

Modernism

- High-brow genres
- Rejection of literary conventions
- Idiosyncratic language
- Modernism emerged around the time of the second industrial revolution (1870-1920), which was marked by the decline of stable social classes, the beginning of professionalism, and a sense of urban alienation.

Postmodernism

- Mixing of high- and low-brow genres
- Parody of literary conventions
- Simple language
- Postmodernism generally refers to cultural phenomena with certain characteristics that emerged after the Second World War. When exactly postmodernism starts vary according to national contexts and individual critics.

Differences Between Modernism And Postmodernism:

American Fiction: Modernism-Postmodernism, Popular Culture, and Metafiction Jaroslav Kušnir, 2012-01-31
Jaroslav Kušnir's book *American Fiction: Modernism, Postmodernism, Popular Culture, and Metafiction* is a sequel to his previous study on American postmodern fiction entitled *Poetika americké postmoderní prózy*. Richard Brautigan and Donald Barthelme. *Poetics of American Fiction*. Richard Brautigan and Donald Barthelme. Prelovo Impreso 2001. It explores various aspects of American postmodernist fiction as manifested in the works by Richard Brautigan, Donald Barthelme, and other American postmodernist authors such as Robert Coover, E. L. Doctorow, Kurt Vonnegut, and Paul Auster. Analyzing various short stories and novels, the author shows differences between modernist and postmodernist literature in the works of Donald Barthelme. The way postmodern parodies of popular literary genres give a critique of some aspects of American cultural identity and experience the American Dream, individualism, consumerism, and he also shows different ways postmodern authors such as Robert Coover, Kurt Vonnegut, and Paul Auster create metafictional effect as one of the most significant aspects of postmodern literature.

Modernity, Modernism, Postmodernism Terry Eagleton, 2000. *Modernism, Postmodernism, and the Short Story in English*, 2012-01-01. How can the short story help to redefine modernism, postmodernism, and their interrelationship? What is the status of the short story in modern literary history? These are the central questions that the essays collected in this volume try to answer from different perspectives through readings of short fiction in English and accounts of the genre's theorisations. The essays by a group of international scholars tackle theoretical issues that are central in approaches to both movements such as periodisation, autonomy, high vs. popular literature, totality vs. fragmentation, surface vs. depth, otherness, representation, and above all, the subject and its vicissitudes. Because it blends theory-based arguments into the approaches to the short fiction of mainly canonical authors (Joyce, Woolf, Lewis, Ballard, Carter, Rushdie, or Wallace), *Modernism, Postmodernism, and the Short Story in English* is of interest not only to readers and scholars of the short story but also to those coming from the fields of literary theory and literary history.

Approaching Postmodernism Douwe W. Fokkema, Hans Bertens, 1986-01-01. Most of the essays collected in this volume deal with theoretical issues that dominate the international debate on Postmodernism, issues such as the shifting nature of the concept, the problem of periodization, and the problem of historicity. Other essays offer readings of Postmodernist texts and relate practical criticism to a theoretical framework. Hans Bertens (Utrecht) sketches the historical development of the concept. Postmodernism in American criticism: distinguishing between the various definitions that have been proposed over the last twenty-five years in an attempt to bring some order to the field and to facilitate future discussion. Brian McHale (Tel Aviv) and Douwe Fokkema (Utrecht) offer models for the description of Postmodernist texts. Richard Todd (Amsterdam) argues convincingly that Postmodernism is much more of a presence in contemporary British fiction than has so far been assumed, and Herta Schmid (Munich) presents a similar argument with respect to Russian avant-garde theater. Elrud Ibsch (Amsterdam)

presents a contrastive analysis of Thomas Bernhard and Robert Musil Ulla Musarra Nijmegen writes on Italo Calvino The relation between Existentialism and Postmodernism is examined by Gerhard Hoffman W rzburg Theo D haen Utrecht finds important parallels between Postmodernism in literature and in the visual arts Matei Calinescu Bloomington Ind relates literary Postmodernism to a far more general cultural shift rejecting however Foucault s notion of an epistemic break and arguing for both continuity and discontinuity Finally Helmut Lethen Utrecht and Susan Suleiman Harvard sharply question the concept of Postmodernism Suleiman argues that the supposed Postmodernist reaction against Modernism may well be a critical myth or if it isn t a reaction limited to the American literary situation

International Postmodernism Johannes Willem Bertens, Hans Bertens, Douwe Fokkema, 1997 Containing more than fifty essays by major literary scholars International Postmodernism divides into four main sections The volume starts off with a section of eight introductory studies dealing with the subject from different points of view followed by a section that deals with postmodernism in other arts than literature while a third section discusses renovations of narrative genres and other strategies and devices in postmodernist writing The final and fourth section deals with the reception and processing of postmodernism in different parts of the world Three important aspects add to the special character of International Postmodernism The consistent distinction between postmodernity and postmodernism equal attention to the making and diffusion of postmodernism and the workings of literature in general and the focus on the text and the reader i e the reader's knowledge experience interests and competence as crucial factors in text interpretation This comprehensive study does not expressly focus on American postmodernism although American interpretations of postmodernism are a major point of reference The recognition that varying literary and cultural conditions in this world are bound to produce endless varieties of postmodernism made the editors Hans Bertens and Douwe Fokkema opt for the title International Postmodernism

Quantum Theatre Paul Johnson, 2013-01-16 Quantum Theatre uses the science of quantum mechanics to construct a rigorous framework for examining performance practice and the theatrical event and live performance as a means of exploring the implications of quantum mechanics Key ideas from physics are used to develop an interdisciplinary approach to writing about the work of a number of British theatre practitioners in terms of identity observation and play What this type of analysis does is enable an examination of aspects of performance that can remain hidden and so cast new light on the performance event This is the first study of its kind that develops such a framework for analysis of contemporary performance and provides a coherent alternative to postmodernism as a theoretical framework for writing about performance As such this book develops a methodology that can be applied to a wide range of performance practices Furthermore it presents an analysis of the work of a number of contemporary performance makers including Vincent Dance Theatre and Triangle Theatre

Repetition, Difference, and Knowledge in the Work of Samuel Beckett, Jacques Derrida, and Gilles Deleuze Sarah Gendron, 2008 Repetition Difference and Knowledge dialogues with novels theatre philosophy and literary theory in order to explore how three thinkers Samuel Beckett Jacques Derrida and Gilles Deleuze employ repetition as a means with which to radically unsettle some of the most fundamental notions of the human experience among them time presence originality and being Due to its interdisciplinary scope and its focus on repetition as an epistemological concept this book will attract a broad audience of academic specialists across the humanities from the fields of literary criticism philosophy French studies and poststructural studies Its simplicity of style deliberate avoidance of complex jargon and clarity of argument particularly

when dealing with complicated theoretical ideas and texts also makes it an invaluable tool for use in both graduate and undergraduate level literature and philosophy courses Repetition Difference and Knowledge provides experienced and beginning scholars alike with greater insight into the works of Beckett Derrida and Deleuze and into the role that repetition has played and continues to play in determining how we read our world and come to meaning

Between the 'Real' and the 'Imagined' Leslie James Pereira,2008-01-01 How can the idea of leadership be understood in the context of modern day schools What can contemporary perspectives on knowledge and the nature of its acquisition offer the practicing educator Between the Real and the Imagined examines the essence of what it means to be a leader Drawing on a lived experience of the complexities that face those in leadership positions it explores espoused aims and accepted practices and challenges conventional ideas of traditional and transformative approaches Within a framework of narrative inquiry the author describes analyses and reconceptualises issues and understandings that are central to the human experience and which impact heavily on the interactions between the leader and the led He gains perspective by drawing on a variety of seemingly disparate lenses while drawing on insights from across cultures and epistemological frames As a postmodern example of both the process and the product of coming to know Between the Real and the Imagined offers graduate students academic faculty and researchers in education leadership and the social sciences a theoretically stimulating text while maintaining a grounding in real life sensibility that will appeal to educational practitioners

Moving Words Gay Morris,2005-06-28 Moving Words provides a direct line into the most pressing issues in contemporary dance scholarship

as well as insights into ways in which dance contributes to and creates culture. Instead of representing a single viewpoint, the essays in this volume reflect a range of perspectives and represent the debates swirling within dance. The contributors confront basic questions of definition and interpretation within dance studies while at the same time examining broader issues such as the body, gender, class, race, nationalism, and cross-cultural exchange. Specific essays address such topics as the black male body in dance, gender and subversions in the dances of Mark Morris, race and nationalism in Martha Graham's *American Document*, and the history of oriental dance.

An Insatiable Dialectic Roberto Cantú, 2014-01-14 This book includes studies by leading philosophers and cultural critics from Asia, Europe, and the Americas. The essays represent different philosophical traditions and contrasting cultural viewpoints in the arts, literature, architecture, philosophy, and the global politics of today. In spite of their discrepancies, the authors of these essays agree on one fundamental point: critical forums of this scope are crucial and thus necessary as we enter the twenty-first century. After two World Wars and the rise of Western and Eastern forms of totalitarianism, these core features of Western civilization—critique, modernity, and humanism—have been contested and dismissed as areas of mere academic interest. The contributors to this book challenge such a view. *An Insatiable Dialectic: Essays on Critique, Modernity, and Humanism* will be of benefit to scholars, college students, and to probing readers interested in a founding Western legacy that seldom appears as the focus of inquiry in a single book. Herein, divided into three parts—Critique and Modernity, Humanism and the Humanities, and Traditions and Global Modernities—while modernity and modernization have been embraced by nations around the globe, humanism and critique have almost disappeared from contemporary mainstream discourse, at times unjustly set aside as elitist or as an obsolete domain of a liberal tradition that has failed to grasp the hard realities of our global age. This book disputes these short-sighted and clearly ideological positions, pointing to the radically transforming effects of modernization on the world's traditional cultures and the inevitable problems and challenges in areas relative to religious fundamentalisms, weakening political institutions, ecosystems ravaged by global technologies, and world-wide attempts by various nations to achieve economic and political stability. In the debates and tentative conclusions presented in this book, the reader will learn about the on-going dialectic that shapes modernity through a reimagined humanism and critique, currently indispensable in an emerging world order in which democratic ideals and intercultural understanding are vanishing possibilities.

The Foundations of Management Knowledge Paul Jeffcutt, 2008-01-28 This volume brings together a group of leading academics from Europe, North America, and Australasia to address the nature and management knowledge in relation to rapidly changing arenas of theory and practice.
