disappointed remember all those other disappointing relationships and with a narcissist that can be a very difficult thing because they don't react to disappointment the way others do Normal disappointment tends to be marked by an acceptance that the other person either doesn't want to make the change or cannot make the change Either way we recognize that the other person has a right to be themselves and we can love and accept them as they are or not That's not the way the narcissist sees it which brings us to the third stage Devaluation Narcissists take the sort of disappointment that the rest of us would get over quite personally They take the refusal as an insult a criticism that they cannot tolerate rather than an assertion of the other party's right to be who they are This leads to anger fights and emotional abuse as the narcissist begins to devalue the other person in various ways By now friendly suggestions have turned to blunt criticism but as this devaluation process progresses that blunt criticism becomes increasingly insulting and demeaning Even worse what had once been said behind closed doors goes public usually in front of family and friends This pattern of growing hostility and verbal abuse continues to grow until it becomes the primary way the narcissist interacts with their partner Cruelty becomes the norm fighting escalates and physical abuse becomes a real possibility It is important to recognize that it takes two people willing to engage in this behavior so you don't have to participate anymore Anyone can suffer from narcissistic abuse syndrome Women men adults children young or old it doesn't matter Nor does it matter how smart you are how grounded you think you are or how well you think you can read people Why Because narcissists are masters of deceit and manipulation anyone can be made a victim and suffer abuse at their hands Those that do are likely to develop some level of Narcissistic Abuse Syndrome In this book you will learn more about Defining Narcissistic Behavior in Simple Terms Overcoming Negative Personality Traits Understanding Your Thinking Choices and Self Discovery Narcissism in Families How Did I Get This Way Unlearning Unhealthy Patterns Can I Choose a New Way of Thinking Does Genetics Play a Role Freedom at Last How to Heal from Narcissistic Abuse AND MORE What are you waiting for Click buy now **Narcissist Abuse Recovery** Jean Harrison, Melody Dixon, 2019-09-30 Are You Done With Being the Narcissist's Doormat and Eager to Restore Your Dignity Then Keep reading Do you constantly feel like you're being targeted by abusive individuals who exploit your kindness Are you left conflicted and confused after the relationship falls apart Picture this You find yourself trapped in a toxic relationship constantly belittled manipulated and stripped of your self worth The person you once adored has turned into a puppeteer dictating your life and leaving you powerless and drained Sound familiar It's a simple fact that the narcissist in your life doesn't care about you To them you are nothing more than a source of attention admiration and praise They need you to supply these things so that they can continue to support their inflated false sense of self If you've been a victim of narcissistic abuse you probably feel isolated and helpless thinking no one will understand you But there's hope Narcissist Abuse Recovery was written by someone who's experienced what you've been through pain confusion and desperation for something better Drawing on real life stories and experiences this book offers a deep understanding of narcissism its impact
