Tough Topics** Larry Swartz,2020-01-15 Teaching Tough Topics shows teachers how to lead students to become caring
citizens as they read and respond to quality children s literature It focuses on topics that can be challenging or sensitive yet
are significant in order to build understanding of social justice diversity and equity Racism Homophobia Bullying Religious
Intolerance Poverty and Physical and Mental Challenges are just some of the themes explored The book is rooted in the belief
that by using picture books novels poetry and nonfiction teachers can enrich learning with compassion and empathy as
students make connections to texts to others and to the world , Understanding by Design Grant P. Wiggins,Jay
McTighe,2005 What is understanding and how does it differ from knowledge How can we determine the big ideas worth
understanding Why is understanding an important teaching goal and how do we know when students have attained it How
can we create a rigorous and engaging curriculum that focuses on understanding and leads to improved student performance
in today s high stakes standards based environment Authors Grant Wiggins and Jay McTighe answer these and many other
questions in this second edition of Understanding by Design Drawing on feedback from thousands of educators around the
world who have used the UbD framework since its introduction in 1998 the authors have greatly revised and expanded their
original work to guide educators across the K 16 spectrum in the design of curriculum assessment and instruction With an
improved UbD Template at its core the book explains the rationale of backward design and explores in greater depth the
meaning of such key ideas as essential questions and transfer tasks Readers will learn why the familiar coverage and activity
based approaches to curriculum design fall short and how a focus on the six facets of understanding can enrich student
learning With an expanded array of practical strategies tools and examples from all subject areas the book demonstrates how
the research based principles of Understanding by Design apply to district frameworks as well as to individual units of
curriculum Combining provocative ideas thoughtful analysis and tested approaches this new edition of Understanding by
Design offers teacher designers a clear path to the creation of curriculum that ensures better learning and a more
stimulating experience for students and teachers alike Achieve 100+ Reading Practice Questions Laura
