Understanding
Pakistan Mathew Joseph C.,2016-09-13 Understanding Pakistan Emerging Voices from India is the outcome of a national seminar for research scholars on Pakistan organized by the Centre for Pakistan Studies at the MMAJ Academy of International Studies Jamia Millia Islamia New Delhi The aim of the seminar was to explore how young minds in India view Pakistan the quintessential enemy country or the other of India The range of topics included issues related to Pakistan s politics economy popular culture education environment sectarian divide minorities policy towards Jammu Kashmir and

foreign relations The established academic discourse on Pakistan in India is largely dominated by concerns linked to security threats emanating from within Pakistan Due to this overemphasis on security related issues Indian scholarship on Pakistan is considered to be highly subjective and partisan However in this volume most of the young scholars distance themselves from the main thrust of Indian scholarship on Pakistan and provide a fresh perspective on Pakistan which can potentially rupture the established tradition of Indian scholarship on Pakistan Hopefully it will be these scholars who in the near future will be at the forefront of emerging scholarship on Pakistan in India
