astrologers the clue to much that hitherto had been imperfectly understood Not that these discoveries overturned the whole system of astrology as some have imagined and foolishly stated or that they negated the conclusions drawn from the observed effects of the seven anciently known bodies of the solar system but it became possible after a lapse of time to fill in the blank spaces and to account for certain events which had not been traced to the action of any of the already known planets "Astrology for All" Series ,1917 **Catalog of Copyright Entries.
