Roaring Playlist of Thoughts Eloisa Davis, 2019-06-18 The novel begins the journey of self discovery through honesty feeling empathy and uses music as a tool of therapy Eloisa believes it is who we are tuned into on our music resources that act as support and shape who we are as individuals She sees music as a form of therapy and a way to freely pick each song purposefully as if it were a thought She wants the reader to feel good so wants them to pick their songs that ultimately make them feel positive She uses the idea of the reader as a Lioness where the reader and the author begin the magical adventure together as strong inspirational and natural She wants the reader to experience the 21 day journey with her This is done by the author speaking feeling and expressing each moment that happens for her relating to the reader directly so the lovely young Lioness reader can apply it to her life in the most positive way possible Every experience is the passed onto the Lioness so she can relate it to the people and experiences in her life The reader will begin the journey seeking some kind of guidance of self belief and will end the journey at the desired location that is desperately waiting for her at the Arrivals lounge with so much more a feeling of self love The author wrote this novel in 21 days but actually 6 years of work and experience without even realising The author's aim of the adventure is to connect directly with the Lioness so she is able to say no if she does not want to do something It is the author's intention to help young women to feel strong and brave enough to say no to something if they do not want to do it She wants young women to be able to be true to themselves through out the journey of self discovery so that they can get the absolute most out of it for themselves No one else Every single book is for that unique inspiring individual seeking self help

celebrations where the couple is already legally married and looking to celebrate their union in a more personalized and romantic setting. The book provides practical advice on setting fees, preparing for ceremonies, and the significance of the initial interview and drafting process. It highlights the celebrant's role in creating a memorable and unique experience for the couple and their guests.
