The Comprehensive Guide for PMP® Certification Kal Jayaswal, PMP and Archana Jayaswal, PMP, CSM, 2019-06-30 Why you need this PMP guide Coverage of the 100% of the exam content Lots of figures and tables for faster preparation ITTO made easy with diagrams and built in text Simple explanations for difficult concepts Synopsis and formulas section for reference before the PMP exam Easy to follow layout 400 sample questions with detailed explanations Full length practice exam Tips for practical project management How to for Microsoft Project MPP application This book is a must have for those preparing for PMP certification It is different than existing books because we believe that PMP preparation can be quick and efficient We have read the existing books and taken the PMP exam and we have found that most books contain unnecessary

content Reduce your preparation time There are several books in the market that have pages of painful and irrelevant text that would just be a waste of your time This book has text that is concise and relevant for the exam Figures and tables There are 200 figures and tables in the book When text is needed to explain the figure the text is embedded into the figure rather than forcing you to read long paragraphs and pages of commentary to find relevant material Personalized conversational style When possible we use conversational style to make for easier reading Active learning We believe that learning is best when the reader is involved instead of doing a show and tell Wherever applicable e g for schedule cost quality risk procurement there are workbook style exercises Examples You will find lots of examples followed by its underlying concept or generalized step by step procedure This sequence makes it easier to understand concepts REVIEW FROM CONTACT 1 I have studied various PMP guides and tutorials in the market But this book is different stands out and would be the best companion guide to the PMBOK Difficult concepts are presented in a style that is easy to follow The content is concise and supported by illustrative figures and tables This will save you from wasting your time on irrelevant or copious content In my opinion this is the ONLY book you will need to pass the PMP exam Other printed books and online sites have questions that are easier than the PMP exam and some wrong and answers and explanations The 400 questions are at the same level of rigor as you will find in the PMP exam I wish I had this guide when I prepared for the PMP exam Andrew Anderson PMP Los Angeles CA Project Management Workbook and PMP / CAPM Exam Study Guide Harold Kerzner, Frank P.

Saladis, 2017-04-12 Sharpen your project management skills and prepare for the latest PMP CAPM exam The Project Management Workbook and PMP CAPM Exam Study Guide is a two in one resource for mastering the Project Management Body of Knowledge PMBOK As the companion to Project Management A Systems Approach to Planning Scheduling and Controlling this book provides the opportunity to strengthen your understanding of project management in real world application with questions problems and cases designed to enhance your critical thinking skills Functioning as a stand alone study guide to the Project Management Professional PMP Certification Exam this book helps you develop the critical skills of a successful project manager with questions that show you what to expect on exam day Interesting enjoyable and thought provoking this workbook and study guide helps you dig into the PMBOK and gain the professional insights that come only from applying what you've learned Reading the PMBOK doesn't fully prepare you to pass the PMP exam let alone function as a project manager in the real world Understanding how to apply the various methodologies is vital to your success and this book gives you a wealth of guided practice to hone your skills in advance Practice applying project management concepts Test your grasp of the PMBOK methodology Preview the PMP with simulated exam questions Enhance your critical thinking and project management skills The project manager's role is broad in scope and detailed in function Don't try to memorize the PMBOK internalize it this approach gives you a ready body of knowledge available for recall as needed and helps you become a more efficient more effective project manager Instinctive knowledge comes from copious practice and the Project
