Please Dont Tell My Parents Im A Supervillain 1 Richard Roberts:

Please Don't Tell My Parents I Work for a Supervillain Richard Roberts,2021-05-04 What do you do when you have the wrong super powers Magenta s older brother is a superhero She s starting high school at the school where kids with powers go including the famous Inscrutable Machine Except Magenta s powers are no good for fighting Her potions are useful not dangerous Her other power is just humiliating What Magenta has plenty of is determination and she tries fighting a supervillain anyway She fails But for Magenta failure is the beginning not the ending Suddenly she has a part time job working for that same supervillain who doesn t seem very villainous She spends her afternoons buying mad science from smugglers copying memories into a magic book delivering messages to evil lawyers and always always putting on a show Soon she s ducking heroes who want to save her from herself and her best friends who don t know the sidekick they re chasing is Magenta Making sure her parents don t find out is the easy part **Please Don't Tell My Parents I'm a**

Supervillain Richard Roberts,2019-06-02 Penelope Akk wants to be a superhero She s got superhero parents She s got the ultimate mad science power filling her life with crazy gadgets even she doesn t understand She has two super powered best friends In middle school the line between good and evil looks clear In real life nothing is that clear All it takes is one hero s sidekick picking a fight and Penny and her friends are labeled supervillains In the process Penny learns a hard lesson about villainy She s good at it Criminal masterminds heroes in power armor bottles of dragon blood alien war drones shape shifters and ghosts no matter what the super powered world throws at her Penny and her friends come out on top They have to If she can keep winning maybe she can clear her name before her mom and dad find out **Please Don't Tell My Parents I**

Bought Super Powers Richard Roberts,2025-09-23 Imagine you re a flamboyant teenage girl convinced that super powers are the social edge you need Imagine you convince a mad scientist to give you those powers They always need test subjects right Imagine those powers come with a big drawback like they always do Congratulations you re Stella Deetz the best dressed and most popular fear eating monster in LA And you forgot to keep a secret identity Oops *Please Don't Tell My*

Parents I'm a Giant Monster Richard Roberts,2023-04-04 When an evil artifact offers you the power to turn into a monster agreeing would be stupid Mirabelle isn t stupid She also doesn t have much choice Her friends all have super powers that let them go on exciting adventures Mirabelle s super power is to be made of glass and walking across a room is dangerous enough But the shiny rock won t shut up and to get rid of it she has to use its powers against it She does that carefully because Mirabelle isn t stupid Until Mirabelle falls in love and love makes everyone stupid Now supervillains and superheroes are fighting over four pieces of the Heart of Vermiel and a girl who breaks if she runs has to collect them all or be broken She has to turn into a monster on the outside without turning into a monster on the inside Somewhere in this mess there has to be an ending that lets her stay alive stay a good person and maybe get a chance to run and be angry and break things just once Besides how many girls can say their boyfriend is a dragon **Please Don't Tell My Parents I Saved the**

World Again Richard Roberts,2024-04-23 Magic mad science and teenagers are a recipe for trouble As the only living necromancer fifteen year old Avery Special has too much trouble as it is Trying to use her dark powers for good she awakens a cyborg from a coma The superintelligent Tonika is grateful and full of plans to help Avery help others but the more Avery helps the more trouble she gets in Her parents are worried Her boyfriend and girlfriend are lonely A robot possessing ghost is on the loose Oh and she stole a crystal ball from a museum How much helping is too much Can she afford to not help when the ultimate evil mad scientist tries to destroy the world **Please Don't Tell My Parents I'm Queen of the Dead**

Richard Roberts,2022-01-04 Avery Special is the world s only living necromancer and she s pretty bad at it She also just moved to L A where trouble has been waiting for a necromancer Trouble that doesn t care how strong she is or that she s only fifteen Monsters magical artifacts occultists and television producers only care that a real necromancer is back There are definitely upsides Chris Annie Sue and Peggy have their own creepy super powers and are the best friends a girl could hope to make on her first day in a new city Her Pudgy Bunny coloring book can teach her more than a stack of grimoires Her ghostly ancestors are so eager to help it s annoying Not that she has time for any of that because Chris and Sue are both in love with her *Please Don't Tell My Parents I've Got Henchmen*

Richard Roberts,2019-09-07 What would middle school be like if half your classmates had super powers It s time for Penny Akk to find out Her latest failed attempt to become a superhero has inspired the rest of the kids in her school to reveal their own powers Now all of her relationships are changing She has a not at all secret admirer who wants to be Penny s partner almost as much as she wants to be Penny s rival The meanest girl in school has gained super powers and lost her mind Can Penny help her find a better one Can she help an aging supervillain connect with his daughter and mend the broken hearts of two of the most powerful people in the world And in all this where will she find time for her own supervillainous fun or even more dangerous to start dating It s going to be a long strange semester *Please Don't Tell My Parents You Believe Her*

Richard Roberts,2019-11-26 Middle school supervillain Penny Akk has defeated every challenge thrown against her She has bested heroes villains weirdos who can t make up their minds robots aliens friends rivals enemies natural disasters secret admirers and her own shyness Now she has only one opponent left Her own super power and the other Penny who stole it **Please Don't Tell My Parents I Have a**

Nemesis Richard Roberts,2019-11-06 It s summertime for supervillains Or maybe not because for Penelope Akk there is still one foe she has yet to defeat her own reputation as Bad Penny It s been a fun ride fighting adult heroes going to space and inspiring the rest of her school to open up about their own powers Sooner or later that ride has to end and with school out of the way Penny is hatching a mad scheme to end it on her own terms Will that go smoothly Of course not Penny s left too many unsolved problems behind her already like ghosts seriously crazy friends and angry little girls from Jupiter One by one they ll have to be dealt with before she can do battle with herself She d better hurry because her parents are closing in Whether she confesses or not this time they will find out her secret *Please Don't Tell My Parents I Blew Up the Moon*

Richard Roberts,2019-08-13 Supervillains do not merely play hooky True coming back to school after a month spent fighting and defeating adult superheroes is a bit of a comedown for The Inscrutable Machine When offered the chance to skip school in the most dramatic way possible Penelope Akk can t resist With the help of a giant spider and mysterious red goo she builds a spaceship and flies to Jupiter Mutant goats Secret human colonies A war between three alien races with humanity as the prize Robot overlords and evil plots Penny and her friends find all this and more on Jupiter s moons but what they don t find are any heroes to save the day Fortunately they have an angry eleven year old and a whole lot of mad science **I Did Not Give That Spider Superhuman Intelligence!** Richard Roberts,2020-03-13 From the internationally bestselling author of Please Don t Tell My Parents I m a Supervillain comes the story of Spider Mourning Dove Goodnight Mish Mosh and Psychopomp Before there was Bad Penny and the Inscrutable Machine there was TEAM TINY Being a superhero should be fun After all a world of super powers is a world where amazonian juggernauts made of candy battle guys in spandex that drive talking cars Irene loves that weirdness loves the game of fighting and loves being a four foot tall woman who still gets to drop big heavy objects on villains heads In 1980 that fun is in danger A mad scientist who murders people for his research has everyone afraid Two of the friendliest super powered rivals around stop playing and go for the kill If superheroes and villains aren t safe in their own homes how can having powers be anything but a nightmare Irene will not let that happen She wants to show her friends a ten year old grim reaper and a zombie mish mosh of living and metal parts that their lives don t have to be grim With the help of a superintelligent spider Team Tiny will make the world fun again Except maybe it s the spider who s in charge after all **A Spaceship Repair Girl Supposedly Named Rachel** Richard Roberts,2022-08-16 One minute Rachel is taking a break from babysitting The next she s escaping the Earth on a pedal powered interplanetary bus It could happen to anybody It could Generally it doesn t but it could Because what Rachel soon learns is that Earth is infected with Math which is why we look at our solar system and see freezing balls of ice gas and rock whirling lifelessly through a hostile void Everyone else sees air pirates sailing the Seven Skies of Saturn the endless exciting fight scenes of Mars the sullen ghosts of Pluto and much more More including the Lighthouse of Ceres the waypoint for all travelers of the solar system That s where Rachel ends up and where she finds out her hobbies of sketching and storytelling make her a genius at repairing Math free spaceships She loves it and no one makes her reveal she s from the quarantined much feared planet Earth Instead they make up their own ideas of who she is and where she s from Very dangerous ideas **Skip School, Make Dragons** Richard Roberts,2024-11-26 Artifact Forge doesn t make monsters She s a bioengineer She creates exotic magical livestock upgrades cats into witches familiars and can turn you into a goblin if you accept the risks She s also thirteen and has arrived in Goblita to learn her uncle is dead she s inherited his business and has a demonic cousin her age Don t worry Artifact can handle it She s a prodigy Give her a bioengineering challenge and she ll make you something better than you wanted which is the problem as her messenger dragon turns into a ravening chimera her new cousin gets her

involved in a burglary and the kids at school drag her into their dungeon crawling hobby With all that plus running a business and household like an adult will Artifact have time to actually attend classes Ask her again after she saves the city from the disasters she caused *You Can Be a Cyborg When You're Older* Richard Roberts,2020-01-20 In the bleak future of West Angel City Vanity Rose is having a great time She has a loving robot caretaker a fake elf for a sister and she roams the walls of West Angel s endless skyscrapers every night thanks to her precious gravity shoes What Vanity doesn t have are money and adventure but she has a plan to get both She s going to walk the dark side joining the thieves and mercenaries who get paid to do all the little jobs that make a corrupt city go around She ll only have to deal with killer robots vengeance crazed and not very bright computer programs cyborg vampires telepathic copybaras mean girl mech pilots and have every homemade weapon in the city pointed at her Fourteen is old enough for that right Sweet Dreams Are Made of Teeth Richard Roberts,2020-06-24 Have you ever had the nightmare of being chased by a beast Then you ve met Fang He ll be the first to admit that he s a very simple nightmare All he knows is hunting your dreams and dragging them into the Dark He s not ready for his life to get complicated He s not ready to be dragged into his best friend s schemes to make dreams so terrifying they break people He s not ready to love or to be loved or to meet someone who makes him happy He s definitely not ready for those to be three different girls He s not ready to grow up When he does one thing will stay the same He ll stay an artist and he ll paint your dreams with fear until they re beautiful *A Rag Doll's Guide to Here and There* Richard Roberts,2019-04-16 What would you do with an enchanted kingdom of living puppets Would you look for adventures or enjoy the sights of a stranger than strange land Would you rest and make friends in this one safe place or build new wonders for the next child who needs a refuge Would you rule Would you smash your toys because the outside world hurts Two girls have come to the land of Here and There and a little doll named Heartfelt was the first to meet them both Sandy wants to heal and create but doubts herself Heartfelt has to help her believe because Charity has no doubts at all In the process maybe she ll ask the question no one else has what do dolls want **Quite Contrary** Richard Roberts,2020-02-16 The secret of having an adventure is getting lost Who ever visited an enchanted kingdom or fell into a fairy tale without wandering into the woods first Well Mary is lost Mary is lost in the story of Little Red Riding Hood and that is a cruel and murderous story She s put on the red hood and met the Wolf When she gives in to her Wolf s temptations she will die That s how the story goes after all Unfortunately for the story and unfortunately for the Wolf this Little Red Riding Hood is Mary Stuart and she is the most stubborn and contrary twelve year old the world has ever known Forget the Wolf s temptations forget the advice of the talking rat trying to save her she will kick her way through every myth and fairy tale ever told until she finds a way to get out of this alive Her own way and no one else s Wild Children Richard Roberts,2022-01-03 Bad children are punished Be bad a child is told and you ll be turned into an animal marked with your crime The Wild Children are forever young but that too can be a curse Five children each tell a different story of what they became One learns that wrong can be right and her curse
