Postmodernism in Pieces Matthew Mullins, 2016 Postmodernism in Pieces performs a postmortem on what is perhaps the most contested paradigm in literary studies breaking postmodernism down into its most fundamental orthodoxies and reassembles it piece by piece in light of recent theoretical developments in Actor Network Theory object oriented philosophy new materialism and posthumanism Labour of Laziness in Twentieth-Century American Literature Zuzanna Ladyga, 2019-07-04 This text argues that major twentieth century American writers such as Gertrude Stein Ernest Hemingway John Barth Donald Barthelme and David Foster Wallace provocatively challenge the ethos of productivity by filtering their ethical interventions through culturally stigmatised imagery of laziness Ideology and Aesthetics in American Literature and Arts Jaroslav Kušnír, 2012-01-31 This book includes contributions by African East and West European Asian and North American scholars which deal with and compare ideological and non ideological approaches to the analysis of literary artistic as well as popular works popular music mostly by American authors Most of the essays deal with a way various aspects of American identity are depicted represented treated ideologized and aestheticized in different literary genres forms of art and media The contributions offer multidisciplinary cross cultural and comparative perspectives and represent a diversity of scholarly voices ranging from the general discussion on the relationship between ideology and art Anton Pokriv k ideology and multiculturalism Cristina Garrig's They also give the analysis of poetry Pokriv k Obododima Oha postmodern fiction Pi Hua Ni Cristina Garrig s drama Zoe Detsi Diamanti Csaba Csap as well as the comparative analysis of the depiction of the identity of North American Indians in such different media as literature and film Michal Peprn k In addition to this the book includes the analysis of Black rap music Wojciech Kallas The Bloomsbury Introduction to **Postmodern Realist Fiction** T.V. Reed, 2021-03-25 Postmodern realist fiction uses realism disrupting literary techniques to make interventions into the real social conditions of our time It seeks to capture the complex fragmented nature of contemporary experience while addressing crucial issues like income inequality immigration the climate crisis terrorism ever changing technologies shifting racial sex and gender roles and the rise of new forms of authoritarianism A lucid comprehensive introduction to the genre as well as to a wide variety of voices this book discusses more than forty writers from a diverse range of backgrounds and over several decades with special attention to 21st century novels Writers covered include Kathy Acker Chimamanda Ngozi Adiche Julia Alvarez Sherman Alexie Gloria Anzaldua Margaret Atwood Toni Cade Bambara A S Byatt Octavia Butler Angela Carter Ana Castillo Don DeLillo Junot Diaz Jennifer Egan Awaeki Emezi Mohsin Hamid Jessica Hagedorn Maxine Hong Kingston Ursula K Le Guin Daisy Johnson Bharati Mukherjee Toni Morrison Vladimir Nabokov Tommy Orange Ruth Ozeki Ishmael Reed Eden Robinson Salman Rushdie Jean Rhys Leslie Marmon Silko Art

Spiegelman Kurt Vonnegut and Jeannette Winterson among others Transcending the Postmodern Susana Onega, Jean-Michel Ganteau, 2020-03-04 Transcending the Postmodern The Singular Response of Literature to the Transmodern Paradigm gathers an introduction and ten chapters concerned with the issue of Transmodernity as addressed by and presented in contemporary novels hailing from various parts of the English speaking world Building on the theories of Transmodernity propounded by Rosa Mar a Rodr quez Magda Enrique Dussel Marc Luyckx Ghisi and Irena Ateljevic inter alia it investigates the links between Transmodernity and such categories as Postmodernity Postcolonialism and Transculturalism with a view to help define a new current in contemporary literary production. The chapters either follow the main theoretical drives of the transmodern paradigm or problematise them In so doing they branch out towards various issues that have come to inspire contemporary novelists among which the presence of the past the ascendance of new technologies multiculturalism terrorism and also vulnerability interdependence solidarity and ecology in a globalised context In so doing it interrogates the ethics aesthetics and politics of the contemporary novel in English The Encyclopedia of Contemporary American Fiction, 2 Volumes Patrick O'Donnell, Stephen J. Michael Bérubé, 2016-01-25 A sensitive sensible and compelling account of American education at its best Philadelphia Inquirer Described as one of the 101 Most Dangerous Academics in

America by right wing critic David Horowitz Michael B rub has become a leading liberal voice in the ongoing culture wars This smooth and swift read New Criterion offers a definitive rebuttal of conservative activists most incendiary claims about American universities and in the process makes a supple case for liberalism itself An important polemic as well as a clear eyed occasionally quite humorous account of the joys and frustrations of running a college classroom New York Observer this book is required reading for anyone concerned about the political climate on and off campus Chambers, 2010 Parody The Art That Plays with Art explodes the near universal belief that parody is a copycat genre or that it consists of a collection of trivial and derivative forms Parody is revealed as an ber technique a principal source of innovation and invention in the arts The technique is defined in terms of three major variations that bang bind and blend artistic conventions into contrasting pairings the results of which are upheavals of existing conventions and the formation of unexpected and sometimes startling and revolutionary new configurations Parodic art fashions a galaxy of contrasts and from these stem an illusionistic sense of multiplicity and an array of divergent meanings and interpretive paths This book an extreme departure from existing analyses of parody is nonetheless highly accessible and will be of major interest not only to scholars but to general readers and to professional writers as well Parody The Art That Plays with Art is particularly suited for readers interested in modernism postmodernism meta art criticism satire and irony The Science Fiction Handbook Nick Hubble, Aris Mousoutzanis, 2013-11-28 As we move through the 21st century the importance of science fiction to the study of English Literature is becoming increasingly apparent The Science Fiction Handbook provides a comprehensive guide to the genre and how to study it for students new to the field In particular it provides detailed entries on major writers in the SF field who might be encountered on university level English Literature courses ranging from H G Wells and Philip K Dick to Doris Lessing and Geoff Ryman Other features include an historical timeline sections on key writers critics and critical terms and case studies of both literary and critical works In the later sections of the book the changing nature of the science fiction canon and its growing role in relation to the wider categories of English Literature are discussed in depth introducing the reader to the latest critical thinking on the field War and Semiotics Frank Jacob, 2020-12-28 Wars create their own dynamics especially with regard to images and language The semiotic and semantic codes are redefined according to the need to create an enemy image or in reference to the results of a war that are post event defined as just or reasonable The semiotic systems of wars are central to the discussion of the contributions within this volume which highlight the interrelationship of semiotic systems and their constructions during wars in different periods of history this bridge we call home Gloria Anzaldúa, AnaLouise Keating, 2013-10-18 More than twenty years after the ground breaking anthology This Bridge Called My Back called upon feminists to envision new forms of communities and practices Gloria E Anzald a and AnaLouise Keating have painstakingly assembled a new collection of over eighty original writings that offers a bold new vision of women of color consciousness for the twenty first century Written by women and men both of color and white this

bridgewe call home will challenge readers to rethink existing categories and invent new individual and collective identities Chuck Palahniuk, Parodist David McCracken, 2016-07-12 Chuck Palahniuk America's premier transgressive novelist enjoys a tremendous readership Yet he has not necessarily been embraced by critics or academics His prose is considered vulgar by some but his body of work addresses a core motivation of 21st century life individual self empowerment Palahniuk writes about what it means to be on the outside looking in revising familiar narratives for a contemporary audience to get at the heart of the human condition everyone wants a chance to win his or her fair share no matter the cost In Haunted Snuff Pygmy Tell All Damned and Invisible Monsters Remix he confronts marginalization and disenfranchisement through parodies of various works The Decameron The Inferno Are You There God It s Me Margaret The Elephant Man as well as Hollywood history 1970s karate films and the porn industry This comprehensive study of six novels refutes criticism that Palahniuk s goals are to shock and sensationalize Landscapes of Language: Richard Brautigan's Fiction John Tanner, 2013-10-01 In the late 1960s and early 1970s Richard Brautigan was a counter cultural celebrity a writer that the would be hip just had to read The problem was that his fame did not rest on the considerable literary virtues of his work but to a great extent on a hippie image exemplified by the photograph of him on the cover of his breakthrough novel Trout Fishing in America When nobody wanted tie dye shirts and gurus any more they didn t want Brautigan either Academics have followed the public s lead this is the first book length study of Brautigan in English for 30 years Its purpose is to reclaim Brautigan's reputation Dr John Tanner analyses Brautigan's fiction against the background of the cultural and literary upheavals from which it emerged and demonstrates that Brautigan is no mere Sixties curio but an innovative and vibrant American voice ignored for far too On Anthologies Jeffrey R. Di Leo, 2004-01-01 Over the course of the past twenty five years anthologies have shifted long from playing a relatively minor role in academic culture to a position of dominance The essays in this collection explore the significant intellectual economic political pedagogical and creative resonance of anthologies through all levels of academic life They show that anthologies have consequences and are grounded in commitments Striving to articulate these consequences and commitments is a priority in higher education today Most of the contributors to this volume are editors of anthologies and they draw on personal experiences to provide a rare glimpse into the economics and logic of anthology publication Their essays illustrate the ways in which editing an anthology involves negotiation and compromise between intellectual ideal and realistic practice On Anthologies includes discussion of a wide range of anthologies used and produced by teachers and scholars Though the emphasis is on literature and theory anthologies the insights in this volume speak to professionals in all areas of academic life Collectively these essays establish the foundation for continuing critical analysis of anthology production and consumption in all disciplines Gridded Worlds: An Urban Anthology Reuben Rose-Redwood, Liora Bigon, 2018-05-02 This book is the first edited collection to bring together classic and contemporary writings on the urban grid in a single volume The contributions showcased in this book examine the spatial histories of the

grid from multiple perspectives in a variety of urban contexts They explore the grid as both an indigenous urban form and a colonial imposition a symbol of Confucian ideals and a spatial manifestation of the Protestant ethic a replicable model for real estate speculation within capitalist societies and a spatial framework for the design of socialist cities By examining the entangled histories of the grid Gridded Worlds considers the variegated associations of gridded urban space with different political ideologies economic systems and cosmological orientations in comparative historical perspective In doing so this interdisciplinary anthology seeks to inspire new avenues of research on the past present and future of the gridded worlds of urban life Gridded Worlds is primarily tailored to scholars working in the fields of urban history world history urban historical geography architectural history urban design and the history of urban planning and it will also be of interest to art historians area studies scholars and the urban studies community more generally **Literary Research and American Postmodernism** Emily Witsell, 2016-07-18 Literary Research and American Postmodernism is a guide to scholarly research in the field of American postmodern literature which this volume defines as the period between 1950 and 1990 This work aims to provide advanced undergraduate students graduate students and scholars of literature with a comprehensive view of the print and online resources available in literature and related subject areas The volume offers best practices for research especially for the challenges inherent to the field of American postmodernism and provides scholars with a path toward success in their research endeavors. The opening chapters describe the state of academic research in the literary field and how to formulate an appropriate research topic develop keywords and use advanced search techniques to improve search results One chapter is devoted to how to navigate library catalogs read a catalog record and locate materials in libraries worldwide Subsequent chapters describe general reference resources print and electronic bibliographies and scholarly journals that focus on literature in the second half of the twentieth century. The author identifies resources for locating the book reviews and historical magazines and newspapers that can offer insight into the history of particular author s publications The unique challenges and promises of archival research are outlined along with tips for getting the most out of a trip to a special collections library to perform primary research Web resources and techniques for finding scholarly resources on the Internet are addressed in addition to subscription based or library owned materials The final chapter synthesizes the information described in the previous chapters by taking the reader through a real life research question and demonstrating how a scholar might locate resources on a difficult topic An appendix of resources in related fields suggests additional directions the researcher might explore How Literary Worlds Are Shaped Bo Pettersson, 2016-09-12 Literary studies still lack an extensive comparative analysis of different kinds of literature including ancient and non Western How Literary Worlds Are Shaped A Comparative Poetics of Literary Imagination aims to provide such a study Literature it claims is based on individual and shared human imagination which creates literary worlds that blend the real and the fantastic mimesis and genre often modulated by different kinds of unreliability. The main building blocks of literary worlds are their

oral visual and written modes and three themes challenge perception and relation They are blended and inflected in different ways by combinations of narratives and figures indirection thwarted aspirations meta usages hypothetical action as well as hierarchies and blends of genres and text types Moreover literary worlds are not only constructed by humans but also shape their lives and reinforce their sense of wonder Finally ten reasons are given in order to show how this comparative view can be of use in literary studies In sum How Literary Worlds Are Shaped is the first study to present a wide ranging and detailed comparative account of the makings of literary worlds Representations of Technoculture in Don DeLillo's Novels Laila Sougri, 2023-09-04 This book is the first to explore technoculture in all of Don DeLillo s novels From Americana 1971 to The Silence 2020 the American author anatomizes the constantly changing relationship between culture and technology in overt and layered aspects of the characters experiences Through a tendency to discover and rediscover technocultural modes of appearance DeLillo emphasizes settings wherein technological progress is implicated in cultural imperatives This study brings forth representations of such implication interaction through various themes particularly perception history reality space architecture information and the posthuman The chapters are based on a thematic structure that weaves DeLillo s novels with the rich literary criticism produced on the author and with the various theoretical frameworks of technoculture This leads to the formulation and elaboration on numerous objects of research extracted from DeLillo's novels namely the theorization of DeLillo's radiance in dailiness the investigation of various uses of technology as an extension the role of image technologies in redefining history the reconceptualization of the ethical and behavioral aspects of reality the development of tele visual and embodied perceptions in various technocultural spaces and the involvement of information technologies in reconstructing the beliefs behaviors and activities of the posthuman One of the main aims of the study is to show how DeLillo s novels bring to light the constant transformation of technocultural everydayness It is argued that though such transformation is confusing or resisted at times it points to a transitional mode of being This transitional state does not dehumanize DeLillo's characters it reveals their humanity in a continually changing world The Aesthetics of Middlebrow Fiction Tom Perrin, 2015-08-05 During the Cold War many popular American novels were labelled middlebrow leading to a general belief that these texts held less intellectual merit Perrin debunks these unfair assumptions through works by James Michener Harper Lee and Leon Uris arguing that such writers made a major contribution to the tradition of American literature
