Differentiated Reading for Comprehension, Grade 3 Carson-Dellosa Publishing, 2014-02-03 *Differentiated Reading for Comprehension* is designed to provide high interest nonfiction reading success for all readers. This 64 page book focuses on third grade reading skills defined by the Common Core State Standards. Each of 15 stories is presented separately for the below level, on level, and advanced students, followed by a series of comprehension questions. Grade three covers such standards as how key details support the main idea, understanding the relationships and connections between parts of a text, and developing an understanding point of view. This series allows teachers to present the same content to below level, on level, and advanced students with leveled nonfiction stories. It includes multiple choice, fill in the blank, and true/false questions, short answer, writing practice, and comprehension questions. Students stay interested, build confidence, and discover that reading can be fun. The reading passages are separated into sections with titles such as *Extreme Places*, *Amazing People*, *Wild Animals*, *Strange and Unexplained*, *Fascinating Machines*, and *Amazing Kids*. **Using Primary Sources, Grade 3**

Pearson, 2015-04-27 The *Evidence Based Inquiry Using Primary Sources* series for grades 1 to 6 will engage students in a world of inquiry and discovery. Inquiry based learning is active learning that elicits a higher level of reading comprehension. The pages of these books contain exciting and fascinating real world photographs, advertising, recipe cards, theater programs, posters, letters, and maps, as well as other interesting items that document history. Each book highlights 15 primary sources across four pages each. The first three pages of each set present the same primary source with text that is differentiated for three reading levels. The last page of each set offers questions and prompts to encourage higher level thinking and inquiry.

Academic Vocabulary Practice, Grade 3, 2014-05-15 The *Academic Vocabulary Practice* for third grade offers teachers 128 pages of practical ways to help students master essential academic vocabulary. It is aligned with Common Core State Standards and includes word lists of more than 200 domain specific words, reproducible practice pages, game templates, a student dictionary, and an answer key. Additionally, a full set of vocabulary flash cards is available online. The *Academic Vocabulary Practice* series for kindergarten through grade 5 supports literacy in the content areas of language arts, math, science, social studies, art, and technology. Each book offers systematic practice and usage of many of the academic and domain specific words and phrases that students need to know to successfully complete work at grade level. There is also a Games and Suggestion section and game templates for small or whole group activities.
