## What experience do you have in this pharmacy field?

For this question you first need to read and understand the job specification, as this will tell you what experience the interviewer is looking for. Your answer should relate your experience and achievements to that of the job role. Often interviewees will talk about experiences that are not relevant to the job role, this will only lead to the employer becoming uninterested in you.

"I have over 6 years experience as a nursery nurse, in that time I have gain an NVQ Level 2 and 3 in child care. I have worked with children of all ages including groups of children with disabilities. I understand the importance of "health and safety" and "every child matters" and use my creative skills to organise games and activities to teach

Lovett,2014 This book offers a career assessment tool as well as helpful tips on resume preparation interviewing techniques and obtaining an internship Readers gain a real world perspective on pharmacy practice through interviews with over 35 pharmacists from areas such as academia public health and retail pharmacy These insightful testimonials describe practical job responsibilities and offer guidance on finding the right career path **Pharmacy Workforce Support Personnel** Shane P. Desselle ,Kenneth C. Hohmeier,2020-12-10 This book provides research and commentary on pharmacy technicians It demonstrates how the re

design of pharmacy workflow to incorporate more responsibilities for technicians will free up pharmacist time to provide direct patient care. It also highlights that doing so can be accomplished without compromising and often even improving upon patient safety. The book also sheds light on employer needs and on new paradigms in pharmacy technician certification education and training. However, it also demonstrates the need for improvements in this area as well as improvements in pharmacy technician quality of work life, advancement opportunities, and wages. Taken together, the papers in this book demonstrate how the results of recent studies help pave the road for the continued evolution of pharmacy care and the optimal deployment of pharmacy workforce personnel.

**The Pre-registration Interview** Nadia Bukhari, 2007. Pre-registration is the first time that pharmacy students are formally interviewed for their first job after graduation. This book takes students through the whole process, helping undergraduates to make the leap between theory and practice.
