*From Hardtack to Homefries* Barbara Haber, 2010-05-11 Barbara Haber one of America's most respected authorities on the history of food has spent years excavating fascinating stories of the ways in which meals cooked and served by women have shaped American history As any cook knows every meal and every diet has a story whether it relates to presidents and first ladies or to the poorest of urban immigrants *From Hardtack to Home Fries* brings together the best and most inspiring of those stories from the 1840s to the present focusing on a remarkable assembly of little known or forgotten Americans who determined what our country ate during some of its most trying periods Haber's secret weapon is the cookbook She unearths cookbooks and menus from rich and poor urban and rural long past and near present and uses them to answer some fascinating puzzles Why was the food in Franklin and Eleanor Roosevelt's White House so famously bad Were they trying to keep guests away or did they themselves simply lack the taste to realize the truth It turns out that Eleanor's chef wrote a cookbook which solves the mystery How did food lure settlers to the hardship of the American West Englishman Fred Harvey's Harvey Girls tempted them with good food and good women How did cooking keep alive World War II Army and Navy POWs in the Pacific A remarkable cookbook reveals how recollections of home cooking and cooking resourcefulness helped mend bodies and spirits *From Hardtack to Home Fries* uses a light touch to survey a deeply important subject Women's work and women's roles in America's past have not always been easy to recover Barbara Haber shows us that a single ubiquitous ordinary yet extraordinary lens can illuminate a great deal of this other half of our past Haber includes sample recipes and rich photographs bringing the food of bygone eras back to life *From Hardtack to Home Fries* is a feast and a delight

Sweet Treats around the World Timothy G. Roufs, Kathleen Smyth Roufs, 2014-07-29 From apple pie to baklava, cannoli to gulab jamun, sweet treats have universal appeal in countries around the world. This encyclopedia provides a comprehensive look at global dessert culture. Few things represent a culture as well as food. Because sweets are universal foods, they are the perfect basis for a comparative study of the intersection of history, geography, social class, religion, politics and other key aspects of life. With that in mind, this encyclopedia surveys nearly 100 countries, examining their characteristic sweet treats from an anthropological perspective. It offers historical context on what sweets are popular, where and why, and emphasizes the cross-cultural insights those sweets present. The reference opens with an overview of general trends in desserts and sweet treats. Entries organized by country and region describe cultural attributes of local desserts, how and when sweets are enjoyed, and any ingredients that are iconic.

Several popular desserts are discussed within each entry including information on their history their importance and regional cultural variations on preparation An appendix of recipes provides instructions on how to make many of the dishes whether for school projects or general entertaining
