Hendley, 2012-02-27 Patriotic organizations in prewar Britain are often blamed for the public s enthusiastic response to the outbreak of World War One The wartime experience of these same organizations is insufficiently understood In Organized Patriotism and the Crucible of War Matthew Hendley examines how the stresses and strains of the Great War radically reshaped popular patriotism and imperialism in Britain after 1918 Using insights from gender history and recent accounts of associational life in early twentieth century Britain Hendley compares the wartime and postwar histories of three major patriotic organizations founded between 1901 and 1902 the National Service League the League of the Empire and the Victoria League He shows how the National Service League strongly masculinist and supportive of militaristic aims floundered in wartime Conversely the League of the Empire and the Victoria League with strong female memberships goals related to education and hospitality and a language emphasizing metaphors of family home and kinship prospered in wartime and beyond into the 1920s Organized Patriotism and the Crucible of War is a richly detailed study of women s roles in Britain during the height of popular imperialism as well as a major contribution to our understanding of the continuities in Britain Organizing Genius Warren G. Bennis, Patricia Ward Biederman, 2007-03-21 before and after the First World War Uncovers the elements of creative collaboration by examining six of the century s most extraordinary groups and distill their successful practices into lessons that virtually any organization can learn and commit to in order to transform its own management into a collaborative and successful group of leaders Paper DLC Organizational effectiveness Case studies Α Theology of Community Organizing Chris Shannahan, 2013-11-12 The rising importance of community organizing in the US and more recently in Britain has coincided with the developing significance of social movements and identity politics debates

about citizenship social capital civil society and religion in the public sphere At a time when participation in formal political process and membership of faith groups have both declined dramatically community organizing has provided a new opportunity for small community groups marginalized urban communities and people of faith to engage in effective political action through the developments of inter faith and cross cultural coalitions of groups In spite of its renewed popularity little critical attention has been paid to community organizing This book places community organizing within debates about the role of religion in the public sphere and the rise of public theology in recent years. The book explores the history methodology and achievements of community organizing engaging in a series of conversations with key community organizers in the US and Britain This volume breaks new ground by beginning to articulate a cross cultural and inter faith Theology for Community Organizing that arises from fresh readings of Liberation Theology **Organizing Your Own** Say Burgin, 2024-04-16 The untold story of how white activists in Detroit heeded Black Power's call for them to organize against racism in white communities Deconstructing Organized Crime Joseph L. Albini, Jeffrey Scott McIllwain, 2012-09-26 What is organized crime There have been many answers over the decades from scholars governments the media pop culture and criminals themselves These answers cumulatively created a Mafia Mystigue that dominated discourse until after the Cold War when transnational organized crime emerged as a pronounced if nebulous threat to global security and stability The authors focus both on the American experience that dominated organized crime scholarship in the second half of the 20th century and on the more recent global scene Case studies show that organized crime is best understood not as a series of famous gangsters and events but as a structure of everyday life formed by numerous political social economic and anthropological variables Instructors considering this book for use in a course may request an examination copy here
