Ice By Anna Kavan:

Ice Anna Kavan, 2025-04-29 This dystopian science fiction classic details the hallucinatory hunt for a white haired girl through a frozen post apocalyptic landscape A haunting story of sexual assault and climate catastrophe decades ahead of its time The New Yorker A strange and compelling classic of dystopian and climate fiction one that with foreboding and deep compassion maps the psyche and the terrain of dislocation Jeff VanderMeer Anticipating climate fiction and the New Weird literary genre while garnering fans from Doris Lessing and J G Ballard to China Mi ville and Patti Smith since it was first published in 1967 this fantasia about predatory male sexual behavior during an apocalyptic climate catastrophe reads as though author Anna Kavan had seen the future Ice is slowly covering the entire globe as the glacial tide creeps forward the fabric of society begins to break down Through this chaotic landscape a nameless narrator hunts for the white haired girl he once loved or perhaps wishes to annihilate Battling a powerful enemy known only as the Warden he travels through nightmarish and ever shifting scenes where the object of his obsession remains constantly just out of reach She is guarded by the Warden and by a cruel older woman who wishes her ill but each time the narrator seems poised to rescue her the encroaching ice wreaks violence on her fragile body or his own base nature sends him hurtling onward in his kaleidoscopic pursuit Again and again the girl appears but inevitably she eludes him This dystopian classic the last book Anna Kavan published in her lifetime renders her apocalyptic vision of environmental devastation and possessive violence in unforgettable propulsive oneiric prose

Ice Helen (Woods) Edmonds, 1970 *Ice, Novel [by] Anna Kavan* Helen (Woods) Edmonds, 1967

Avenging Nature Eduardo Valls Oyarzun, Rebeca Gualberto Valverde, Noelia Malla Garcia, María Colom Jiménez, Rebeca Cordero Sánchez, 2020-09-28 Nature thou art my goddess Edmund s bold assertion in King Lear could easily inspire and at the same time function as a lamentation of the inadequate respect of nature in culture In this volume international experts provide multidisciplinary exploration of the insubordinate representations of nature in modern and contemporary literature and art The work foregrounds the need to reassess how nature is already and has been for a while striking back against human domination From the perspective of literary studies art history media studies ethics and philosophy and ethnology and anthropology Avenging Nature highlights the need of assessing insurgent discourses that converging with counter discourses of race gender or class realize the empowerment of nature from its subaltern position Acknowledging the argument that cultural representations of nature establish a relationship of domination and exploitation of human discourse over nonhuman reality and that in consequence our regard for nature as humanist critics is instrumental and anthropocentric the present volume advocates for the view that the time has come to finally perceive nature s vengeance and to critically probe into nature s ongoing revenge against the exploitation of culture

Ice Anna Kavan, 2017-09-28 In a frozen apocalyptic landscape destruction abounds great walls of ice overrun the world and secretive governments vie for control Against this surreal yet eerily familiar broken world an unnamed narrator embarks on a hallucinatory quest for a

strange and elusive glass girl with silver hair He crosses icy seas and frozen plains searching ruined towns and ransacked rooms all to free her from the grips of a tyrant known only as the warden and save her before the ice closes all around A novel unlike any other Ice is at once a dystopian adventure shattering the conventions of science fiction a prescient warning of climate change and totalitarianism a feminist exploration of violence and trauma a Kafkaesque literary dreamscape and a brilliant allegory for its author's struggles with addiction all crystallized in prose as glittering as the piling snow Acclaimed upon its publication as one of the best science fiction books of the year Kavan's 1967 novel has built a reputation as an extraordinary and innovative work of literature garnering acclaim from China Mieville Patti Smith J G Ballard Anais Nin and Doris Lessing among others With echoes of dystopian classics like Ursula Le Guin's The Lathe of Heaven Kurt Vonnegut's Cat's Cradle and J G Ballard's High Rise Ice is a necessary and unforgettable addition to the canon of science fiction classics

British Experimental Women's Fiction, 1945—1975 Andrew Radford, Hannah Van Hove, 2021-08-23 This book scrutinizes a range of relatively overlooked post WWII British women writers who sought to demonstrate that narrative prose fiction offered rich possibilities for aesthetic innovation What unites all the primary authors in this volume is a commitment to challenging the tenets of British mimetic realism as a literary and historical phenomenon This collection reassesses how British female novelists operated in relation to transnational vanguard networking clusters debates and tendencies both political and artistic The chapters collected in this volume enquire for example whether there is something fundamentally different or politically dissident about female experimental procedures and perspectives This book also investigates the processes of canon formation asking why in one way or another these authors have been sidelined or misconstrued by recent scholarship Ultimately it seeks to refine a new research archive on mid century British fiction by female novelists at least as diverse as recent and longer established work in the domain of modernist studies

British Avant-Garde Fiction of the 1960s Mitchell Kaye Mitchell, 2019-01-22 Explores the trailblazing work of the British literary avant garde of the 1960s This collection showcases the liveliness of British avant garde fiction of the 1960s which is diverse in its aesthetic practices and sometimes divided in its politics It brings together a selection of original research led essays on more than a dozen avant garde British writers of the 1960s revealing this to be a crucial and crucially overlooked period of British literary history Via detailed readings of authors such as Ann Quin B S Johnson Alexander Trocchi Maureen Duffy Alan Burns Christine Brooke Rose and many others the contributors reveal the diversity of material produced

in this period and trace the complex relations of influence and indebtedness between the 60s avant garde earlier modernisms and later postmodern writing The volume shows that the 1960s is an even more vibrant period of literary experiment in Britain than might previously have been supposed and that the avant garde fiction produced then rewards our renewed attention to it Key Features Provides much needed critical analyses of the work of 60s avant garde writers Offers focused essays each presents one author in their cultural critical historical contexts by experts in the field Recuperates a lost decade in British literature and thus fills a vital gap in literary history between late modernism and early postmodernism Responds to burgeoning critical and popular interest in authors such as Christine Brooke Rose Ann Quin and B S Johnson and to a widespread interest in experimental and innovative writing more generally
