Paul, Robert A. Kraft, Eva Ben-David, Lawrence H. Schiffman, Weston W. Fields, 2003 This volume honors the lifetime of scholarly contribution and leadership of Professor Emanuel Tov Colleagues from all over the world have contributed significant studies in the Hebrew Bible its Greek translations and the Dead Sea Scrolls *Jojada - ein literarisches und theologisches Universalwerkzeug* Dieter G. Jung, 2020-10-01 Jojada ein literarisches und theologisches Universalwerkzeug Exegetische Studien zur Textfigur des Priesters Jojada in 2 K n 11 12 und 2 Chr 22 10 24 27 in der Reihe Forschung zur Bibel ist literaturwissenschaftlich angelegt Die Studie analysiert diese Texte mit einem textzentrierten und leserorientierten Ansatz Biblische Auslegung Fragen der Entstehungs und Sozialgeschichte werden dabei integriert Die Texte konstruieren den Priester Jojada als narratives Universalwerkzeug Als Textfigur setzt Jojada alle Aspekte seines schillernden Namens musterg ltig um und schafft es die unklare Historie literarisch und theologisch zu kitten Die fiktionale Figur wird mit Mose David und Salomo sowie mit den f r Kultreformen bekannten K nigen Hiskija und Joschija auf eine Ebene gestellt *Hebräisches Evangelium und synoptische Überlieferung* Guido Baltes, 2011 English summary Guido Baltes argues that the quest for possible Hebrew origins of the gospel tradition might provide a useful methodological tool for work on the synoptic problem He sets out to paint a picture of a trilingual language milieu for the period of Second Temple Judaism in which spoken Hebrew is used alongside Aramaic and Greek both as a vernacular and literary language and suggests that Hebrew should therefore be considered as a possible linguistic milieu of origin for the early gospel tradition Selected passages from the synoptic tradition are hypothetically retroverted into a linguistically plausible Hebrew language form to enable their placement within the context of early Jewish literature From here a possible history of tradition is reconstructed that includes the transition from the Hebrew to the Greek language milieu and the formation of different synoptic variants

The results of the study tentatively point into the direction of an early proto-matthean stage of the gospel tradition preceding the three canonical gospels.

German description: Guido Baltes untersucht inwieweit die Frage nach einer hebraischen Frühgestalt der Evangelientradition einen weiterführenden Beitrag zur Arbeit am synoptischen Problem liefern kann. Er zeigt zunächst, dass in der jüdischen Welt des zweiten Tempels entgegen verbreiteter Annahmen das Hebraische neben dem Aramaischen und dem Griechischen als gleichwertige Alltags- und Umgangssprache Verwendung fand und daher auch als linguistisches Ursprungsmilieu der Evangelientradition in Betracht gezogen werden muss. Im Anschluss analysiert er anhand ausgewählter Perikopen die mögliche hebraische Frühgestalt einzelner Überlieferungen, um diese historisch plausibel in den Kontext jüdischer Literatur einzuordnen und dann auch Rückschlüsse für die synoptische Frage zu ziehen. Im Ergebnis zeichnet sich ein komplexes Modell synoptischer Beziehungen ab, in dem eine protomatthaisch geprägte Frühform der Überlieferung den drei kanonischen Evangelien vorausgeht.

Jahre, Jahrwochen und Jubiläen Christoph Berner, 2008-08-22. Die Arbeit bietet die erste Untersuchung aller heptadisch strukturierten Geschichtsentwürfe aus der Zeit des Zweiten Tempels. Behandelt werden Dan 9, das äthiopische Henochbuch, das Jubiläenbuch, die Qumrantexte und das Testament Levis. Durch detaillierte Einzellexegese wird gezeigt, dass jeder Text ein individuelles geschichtstheologisches Profil aufweist. Im Hintergrund der zu verzeichnenden Gemeinsamkeiten steht keine universell gültige Referenzchronologie, sondern die Arbeit mit denselben chronologischen Traditionen, die je nach theologischem Interesse performt werden.

The Beginning of the Biblical Canon and Ben Sira Alma Brodersen, 2023-01-02. The Book of Ben Sira, written in Hebrew in the early second century BCE, is often regarded as containing the earliest references to the canon of the Hebrew Bible. Old Testament In contrast, Alma Brodersen examines methodological and historical issues regarding the beginning of the biblical canon and Ben Sira and demonstrates that the book itself, as distinct from the later Prologue to its Greek translation, does not actually refer to texts as canonical. In addition, a systematic analysis of key passages in Ben Sira 38:39 and 44:50 in Hebrew and Greek uncovers similarities with other ancient texts which are not canonical today but preserved in the Dead Sea Scrolls. Far from proving the existence of the biblical canon in his day, Ben Sira's book indicates instead the importance of oral teaching and the relevance of a wide range of traditions.

Nach einer Einleitung in die Probleme der Prophetenexegese behandelt er vor allem drei grundlegende Fragen und erörtert diese anhand von Fallbeispielen: das Verhältnis von altorientalischer und alttestamentlicher Prophetie, die Unterscheidung zwischen dem historischen und dem literarischen Propheten in den Büchern des Alten Testaments sowie die Rezeption der alttestamentlichen Prophetenbücher in den Texten vom Toten Meer. Auf diese Weise vermittelt Reinhard Gregor Kratz sowohl ein Gesamtbild der biblischen Prophetenliteratur als auch Einblicke in drei

namhafte Vertreter dieser au ergew hnlichen Gattung *The Oxford Handbook of the Dead Sea Scrolls* Timothy H. Lim, John J. Collins, 2012-10-11 In 1946 the first of the Dead Sea Scroll discoveries was made near the site of Qumran at the northern end of the Dead Sea Despite the much publicized delays in the publication and editing of the Scrolls practically all of them had been made public by the time of the fiftieth anniversary of the first discovery That occasion was marked by a spate of major publications that attempted to sum up the state of scholarship at the end of the twentieth century including *The Encyclopedia of the Dead Sea Scrolls* OUP 2000 These publications produced an authoritative synthesis to which the majority of scholars in the field subscribed granted disagreements in detail A decade or so later *The Oxford Handbook of the Dead Sea Scrolls* has a different objective and character It seeks to probe the main disputed issues in the study of the Scrolls Lively debate continues over the archaeology and history of the site the nature and identity of the sect and its relation to the broader world of Second Temple Judaism and to later Jewish and Christian tradition It is the Handbook s intention here to reflect on diverse opinions and viewpoints highlight the points of disagreement and point to promising directions for future research

Sects and Sectarianism in Jewish History Sacha Stern, 2011-04-21 Several Jewish groups from Antiquity until today have been traditionally identified as sects or as sectarian most famously the Qumran community and the Qaraites This volume questions the appropriateness of this interpretation of social and religious movements in Jewish history

The Origins of Judaism Yonatan Adler, 2022-11-15 A groundbreaking new study that utilizes archaeological discoveries and ancient texts to revolutionize our understanding of the beginnings of Judaism Throughout much of history the Jewish way of life has been characterized by strict adherence to the practices and prohibitions legislated by the Torah dietary laws ritual purity circumcision Sabbath regulations holidays and more But precisely when did this unique way of life first emerge and why specifically at that time In this revolutionary new study Yonatan Adler methodically engages ancient texts and archaeological discoveries to reveal the earliest evidence of Torah observance among ordinary Judeans He examines the species of animal bones in ancient rubbish heaps the prevalence of purification pools and chalk vessels in Judean settlements the dating of figural representations in decorative and functional arts evidence of such practices as tefillin and mezuzot and much more to reconstruct when ancient Judean society first adopted the Torah as authoritative law Focusing on the lived experience of the earliest Torah observers this investigative study transforms much of what we thought we knew about the genesis and early development of Judaism

Denying Her Voice: The Figure of Miriam in Ancient Jewish Literature Hanna K. Tervanotko, 2016-09-12 Hanna Tervanotko first analyzes the treatment and development of Miriam as a literary character in ancient Jewish texts taking into account all the references to this figure preserved in ancient Jewish literature from the exilic period to the early second century C E Exodus 15 20 21 Deuteronomy 24 8 9 Numbers 12 1 15 20 1 26 59 1 Chronicles 5 29 Micah 6 4 the Septuagint the Dead Sea Scrolls 4Q365 6

The Dead Sea Scrolls at Qumran and the Concept of a Library Sidnie White Crawford, Cecilia Wassen, 2015-10-14 The Dead Sea Scrolls at Qumran and the Concept of a Library presents twelve articles by renowned experts in the Dead Sea Scrolls and Qumran studies These articles explore from various angles the question of whether or not the collection of manuscripts found in the eleven caves in the vicinity of Khirbet Qumran can be characterized as a library and if so what the relation of that library is to the ruins of Qumran and the group of Jews that inhabited them The essays fall into the following categories the collection as a whole subcollections within the overall corpus and the implications of identifying the Qumran collection as a library

The Qumran Manuscripts of Lamentations Gideon Kotzé, 2013-07-11 In *The Qumran Manuscripts of Lamentations A Text Critical Study* the first large scale investigation of the topic Gideon Kotz establishes how the four Lamentations manuscripts from Qumran present the content of the biblical book Kotz takes as his point of departure the contributions of the Dead Sea scrolls to the discipline of Old Testament textual criticism and treats the Qumran manuscripts of Lamentations the Masoretic text and the ancient translations as witnesses to the content of the book and not only as witnesses to earlier forms of its Hebrew text By focusing the analysis on variant

readings and textual difficulties the study arrives at a better understanding of these manuscripts as representatives of both the text and the content of Lamentations *Before the Scrolls* Nathan Mastnjak, 2023 *Before the Scrolls* argues that books of the Bible were not originally books or even single continuous book scrolls. Instead, important works of the Hebrew Bible were originally archives or libraries that later scribes rendered onto single volume book scrolls. By tracing the material history of the prophetic books of the Hebrew Bible, *Before the Scrolls* gives a detailed insight into these processes and demonstrates how profoundly the transcription of archives into books transformed the biblical literature. **Qumran, Early Judaism, and New Testament Interpretation** Jörg Frey, 2019-08-28 Back cover How did the Qumran discoveries change New Testament scholarship? What are the main insights to be gained from the Qumran corpus with regard to the Jesus tradition, Paul's language and theology, the dualistic language and worldview of the Fourth Gospel, or the formation of the biblical Canon? The articles of this volume present the fruits of 25 years of scholarship on Qumran and the New Testament.

The Text of the Pentateuch Sidnie White Crawford, 2022-02-07 In the last several decades since the first publications of the biblical Dead Sea Scrolls, a revolution has occurred in the understanding of the history of the text of the Hebrew Bible during the Second Temple period. The present volume is a collection of articles documenting that revolution, written by Sidnie White Crawford over an almost thirty-year period beginning in 1990. As a member of the editorial team responsible for publishing the Qumran scrolls, the author was responsible for the critical editions of nine Deuteronomy scrolls and the four Reworked Pentateuch manuscripts; thus, her work played a critical role in the changing understanding of the textual history of the Pentateuch, especially the book of Deuteronomy and the Rewritten Bible texts. The author's lifework is brought together here in an accessible format. While the majority of the articles are reprints, the volume will close with two major new pieces: a text-critical study of the Deuteronomistic Paraphrase of the Temple Scroll and a comprehensive overview of the history of the text of the Pentateuch. Quotations in John Michael A. Daise, 2019-12-26 Michael A. Daise identifies literary features found in six quotations in the Fourth Gospel, suggesting they should be revisited as clusters rather than as discrete units. Three quotations are the only ones whose introductory formulae explicitly ascribe them to Isaiah; three are the only ones cast as being remembered by Jesus' disciples, and each of these groupings forms an *inclusio* within the Book of Signs, which when combined with the other produces a chiasmus to Jesus' public ministry. Daise examines these clusters in three studies, addressing their exegetical issues and theological implications. After an introductory apologia for an historical-critical and theological approach, the first two studies distill narrative themes embedded in the Isaianic and remembrance *inclusios*. The third study then reconstructs the synthesis of these themes created by the chiasmus and translates its key elements into theological categories. Daise concludes that while the Isaianic *inclusio* brings closure to the Book of Signs by disclosing the angelic cause of the Jews' unbelief, the remembrance *inclusio* creates an anticipation of the Book of Glory by casting Jesus as poised to establish a new dynasty with the casting out of that angelic cause. Daise further argues that this broader storyline

carries ramifications for an array of motifs in the Fourth Gospel's theological taxonomy in particular its christology soteriology eschatology ecclesiology and pneumatology *4QMMT* Hanne Von Weissenberg, 2009 This book focuses on the third section of one of the most important documents from the Qumran library the epilogue of 4QMMT It re-evaluates the textual basis for this section and analyses how the epilogue functions as a part of the larger document In addition to addressing the structure and genre of 4QMMT this volume analyzes the use of Scripture in the epilogue in order to illuminate the theological agenda of the document's author/redactor Although this book's primary focus is on the epilogue the results of this investigation shed light on 4QMMT as a whole
