From Third World To First The Singapore Story 1965 2000 Lee Kuan Yew:

From Third World to First: The Singapore Story, 1965-2000 Lee Kuan Yew, 2012-09-15 Few gave tiny Singapore much chance of survival when independence was thrust upon it in 1965 Today the former British trading post is a thriving Asian metropolis with one of the world's highest per capita income The story of that transformation is told here by Singapore's charismatic controversial founding father Lee Kuan Yew From Third World To First continues where the best selling first volume The Singapore Story left off and brings up to date the story of Singapore's dramatic rise It was first published in 2000 Delving deep into his own meticulous notes and previously unpublished papers and cabinet records Lee details the extraordinary efforts it took for an island city state in Southeast Asia to survive with just a razor's edge to manoeuvre in as Albert Winsemius Singapore's economic advisor in the 1960s put it We read how a young man of 42 and his cabinet colleagues finished off the communist threat to the fledgling state's security and began the long hard work of building a nation creating an army from scratch stamping out corruption providing mass public housing and masterminding a national airline and airport Lee writes frankly about his trenchant approach to political opponents and his often unorthodox views on human rights democracy and inherited intelligence aiming always to be correct not politically correct Nothing about Singapore escaped his watchful eye whether choosing shrubs for roadsides restoring the romance of historic Raffles Hotel of persuading young men to marry women as well educated as themselves Today's safe tidy Singapore certainly bears his stamp but as he writes If this is a nanny state I am proud to have fostered one

From Third World to First Lee Kuan Yew, 2011-02-08 Few gave tiny Singapore much chance of survival when it was granted independence in 1965 How is it then that today the former British colonial trading post is a thriving Asian metropolis with not only the world's number one airline best airport and busiest port of trade but also the world's fourth highest per capita real income The story of that transformation is told here by Singapore's charismatic controversial founding father Lee Kuan Yew Rising from a legacy of divisive colonialism the devastation of the Second World War and general poverty and disorder following the withdrawal of foreign forces Singapore now is hailed as a city of the future This miraculous history is dramatically recounted by the man who not only lived through it all but who fearlessly forged ahead and brought about most of these changes Delving deep into his own meticulous notes as well as previously unpublished government papers and official records Lee details the extraordinary efforts it took for an island city state in Southeast Asia to survive at that time Lee explains how he and his cabinet colleagues finished off the communist threat to the fledgling state's security and began the arduous process of nation building forging basic infrastructural roads through a land that still consisted primarily of swamps creating an army from a hitherto racially and ideologically divided population stamping out the last vestiges of colonial era corruption providing mass public housing and establishing a national airline and airport In this illuminating account Lee writes frankly about his trenchant approach to political opponents and his often unorthodox views on human rights democracy and inherited

intelligence aiming always to be correct not politically correct Nothing in Singapore escaped his watchful eye whether choosing shrubs for the greening of the country restoring the romance of the historic Raffles Hotel or openly unabashedly persuading young men to marry women as well educated as themselves Today s safe tidy Singapore bears Lee s unmistakable stamp for which he is unapologetic If this is a nanny state I am proud to have fostered one Though Lee s domestic canvas in Singapore was small his vigor and talent assured him a larger place in world affairs With inimitable style he brings history to life with cogent analyses of some of the greatest strategic issues of recent times and reveals how over the years he navigated the shifting tides of relations among America China and Taiwan acting as confidant sounding board and messenger for them He also includes candid sometimes acerbic pen portraits of his political peers including the indomitable Margaret Thatcher and Ronald Reagan the poetry spouting Jiang Zemin and ideologues George Bush and Deng Xiaoping Lee also lifts the veil on his family life and writes tenderly of his wife and stalwart partner Kwa Geok Choo and of their pride in their three children particularly the eldest son Hsien Loong who is now Singapore s deputy prime minister For more than three decades Lee Kuan Yew has been praised and vilified in equal measure and he has established himself as a force impossible to ignore in Asian and international politics From Third World to First offers readers a compelling glimpse into this visionary s heart soul and mind

Civic Nationalisms in Global Perspective Jasper Trautsch, 2019-03-14 Recent events around the globe have cast doubt on the assumption that as a result of increasing cross border migrations and global interdependencies nation

states are becoming more inclusive ethnic forms of identification more and more a thing of the past and processes of supranational integration progressively more acceptable Xenophobic forms of nationalism have once again been on the rise as became strikingly visible through the results of the Brexit referendum the election of Donald Trump and the inclusion of the Lega Nord in the Italian government It is timely therefore to inquire how multiethnic forms of nationalism can be re promoted and for this purpose to re investigate the concept of civic nationalism This book assembles case studies that analyse the historical practices of civic or quasi civic nationalisms from around the world By allowing for global comparisons the collection of articles seeks to shed new light on pressing questions faced by nation states around the world today Are truly civic nationalisms even possible Which strategies have multiethnic nation states pursued in the past to foster national sentiment How can nation states generate social solidarity without resorting to primordialism Can the historical example of civic or quasi civic nation states offer useful lessons to contemporary nation states for successfully integrating immigrants

Intellectual Property in Asia Paul Goldstein, Joseph Straus, 2009-01-07 Introduction Intellectual property rights foster innovation But if as it surely does intellectual property means not just intellectual property rules the law of patents copyrights trademarks designs trade secrets and unfair competition but also intellectual property institutions the courts police regulatory agencies and collecting societies that administer these rules what are the respective roles of intellectual property rules and institutions in fostering creativity And to what extent do forces outside intellectual property rules and institutions economics culture politics history also contribute to innovation Is it possible that these other factors so overwhelm the impact of intellectual property regimes that it is futile to expect adjustments in intellectual property rules and institutions to alter patterns of innovation and ultimately economic development It was to address these questions in the most dynamic region of the world today Asia that we invited leading country experts to contribute studies that not only summarize the current condition of intellectual property regimes in countries ranging in economic size from Cambodia to Japan and in population from Laos to China but that also describe the historical sources of these laws and institutions the realities of intellectual property enforcement in the marketplace and the political economic educational and scientific infrastructures that sustain and direct investment in innovative activity A **Cultural Politics and Asian Values** Michael D.
