Digesting Femininities Natalie Jovanovski, 2017-07-18 This volume addresses how the rhetoric of feminist empowerment has been combined with mainstream representations of food thus creating a cultural consciousness around food and eating that is unmistakably pathological. Throughout Natalie Jovanovski discusses key texts written by women for women best selling diet books popular cookbooks produced by female food celebrities and iconic feminist self help texts. This is the first book to engage in a feminist analysis of body policing food trends that focus specifically on the use of feminist rhetoric as a harmful aspect of food culture. There is a smorgasbord of seemingly diverse gender roles for women to choose from but many encourage breaking gender norms and embracing a love of food while perpetuating old narratives of guilt and restraint. *Digesting Femininities* problematizes the gendering of food and eating and challenges the reader to imagine what a genderless and emancipatory food culture would look like. **Game Plan** Warren E.
