Post Hindu India By Kancha Ilaiah:

Post-Hindu India Kancha Ilaiah Shepherd,2023-11-30 Kancha Ilaiah Shepherd pens a thought provoking critique of Brahmanism and the caste system in India while anticipating the death of Hinduism as a direct consequence of what he says is its anti scientific and anti nationalistic stand This work challenges Hinduism s interpretation of history with a virulent attack on caste politics and also takes a refreshing look at the necessity of encouraging indigenous scientific thought for the sake of national progress

Post-Hindu India Kancha Ilaiah,2009-11-20 This book is entirely different from books that have been written on Indian civil societal relations spiritual character political economy philosophical foundations scientific roots cultural essence and historicity It takes a journey from tribals upwards and looks at the pyramid of the communities in an inverse order This book is an excise in new methodology pedagogy analysis and synthesization of knowledge Every chapter in this book reads like a new innovation in Indian social anthropology It draws a different map for the future of this nation and its intellectual history

Indian Political Theory Aakash Singh Rathore,2017-02-24 This book puts forward a workable contemporary ideal of svaraj that is thin i e political and free of metaphysical commitment The author demonstrates that svaraj has not yet been achieved in Indian political theory He argues that political theorists of Indian politics continue to work with categories and concepts alien to the lived social and political experiences of India s common man or everyday people He emphasises the need to decolonize Indian political theory and rescue it from the grip of western theories and fascination with western modes of historical analysis

Indigenous Celebrity Jennifer Adese,Robert Alexander Innes,2021-04-09 Indigenous Celebrity speaks to the possibilities challenges and consequences of popular forms of recognition critically recasting the lens through which we understand Indigenous people s entanglements with celebrity It presents a wide range of essays that explore the theoretical material social cultural and political impacts of celebrity on and for Indigenous people It questions and critiques the whitestream concept of celebrity and the very juxtaposition of Indigenous and celebrity and casts a critical lens on celebrity culture s impact on Indigenous people Indigenous people who willingly engage with celebrity culture or are drawn up into it enter into a complex terrain of social relations informed by layered dimensions of colonialism racism sexism homophobia transphobia and classism Yet this reductive framing of celebrity does not account for the ways that Indigenous people s own worldviews inform Indigenous engagement with celebrity culture or rather popular social and cultural forms of recognition Indigenous Celebrity reorients conversations on Indigenous celebrity towards understanding how Indigenous people draw from nation specific processes of respect and recognition while at the same time navigating external assumptions and expectations This collection examines the relationship of Indigenous people to the concept of celebrity in past present and ongoing contexts identifying commonalities tensions and possibilities

Queer sexualities in Indian Culture : Critical Responses Dipak Giri,2020-10-20 The anthology *Queer Sexualities in Indian Culture Critical Responses* surveys the queer LGBTQIA space in Indian culture in reference to literature movies and other

important media of culture Shedding light on the marginalised position of queer in Indian culture the anthology seeks sympathy for this minority class of people from majorities It traces out factors like gender stereotype body politics prejudism etc causing these minorities to lead a life of invisibility Along with a critical introduction and an interview with queer activist and author Ruth Vanita the anthology has covered sixteen well explored articles through which authors have tried to sincerely articulate their noble ideas on queer studies in Indian context The book will be helpful not only for readers who want to know about Indian queers but also prove resourceful to scholars who intend to do further studies on it Non-Stop India Mark Tully,2011-10 Non Stop India By Mark Tully Jugaar can loosely be translated as muddling through or making do This is undoubtedly a valuable talent and has seen India through numerous crises which could have destabilised a country that is less adaptable four wars for example But while jugaar can be seen to have served India well in the past it has a downside It has led to a dangerous complacency the belief that as India has muddled through so many times before there is no need for urgency in tackling the problems it faces In Non Stop India veteran journalist Mark Tully draws on his unmatched knowledge of India garnered from thirty years of living in and reporting from the country to examine how this approach impacts on her much touted prospects of becoming an economic super power From Maoist conflicts to huge industrial houses from the Tiger project to farmer suicides from the Ramayana to the remote valleys of the north east Tully examines India s myriad negotiations with modernity and her prospects for the next century and beyond Today India is likely to become one of the major economies of the twenty first century But many unresolved questions remain about the sustainability of such growth and its effect on the stability of the nation Veteran journalist Mark Tully draws on thirty years of reporting India and travels the length and breadth of the country to find the answers Have the changes had any impact on the poor and marginalised How can the development of the country s creaking infrastructure be speeded up to match its huge advances in technology and industry With a gift for finding the human stories behind the headlines he looks at the pressing concerns in different areas of life such as governance business spirituality and ecology In revealing interviews with captains of industry and subsistence farmers politicians and Dalits spiritual leaders and bandits Mark Tully captures the voices of the nation From the survival of India s languages and the protection of wildlife to the nation s thriving industries and colourful public affairs Non Stop India is a testament to India s vibrant history and incredible potential offering an unforgettable portrait of this emerging superpower at a pivotal moment of its history About The Author Sir Mark Tully was born in Calcutta India in 1935 He was the Chief of Bureau BBC New Delhi for twenty two years was knighted in the New Year s Honours list in 2002 and was awarded the Padma Bhushan in 2005 Today his distinguished broadcasting career includes being the regular presenter of the contemplative BBC Radio 4 programme Something Understood His books include No Full Stops in India The Heart of India India in Slow Motion with his partner and colleague Gillian Wright and India s Unending Journey He lives in New Delhi *Beyond Dalit Theology* Paulson Pulikotttil,2022 This book is a critique of Dalit

theology with proposals for the future directions of a theology of social transformation in India It explores new ways of doing Christology pneumatology and ecclesiology and ultimately argues for the need of a new public theology in the changing religious political contexts of India Other Backward Classes in India Simhadri Somanaboina,Akhileshwari

Ramagoud,2025-06-27 This book presents an exhaustive account of the development of movements thoughts and policies of Other Backward Classes OBCs in India It discusses various facets of the OBC situation in India today along spatial and specific caste lines A comprehensive work on the politics of identity and plurality of experiences of OBCs in India this handbook Scrutinises social deprivation mobilisation involvement of the state public policies and programmes for development and indent formation of OBCs Studies specific communities and industries shaped by OBC communities the impact of these businesses on the larger socio political scene and their changing contours Sheds light on the lives of nomadic and denotified tribes weaver communities shepherding tribes Dudekula Noorbasha Muslims and other minority groups Showcases the impact of new media and globalisation on shaping OBC experiences in the contemporary society The companion to The Routledge Handbook of the Other Backward Classes in India this book will be essential reading for scholars and researchers of exclusion and discrimination studies diversity and inclusion studies Global South studies affirmative action sociology Indian political history Dalit studies political sociology public policy development studies and political studies *Learning and Sustaining Agricultural Practices* Karen Haydock,Abhijit Sambhaji Bansode,Gurinder Singh,Kalpna Sangale,2021-03-26 This book describes a participatory case study of a small family farm in Maharashtra India It is a dialectical study of cultivating cultivation how paddy cultivation is learnt and taught and why it is the way it is The paddy cultivation that the family is doing at first appears to be traditional But by observation and working along with the family the authors have found that they are engaging in a dynamic process in which they are questioning investigating and learning by doing The authors compare this to the process of doing science and to the sort of learning that occurs in formal education The book presents evidence that paddy cultivation has always been varying and evolving through chance and necessity experimentation and economic contingencies Through the example of one farm the book provides a critique of current attempts to sustain agriculture and an understanding of the ongoing agricultural crisis **India's Social Sector**

and SDGs Rangachar Govinda,Poornima M.,2019-10-24 This book explores the intersectional perspective of sustainable social development in key sectors such as education and skill development health and nutrition gender concerns and food security and agriculture in India It delves into contemporary concerns of poverty employment and inclusive growth and social marginalisation and inequality The volume brings together the contributions of various stakeholders from academia research organisations NGOs and policymakers to address social sector issues and sustainable development goals SDGs in the Indian context It reflects on policies strategies and performance in the context of Constitutional goals and the commitment to global SDGs and examines the character and contours of social development in the country Comprehensive and topical this volume

will be useful to scholars researchers policymakers and practitioners of development studies political studies sociology and development economics

Exploring Social Movements Biswajit Ghosh, 2024-06-18 This book introduces the readers to the dynamics of various kinds of social movements It examines how social movements have become an instrument of social change including assertion of identity and protest against marginalisation This book describes three major domains conceptual experiential and the impact of globalisation on social movements The volume begins by locating social movements within broad and contemporary social processes and explores the intrinsic and complex patterns of dynamics among state market and social movements from a critical sociological perspective It explains the meaning basic features origins and types leadership and ideology and perspectives of social movements and probes into major experiences of eight social movements in India namely peasant and farmers tribal Naxalite and Maoist Dalit working class women ethnic and environmental movements This book also analyses the role of information technology media and civil society in the spread and continuation of such movements The experiences of queer new religious anti systemic and anti displacement movements would also help readers understand how globalisation has offered new avenues of protest to diverse sections of the population Lessons of anti globalisation movements across the world provide a futuristic perspective in assessing the strength of social movements in a global society This book will be useful to the students researchers and faculty working in the field of political science sociology gender studies and post colonial contemporary Indian politics in particular It will also be an invaluable and interesting reading for those interested in South Asian studies

Gandhi in Contemporary Times S K Srivastava, Ashok Vohra, 2020-01-30 This volume brings together essays which discuss and contextualise Gandhi's ideas on pluralism religious identity non violence satyagraha and modernity It interrogates the epistemic foundations of Gandhian thinking and weltanschauung identifies diverse strands within his arguments and gives it new meaning in contemporary society This book focuses on Gandhi's engagements with religious political and social conflicts his reflections on faith and modernity and his argumentative dialogues with Mohammad Ali Jinnah and B R Ambedkar It provides critical insights into Gandhi's philosophy and suggests ways of engaging with his ethical and moral ideas in contemporary intellectual and political discourse Comparing and contrasting Gandhian thought and strategies with contemporary issues and conceptions of religious freedom conflict resolution and liberalism the volume reformulates and reconstitutes his intellectual and political legacy This book points to new and possible future directions of research on Gandhian concepts and will be useful for scholars in the fields of political science Gandhian studies sociology and philosophy

Genetically Modified Democracy Aniket Aga, 2021-01-01 How the debate over genetically modified crops in India is transforming science and politics Genetically modified or transgenic crops are controversial across the world Advocates see such crops as crucial to feeding the world's growing population critics oppose them for pushing farmers deeper into ecological and economic distress and for shoring up the power of agribusinesses India leads the world in terms of the intensity of democratic engagement with transgenic crops

Anthropologist Aniket Aga excavates the genealogy of conflicts of interest and disputes over truth that animate the ongoing debate in India around the commercial release of transgenic food crops The debate may well transform agriculture and food irreversibly in a country already witness to widespread agrarian distress and over 300 000 suicides by farmers in the last two decades Aga illustrates how state science and agrarian capitalism interact in novel ways to transform how democracy is lived and understood and sheds light on the dynamics of technological change in populous unequal polities *The New Frontier* Marilyn Fernandez,2017-12-12 Does the burgeoning Indian Information Technology IT sector represent a deviation from the historical arc of caste inequality or has it become yet another site of discrimination Those who claim that the sector is caste free believe that IT is an equal opportunity employer and that the small Dalit footprint is due to the want of merit But they fail to consider how caste inequality sneaks in by being layered on socially constructed pure merit which favours upper castes and other privileged segments but handicaps Dalits and other disadvantaged groups In this book Fernandez describes how the practice of pure and holistic merit are deeply embedded in the social cultural and economic privileges of the dominant castes and classes and how caste filtering has led to the reproduction of caste hierarchies and consequently the small Dalit footprint in Indian IT [\[Link\]](#) - [\[Link\]](#) - [\[Link\]](#) / Gujarat - [Hindutvam](#) - [Modi](#) [\[Link\]](#) /

Marudhan,2013-12-13 2002 **Precarity in Culture** Elisabetta Marino,Bootheina Majoul,2023-06-21 The present state of research in precarity demands meta questions and hence we need to probe both philosophy and practice in light of precarity s different manifestations The plural perspectives by which this phenomenon can be addressed also suggest potential for further theorization alongside that of Butler and her critics By inviting scholars and experts from different fields and disciplines and by applying multiple frameworks methodological approaches and critical lenses this volume seeks to explore the different facets of our precarious world while providing insights into the challenges of our possible futures **The Oxford Handbook of Global Studies** Mark Juergensmeyer,Saskia Sassen,Manfred B. Steger (#d),2019 Since the end of the Cold War globalization has been reshaping the modern world and an array of new scholarship has risen to make sense of it in its various transnational manifestations including economic social cultural ideological technological environmental and in new communications The chapters discuss various aspects in the field through a broad range of approaches This handbook focuses on global studies more than on the phenomenon of globalization itself although the various aspects of globalization are central to understanding how the field is currently being shaped **Flexible Lives** Stefanie Reissner,Michal Izak,2025-08-07 This geographically and methodologically diverse volume shines the spotlight on a variety of flexible working practices beyond the predominantly Western perspective and zooms in on the gendered aspects of flexible working The increasing use of flexible work arrangements has decoupled work from time and space making the world of work and home increasingly fluid and challenging to manage The Covid 19 pandemic in particular has been a catalyst for questioning accepted norms of where when and how work takes place This book seeks to explore the impact which this reshaping of

traditional modes of working has had on workplace interactions and relationships as well as on managing the boundaries between familial and working lives In this way this collection contributes to a wider dialogue concerning the flexibility challenges encountered by white collar workers which is needed now more than ever This book will be relevant to scholars practitioners and policymakers in the fields of gender studies organizational behavior human resources and labor economics It will be particularly useful for those examining the impact of remote work the future of work organizational culture and the social and economic implications of shifting work practices The chapters in this book were originally published in *Culture and Organization* and are accompanied by an updated Introduction and a new Epilogue *Postcolonial Literature* Pramod K. Nayar, 2008 *Religious Diversity Today* Jean-Guy A. Goulet, Liam D. Murphy, Anastasia Panagakos, 2015-12-01 This insightful three volume set examines faith through the social and cultural perspective of anthropology sociology and religious studies shedding light on the role of religion in the human experience Why is human suffering and the existence of evil part of the human experience How does religious doctrine establish one's identity In what ways does religion interact with and shape the social order This thought provoking work ponders these questions and explores the concept of religion from various perspectives as a tool for self and community based spiritual awareness as a set of practices that translates faith into interaction with others and as a cornerstone of society for those who seek to harness or hinder its influence Written in accessible and inviting language each volume focuses on a particular dimension of religion The first book examines religious experience in the modern world and explores suffering in religious faiths the second volume centers around ritual and pilgrimage and the last book analyzes the controversial relationship between religion and societies The content features such thought provoking topics as death and green burials sexuality and sex trade and how and why evil manifests in the human experience
