Memorize The Guitar Fretboard Expanded Edition :

Memorize the Guitar FretBoard John C. Boukis,2015-05-22 Are you looking for an approachable book to learn the notes on guitar and also learn how to begin reading music You have found it Memorize The Guitar Fretboard is the ABCs of the guitar Have you been unable to learn the notes well after spending a great deal of time using memorization techniques Have you learned chord patterns and scale patterns as you were told but still you are missing the fundamental musical relationships Do you suspect that there is very simple material that can break down learning the fretboard into rudimentary steps and explain guitar music on the music staff You have just found your solution This book breaks down the fretboard into its simplest form and does not making any assumptions about your knowledge As you play along you are shown the notes in standard music notation on the music staff right along with the easy to understand tablature Not only will you learn the notes but you will begin to read music The music terminology is covered in detail including explanations of concert pitch where the guitar range sits on the music staff and how guitar music is typically transposed Interval theory is covered in depth helping you understand how the entire neck consists of the movable fundamental music patterns The book is packed full of big bold graphics of the fretboard and music notation to show you exactly what you need to know to move forward successfully in your guitar playing
