Democracy and Sovereignty in Spain Francisco J. Bellido, 2023-03-03 This book delves into the conceptual changes produced by the Spanish constitutional debate held between 27 August and 9 December 1931 Taking place at the beginning of Spain's Second Republic those parliamentary deliberations brought about significant novelties in the political vocabulary Concepts such as democracy sovereignty reform revolution and freedom among others were re signified This study investigates the conceptual contributions made by Spanish MPs in the course of the constitutional debate of 1931 by assuming as a research approach an interdisciplinary stance combining conceptual history political theory and parliamentary constitutional history By doing so it selects five determining issues the pervasive discussion about two competing meanings of a democratic state the rhetorical uses of reform and revolution conceptual controversies about religious freedom the disputed idea of property rights and the functions of parliament and the president of the republic in a semi presidential regime The constitutional debate was largely inspired by interwar European constitutionalism which constituent representatives used to update the Spanish constitutional tradition With that goal in mind this book is aimed at undergraduate and graduate students and scholars working in the fields of conceptual history political philosophy parliamentary history European political history and European constitutionalism

Alberto Montaña Plata, 2015-12-11 El operador jurídico administrativo en la actualidad. El juez, el funcionario, el abogado o el asesor debe tener un alto grado de especialización y por lo tanto no detentar una técnica particular para el desarrollo de sus singulares y cotidianas actividades. La especialización se ha convertido en un requerimiento fundamental que pareciera muchas veces invitar a desanimar las referencias jurídicas generales por una parte y por la otra a propiciar una profundización cargada de componentes técnicos. Esta tendencia se aprecia mejor con un referente jurídico privado que en términos históricos de manera casi obligada han tenido las instituciones del derecho administrativo. Lo novedoso de estas ha sido el régimen administrativo frente a situaciones y relaciones reguladas de antaño por el derecho privado o más genéricamente por el derecho común por eso esa novedad se ha hecho relativa frente a una construcción paralela de instituciones públicas y privadas donde las primeras son muchas veces adaptación de las segundas a requerimientos propios de una disciplina más joven y consecuentemente más inmadura como el derecho administrativo. La especialización se ha convertido entonces en el motor del proceso de madurez del derecho administrativo un proceso sin dudas inacabado que pareciera demostrar unos sustentos teóricos y prácticos contundentes pero también que no va a terminar con la independencia absoluta del derecho administrativo frente al derecho común sino por el contrario consciente de ese paralelismo lo robustece en algunas oportunidades o lo debilita en otras tomando para sí situaciones y relaciones nuevas o dejando y abandonando para su inserción en el derecho común respectivamente.

Gómez, Laura Carballo Piñeiro, 2016-11-25 Comparative Law for Spanish English Speaking Lawyers provides practitioners and students of law in a variety of English and Spanish speaking countries with the information and skills needed to successfully undertake competent comparative legal research and communicate with local counsel and clients in a second language Written with the purpose of helping lawyers develop the practical skills essential for success in today's increasingly international legal market this book aims to arm its readers with the tools needed to translate unfamiliar legal terms and contextualize the legal concepts and practices used in foreign legal systems Comparative Law for Spanish English Speaking Lawyers Derecho comparado para abogados anglo e hispanoparlantes escrita en inglés y español persigue potenciar las habilidades lingüísticas y los conocimientos de derecho comparado de sus lectores Con este propósito términos y conceptos jurídicos esenciales son explicados al hilo del análisis riguroso y transversal de selectas jurisdicciones hispano y angloparlantes El libro pretende con ello que abogados estudiantes de derecho y traductores puedan trabajar en una segunda lengua con solvencia y consciencia de las diferencias jurídicas y culturales que afectan a las relaciones con abogados y clientes extranjeros La obra se complementa con ejercicios individuales y en grupo que permiten a los lectores reflexionar sobre estas divergencias Selected Bibliography on Legal and Related Matters Affecting Business in Argentina Pan American Union. Division of Law and Treaties, 1951 *Precedente judicial en el Contencioso Administrativo: estudio desde las fuentes del derecho* Iregui Parra, Paola Marcela, 2016-11-30 La historia del derecho colombiano refleja exactamente la forma como las instituciones y los gobernantes se han amoldado a las nuevas realidades de la sociedad En este sentido muchos cambios han sido fruto de reclamaciones violentas otras pacíficas por reformas al gobierno a la administración a las instituciones jurídicas políticas y sociales en general reclamando justicia igualdad y la protección de los derechos de las personas En este contexto se considera pertinente estudiar uno de los temas más tradicionales del derecho sus fuentes presentando las alteraciones que han sufrido al reconocer la aparición de nuevas instituciones que han incursionado con fuerza en el ordenamiento afectando la jerarquía existente A pesar de que el sistema colombiano se enmarca dentro del Sistema Romano Germano donde la ley es la principal fuente del derecho en la actualidad conceptos como el precedente judicial han tomado fuerza convirtiéndose verdaderamente en fuente del derecho colombiano alterando la concepción clásica de las fuentes y su organización jerárquica tradicional de acuerdo al valor vinculante que se le ha otorgado Lo cual se puede evidenciar en la Ley 1437 de 2011 en la que el legislador intervino en la materialización del concepto de precedente judicial en la Jurisdicción Contencioso Administrativa con la creación de las sentencias de unificación y la posibilidad de extender los efectos de las mismas Lo novedoso de la publicación es que la discusión sobre la alteración de la jerarquía de las fuentes del derecho se aborda desde una perspectiva rica pero desarrolla puntualmente mecanismos como las sentencias de unificación y la extensión de jurisprudencia
