematics to psychology

Beyond Pug's Tour , 2022-06-08 At a time when the world Europe especially is once more threatened by murderous conflicts between groups of people claiming ethnic and national identity as a basis for sovereignty over specific territories it is timely to consider the part that literature has played and is playing in the creation of ethnic and national stereotypes What role do such stereotypes have in literature How are they created From what materials are they constructed What purpose do ethnic and national stereotypes serve Can it ever be a

useful one Are they avoidable Can we live without them What can be done about the deleterious effects they may be thought to produce Stereotyping is worldwide is there a tribe race and nation in existence which escapes being stereotyped by its neighbours In what sense are these stereotypes accurate How are these stereotypes reflected in and reinforced by literature Should and can literature do anything about them In Beyond Pugs Tour National and Ethnic Stereotyping in Theory and Literary Practice literary scholars as well as academics engaged in sociological and psychological research consider these and other questions by examining the work of specific authors and the circumstances in which stereotyping plays such a crucial part

The Lonely Mind of God Sherman O'Brien,2021-01-26 Current students of philosophy or armchair philosophers Want the answer to the Primordial Existential Question Why is there something rather than nothing While history has produced no shortage of attempted answers clearly none is the answer Now comes the unique perspective of acosmism to provide a complete and plausible answer After a lifetime of reflection acosmist Sherman O'Brien offers this analysis of the issues and a thoughtful reasoned answer to philosophy's most vexing question The acosmic answer requires no faith whatsoever either in supernatural or unexplained causes in fact it discourages it

Acosmism rejects both traditional religion and philosophically neglectful science As a metaphysical system it is based on an epistemological insight with implications for immortality determinism ethics and ultimate purpose Reasoned wholly from the ground up its conclusion is the very meaning of existence The solution to the Omniscience Riddle becomes the key to understanding how the question is best stated and understood This book represents one person s effort to make sense of what is true and what only seems to be so Why is there something rather than nothing What is your potential role in the entirety of experience This foray into acosmism offers a path to the genuine understanding of both existence and reality Note the main text constitutes roughly two thirds of the total pages the remainder being mostly endnotes **EBook: Social**
