branding expert I don't build brands for a living and I haven't spent years learning about logo design and color psychology. However, I do know a great deal about business development. From my experiences with various growing companies, I've discovered that many small business owners struggle to grasp the full value of branding. They hear about the concept and assume they need a name and logo for their business, but they don't see what branding is truly about. Even if you know what a brand is, you may not know how to separate your personal brand from your business identity or what the difference is between the two. Branding Shmanding offers a way to demystify branding once and for all so you can leverage the true benefits of the brand for your future.

The Resource Handbook for Academic Deans Laura L. Behling, 2014-01-13. The Resource Handbook for Academic Deans, Third Edition. This thoroughly revised volume is written by and for academic administrators. Each chapter explores a particular challenge or issue that has been identified by the American Conference of Academic Deans (ACAD) members as most relevant in their role as academic leaders, then provides practical step-by-step guidance that can help deans navigate even the toughest of situations. There is no map for thriving as a dean, but this handbook offers an essential guidebook and compass for the journey. Both informed and inspired, it is above all humane in presenting the purpose, practice, and privilege of a dean's good work. William J. Craft, president, Concordia College. Academic deans, both new and seasoned, will benefit enormously from this collection of ruminations by experienced and successful academic leaders on the issues that are most prominent and often most vexing for those who enter the arena of academic leadership. For newcomers to the deanery, this handbook will be an eye opener, and for veteran deans, a helpful reminder of both first principles and best practices. Richard Ekman, president, The Council of Independent Colleges. ACAD meetings and electronic communications are marked by collaboration and by sharing means for encouraging faculty and student success. The handbook exemplifies that spirit of collaboration as members articulate their candid and helpful recommendations for enhancing work with faculty and students. Scott E. Evenbeck, president, Stella and Charles Guttman Community College. ACAD has created an extraordinary resource for the entire postsecondary community. For new and seasoned deans alike, the ACAD handbook offers a wealth of generous, wise, and practical guidance. Presenting lessons learned both from lived experiences and from organizational scholarship, the handbook will help deans succeed in their myriad essential roles. Carol Geary Schneider, president, Association of American Colleges and Universities. American Conference of Academic Deans (ACAD) is a nonprofit individual membership organization dedicated to the professional development of academic leaders. ACAD's mission is to assist these leaders as they advance in careers dedicated to the ideals of liberal education. *MCA-CET*
